MINI PROJECTOR USER MANUAL - Remarks and Information

Remarks

Notice: please read the manual carefully before operating projector.

1. To ensure stable power supply, please use standard power cord which has ground wire.

2. Please use the power supply and cable indicated on the projector or the manual.

3. The projector should be kept away from cloth, sofa or anything that may block the ventilation scoop. And keep way from flammable and explosive materials.

4. Please do not disassemble by yourself, otherwise we will not provide free warranty service.

5. To protect your eye, do not watch directly at the lens when projector working.

6. The projector should be kept away from water or water splash, and the product shall not be placed around vases, cups and other liquid items.

7. To prevent electric shock, please don't put the projector under the rain or moisture.

8. We strongly suggest you power off projector when playing for 6 or more hours at a time.

9. Please use the original foam and other cushioning materials when transport projector.

10. If the projector does not work, please contact the retailer for additional troubleshooting.
