**INFORMATION (For U.S.A.)**

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
 – Reorient or relocate the receiving antenna.
 – Increase the separation between the equipment and receiver.
 – Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
 – Consult the dealer or an experienced radio/TV technician for help.

---

**Caution:**

Changes or modifications not approved by JVC could void the user's authority to operate the equipment.

## WARNINGS: (To prevent accidents and damage)

• DO NOT install any unit or wire any cable in a location where;
 – it may obstruct the steering wheel and gearshift lever operations.
 – it may obstruct the operation of safety devices such as air bags.
 – it may obstruct visibility.

• DO NOT operate the unit while driving.
If you need to operate the unit while driving, be sure to look around carefully.
• The driver must not watch the monitor while driving.
• The driver must not put on the headphones while driving.

[European Union only]

## Cautions on the monitor:

- The monitor built in this unit has been produced with high precision, but it may have some ineffective dots. This is inevitable and is not considered defective.
- Do not expose the monitor to direct sunlight.
- Do not operate the touch panel using a ball-point pen or similar tool with the sharp tip.
  Touch the buttons on the touch panel with your finger directly (if you are wearing a glove, take it off).
- When the temperature is very cold or very hot...
  - Chemical changes occur inside, causing malfunction.
  - Pictures may not appear clearly or may move slowly. Pictures may not be synchronized with the sound or picture quality may decline in such environments.

## For safety...

- Do not raise the volume level too much, as this will make driving dangerous by blocking outside sounds, and may cause hearing loss.
- Stop the car before performing any complicated operations.

## Temperature inside the car...

If you have parked the car for a long time in hot or cold weather, wait until the temperature in the car becomes normal before operating the unit.

ENGLISH

## Caution

## When an FM stereo broadcast is hard to receive...

Activate monaural mode for better reception.

**1**

**2**

| **On** | Activate monaural mode to improve FM reception, but stereo effect will be lost. The MO indicator lights up. |
|---|---|
| **Off** | Restore the stereo effect. |

## To tune in FM stations only with strong signals—LO/DX (Local/Distance-extreme)

**1**

**2**

| **Local** | Select this to tune in only to stations with sufficient signal strength. The LO indicator lights up. |
|---|---|
| **DX** | Deactivate the function. The DX indicator lights up. |

## When the FM reception is interfered...

**1**

**2**

| **Auto** | Increases the tuner selectivity to reduce interference noises between adjacent stations. (Stereo effect may be lost.) |
|---|---|
| **Wide** | Subject to the interference from adjacent stations, but sound quality will not be degraded and the stereo effect will remain. |

## ■ Changing the tuner channel interval

Tuner channel interval changes depending on the area you use this unit.

**1**

**2**

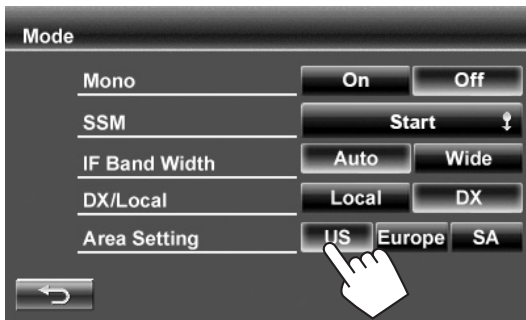

| US | Select this when using in North/Central/South America. FM/AM intervals are set to 200 kHz/10 kHz. |
|---|---|
| Europe | Select this when using in any other areas. FM/AM intervals are set to 50 kHz/9 kHz. |
| SA | Select this when using in South American countries where FM interval is 50 kHz. AM interval is set to 10 kHz. |

• Initial setting is <**US**> for KW-ADV794/KW-AVX740/KW-AVX640, and <**SA**> for KW-AVX748.

## ■ Storing stations in memory

You can preset six stations for each band.

### Automatic presetting—SSM (Strong-station Sequential Memory) (For FM only)

**1**

**2**

Local stations with the strongest signals are searched and stored automatically.

### Manual presetting

**1 Tune in to a station you want to preset.**
(☞ page 13)

**2 Select a preset number.**

The station selected in step **1** is stored.

## ◻ Selecting a preset station

Also changes preset stations
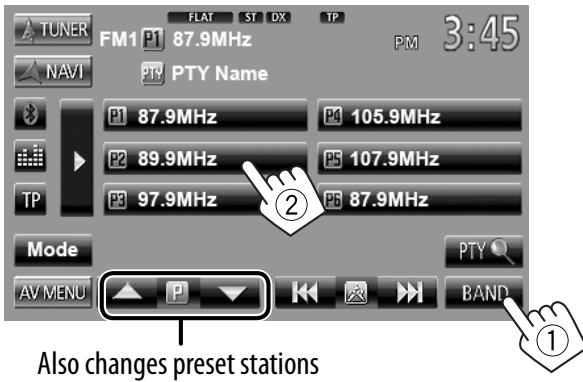

> The following features are available only for FM RBDS stations.

## ◻ Searching for FM RBDS program— PTY Search

You can search for your favorite programs being broadcast by selecting the PTY code for your favorite programs.

**1**

## 2 Select a PTY code.

Changes the page

PTY Search starts.
If there is a station broadcasting a program of the same PTY code as you have selected, that station is tuned in.

## ◻ Activating/deactivating TA Standby Reception
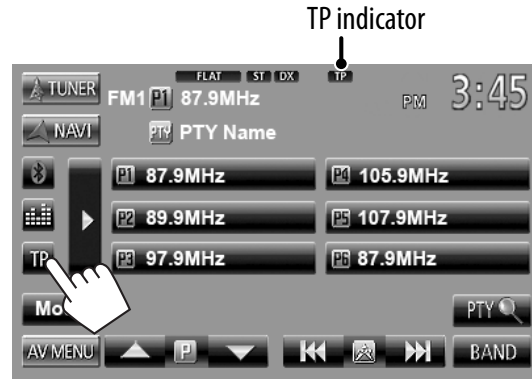

TP indicator

| TP indicator | TA Standby Reception |
|---|---|
| Lights up | The unit will temporarily switch to Traffic Announcement (TA) if available. |
| Flashes | Not yet activated. Tune in to another station providing the RBDS signals. |
| Goes off | Deactivated. |

• The volume adjustment for Traffic Announcement is automatically memorized. The next time the unit switches to Traffic Announcement, the volume is set to the previous level.

# Disc operations

## Playing a disc

- If a disc does not have any disc menu, all tracks on it will be played repeatedly until you change the source or eject the disc.

### ▧ Inserting a disc

Label side
The source changes to "**DISC**" and playback starts.
- The DISC IN indicator lights up while a disc is inserted.

---

- If "⊘" appears on the screen, the unit cannot accept the operation you have tried to do.
  – In some cases, without showing "⊘," operations will not be accepted.
- When playing back a multi-channel encoded disc, the multi-channel signals are downmixed to stereo.

---

### ▧ To eject a disc

- You can eject a disc when playing another AV source.
- If the ejected disc is not removed within 15 seconds, the disc is automatically inserted again into the loading slot to protect it from dust.
- If the disc cannot be ejected, ☞ page 3.

**When removing a disc,** pull it horizontally.

### ▧ To prohibit disc ejection

SRC

\+

(Hold)　　　　　　　　　(Hold)

NO EJECT?

EMERGENCY EJ
**To cancel the prohibition**, repeat the same procedure to select <**EJECT OK?**>.

## Playing a USB device

- This unit can play JPEG/MPEG1/MPEG2*/MP3/WMA/WAV files stored in USB mass storage class device.
- This unit can recognize a total of 5 000 files and 250 folders (a maximum of 999 files per folder).
- Make sure all important data has been backed up to avoid losing the data.

*   *Except for MPEG2 files recorded by JVC Everio camcorder (extension code <.mod>).*

### ▨ Connecting a USB device

You can connect a USB mass storage class device such as a USB memory, Digital Audio Player etc. to the unit.
- You cannot connect a computer or portable HDD to the USB cable from the rear of the unit.

USB cable from the rear of the unit
The source changes to "**USB**" and playback starts.
- All tracks in the USB device will be played repeatedly until you change the source.

### Cautions:
- This unit may not play back files in a USB device properly when using a USB extension cord.
- USB devices equipped with special functions such as data security functions cannot be used with the unit.
- Do not use a USB device with 2 or more partitions.
- Depending on the shape of the USB devices and connection ports, some USB devices may not be attached properly or the connection might be loose.
- This unit cannot recognize a USB device whose rating is other than 5 V and exceeds 1 A.
- This unit may not recognize a memory card inserted into the USB card reader.
- Connect only one USB device to the unit at a time. Do not use a USB hub.
- When connecting with a USB cable, use the USB 2.0 cable.
- The maximum number of characters for (when the characters are 1 byte):
  – Folder names : 50 characters
  – File names : 50 characters
- Avoid using the USB device if it might effect driving safety.
- Do not pull out and attach the USB device repeatedly while "Now Reading" is shown on the screen.
- Electrostatic shock at connecting a USB device may cause abnormal playback of the device. In this case, disconnect the USB device then reset this unit and the USB device.
- Operation and power supply may not work as intended for some USB devices.
- Do not leave a USB device in the car, expose to direct sunlight, or high temperature to avoid deformation or cause damaging to the device.

**To display the source control screen** (☞ below)
- The operation buttons disappear by touching the screen or when no operation is done for about 5 seconds.

# Listening to the satellite radio (Only for KW-ADV794/KW-AVX740/KW-AVX640)

Before operating, connect either one of the following (not supplied) to the expansion port on the rear of the unit.

| To listen to the SIRIUS Satellite radio | SCC1 and KS-SRA100 |
|---|---|
| | D&P, SCVDOC1 and KS-SRA100 |
| To listen to the XM Satellite radio | JVC Smart Digital Adapter—XMDJVC100 |
| | CNP2000UCA and CNPJVC1 |

## Activating subscription

### For SIRIUS Radio

**1** **Select "SAT" as the source.** (☞ page 12)
The SIRIUS Satellite radio starts updating all the SIRIUS channels. (See "Channel Updates—SIRIUS/XM" below.)
- Once completed, SIRIUS Satellite radio tunes in to the Preview Channel.

**2** **Press [Mode] to display SIRIUS ID.**

**3** **Contact SIRIUS on the internet at <http://activate.siriusradio.com/> to activate your subscription, or you can call SIRIUS toll-free at 1-888-539-SIRIUS (7474).**
"Subscription updated Press any key to continue" appears on the screen once subscription has been completed.

### For XM Radio

**1** **Select "SAT" as the source.** (☞ page 12)
XM Tuner* starts updating all the XM channels. "Channel 1" is tuned in automatically.
(See "Channel Updates—SIRIUS/XM" below.)

**2** **Check your XM Satellite Radio ID labelled on the casing of the XM Tuner, or tune in to "Channel 0."**
The 8-digit (alphanumeric) ID number is displayed on the screen.
**To cancel the ID number display,** select any channel other than "0."

**3** **Contact XM Satellite radio on the internet at <www.xmradio.com> and click on "Activate Radio," or you can call 1-800-XM-RADIO (1-800-967-2346).**
Once activated, the unit can then be tuned to one of the available channels.

\* *XM Tuner: XMDirect™ Tuner Box or XMDirect2 Tuner System*

---

### Channel Updates—SIRIUS/XM

- If channels are updated after subscription, updating starts automatically, and no sound can be heard:
  – For SIRIUS Satellite radio: "UPDATING" appears.
  – For XM Satellite radio: "UPDATING" (when XMDJVC100 is connected) or "UNAUTH" (when CNP2000UCA and CNPJVC1 are connected) appears.
- Update takes a few minutes to complete.
- Do not press any buttons or perform any operations until updating is completed.

# Listening to the HD Radio™ broadcast

## (Only for KW-ADV794/KW-AVX740/KW-AVX640)

Before operating, connect HD Radio tuner box, KT-HD300 (separately purchased) to the expansion port on the rear of the unit.

### What is HD Radio Technology?

HD Radio Technology can deliver high-quality digital sound—AM digital will have FM-like quality (in stereo) and FM digital will have CD-like quality—with static-free and clear reception. Furthermore, stations can offer text and data, such as artist names and song titles.

- When the HD Radio tuner box is connected, it can also receive conventional analog broadcasts.
- Many HD Radio stations also offer more than one channel of programming. This service is called multicasting.
- To find HD Radio stations in your area, visit www.hdradio.com <http://www.hdradio.com/>.

| [**BAND**] | Selects the band.<br>FM1 → FM2 → FM3 → AM | [▲] P [▼] | Selects a preset station. |

# Using a rear view camera

- To use a rear view camera, the REVERSE GEAR SIGNAL lead connection is required. For connecting a rear view camera, see the Installation/Connection Manual.

## ▎ Activating the rear view camera

**1** On <**AV Menu**>:

**2**

**To deactivate,** select <**Off**>.

## ▎ Displaying the picture from the rear view camera

The rear view screen is displayed when you shift the gear to the reverse (R) position.

- For KW-ADV794/KW-AVX740/KW-AVX640: To erase the caution message, touch the screen.

### To display the picture from the rear view camera manually

On <**AV Menu**>:

When displaying the picture from the rear view camera manually, you can change the setting of the picture. (☞ page 40)

**To cancel the rear view screen**, press MENU/DISP OFF to display <**AV Menu**>, then press [**AV**].

# Setting menu items

• You cannot change <**Audio**> settings (except <**Amplifier Gain**>) when the AV source is turned off.

| Menu item | | Selectable setting/item                                    Initial: **Underlined** |
|---|---|---|
| **Audio** | **Fader/Balance**  | **Fader** : Adjust the front and rear speaker output balance. <br>◆ **F6** to **R6**; Initial **0** <br>• When using a two-speaker system, set the fader to the center (**0**). <br>**Balance** : Adjust the left and right speaker output balance. <br>◆ **L6** to **R6**; Initial **0** <br>Press [▲/▼/◄/►] or drag [⊕] to adjust. <br>• To clear the adjustment, press [**Center**]. |
| | **Equalizer** | Change the sound mode or adjust and store the equalization for each source. (☞ page 36) <br>◆ **Flat/Natural/Dynamic/Vocal Boost/Bass Boost/Vibrant/User** |
| | **Loudness** | You can activate/deactivate the loudness function. <br>◆ **Off**        : Cancels. <br>◆ **On**        : Boost low and high frequencies to produce a well-balanced sound at a low volume level. |
| | **Crossover** | Adjust the cross over frequency. (☞ page 37) |
| | **Volume Adjust** | Adjust and store the auto-adjustment volume level for each source. (For discs, the adjustment is stored for each of the following categories: DVD/DVD-VR, VCD/CD, and DivX/MPEG1/MPEG2/MP3/WMA/WAV.) The volume level will automatically increase or decrease when you change the source. <br>◆ **−15** to **+06**; Initial **00** |
| | **Amplifier Gain***  | You can change the maximum volume level of this unit. <br>◆ **High**    : VOL 00 to 50 <br>◆ **Low**     : VOL 00 to 30 <br>              (Select this if the peak power of the speakers is less than 50 W.) <br>◆ **Off**      : Deactivates the built-in amplifier <br>• If you change this setting from <**High**>/<**Off**> to <**Low**> while the volume level is set higher than the maximum level of <**Low**>, the unit automatically lowers the volume level to "VOL 30"). |

\* *You can change the setting only when the AV source is turned off.*

# BLUETOOTH OPERATIONS

## Information for using Bluetooth® devices

- While driving, do not perform complicated operation such as dialing the numbers, using phone book, etc. When you perform these operations, stop your car in a safe place.
- Some Bluetooth devices may not be connected to this unit depending on the Bluetooth version of the device.
- This unit may not work for some Bluetooth devices.
- Connecting condition may vary depending on circumstances around you.
- When the unit is turned off, the device is disconnected.

**Bluetooth Information:** If you wish to receive more information about Bluetooth, visit the following JVC web site: <http://www.jvc.co.jp/english/car/> (English website only)

## Bluetooth operations for KW-ADV794/KW-AVX748/KW-AVX740

**Bluetooth**®

Bluetooth is a short-range wireless radio communication technology for the mobile device such as mobile phones, portable PCs, and other devices. The Bluetooth devices can be connected without cables and communicate with each other.
- Refer to pages i and ii at the end of manual to check the countries where may use the Bluetooth® function.

### Bluetooth profile

This unit supports the following Bluetooth profiles;
- HFP (Hands-Free Profile) 1.5
- OPP (Object Push Profile) 1.1
- A2DP (Advanced Audio Distribution Profile) 1.2
- AVRCP (Audio/Video Remote Control Profile) 1.3
- PBAP (Phonebook Access Profile) 1.0

When shipped from the factory, the Bluetooth adapter (KS-UBT1) is inserted.
Bluetooth adapter (KS-UBT1)

- Keep the Bluetooth adapter inserted when using the Bluetooth function.
- This port is designed for the use with KS-UBT1 only. Other Bluetooth adapters or USB devices cannot be used.

# Connecting Bluetooth devices

## ◻ Connecting a new Bluetooth device for the first time

When you connect a Bluetooth device to the unit for the first time, make pairing between the unit and the device. Pairing allows Bluetooth devices to communicate each other.

To make pairing, you may need to enter the PIN (Personal Identification Number) code of your Bluetooth device you want to connect.

- Once the connection is established, it is registered in the unit even if you reset the unit. Up to 5 devices can be registered in total.
- Only one device for Bluetooth phone and one for Bluetooth audio can be connected at a time.
- To use the Bluetooth function, you need to turn on Bluetooth function of the device.

**1** **Display the Bluetooth setting screen.**
On <**AV Menu**>:

Mobile phone
Audio player

**For connecting a Bluetooth mobile phone**

The phone setting screen is displayed.

**For connecting a Bluetooth audio player**

<**Mode**> is displayed.

**2** **Change the PIN code.**
- If you skip changing PIN code, go to step **3**.

PIN code (initial: 0000)

Deletes last character

**3**

**4**

Cancel
**5** **Operate the Bluetooth device to connect.**
"Connected" appears. Press [**OK**] to confirm the operation.
Now connection is established and you can use the Bluetooth device through the unit.

## Connecting/disconnecting a registered Bluetooth device

**1  Display the Bluetooth setting screen.**

(☞ page 49)
- For Bluetooth mobile phone: Phone setting screen
- For Bluetooth audio player: <**Mode**>

**2  To connect**

| Connection | Connect | Disconnect |
|---|---|---|
| PIN Code | | |
| Device Name | JVC Unit | |
Select the device you want to connect.

**Connect Device**

| 📱 Phone 1 |
| 📱 Phone 2 |
| New Device |
| |
| |

Delete
"Connected" appears. Press [**OK**] to confirm the operation.
- All registered devices (mobile phone and audio player) are listed on <**Connect Device**>.
  – Selectable items depend on the device you are operating.
- When a mobile phone is connected, holding [ 📱 ] on the source control screen switches between the last connected mobile phone and current one.

**To disconnect**

| Connection | Connect | Disconnect |
|---|---|---|
| PIN Code | 0000 | |
| Device Name | JVC Unit | |

A confirmation message appears. Press [**Yes**].

## Deleting a registered Bluetooth device

**1  On <Connect Device> (☞ Step 2 on the left column):**

| 📱 Phone 5 |
|---|

Delete

**2  Select a device to delete the registration.**

**Delete Device**

| Phone 1 |
| Phone 2 |
| Phone 3 |
Confirmation message appears. Press [**Yes**].

---

**To detach the Bluetooth adapter**

"JVC"
- Store the Bluetooth adapter in the supplied bag.
- When inserting the Bluetooth adapter again, insert it firmly with the JVC logo facing up.

# Using the Bluetooth mobile phone

## ■ Receiving a call

When a call comes in/making a call...

Status of the device/Battery reminder (only when the information comes from the device)

Call information (if acquired)

Ends/rejects the call
- Phone operation is not available while the picture from the rear view camera is displayed. (☞ page 42)

### When <Auto Answer> is set to <On>

The unit answers the incoming call automatically. (☞ page 56)

## ■ Adjusting the volume of microphone

While talking...

Adjusts the microphone volume
- This adjustment does not affect the volume level of the other sources.
- To adjust the volume of calls/earpiece, turn the volume adjustment knob.

## ■ Switching between handsfree mode and phone mode

While talking...
Each time you press the button, the talking method is switched ( ← : handsfree mode / → : phone mode).

## ■ Checking SMS reception

If the mobile phone is compatible with SMS (Short Message Service), the unit tells you a message has been received.

- The ring tone sounds only when the sorce is "**BT Audio**."

> To read a received message, operate the mobile phone after stopping the car in a safe place.
> - You cannot read, edit, or send a message through the unit.

## ◼ Making a call

**1**  On the source control screen:

- You can also display the phone control screen by pressing [🔲 **Phone**] on <**AV Menu**>.

**2  Select a method to make a call.**

Direct number entry (☞ below)

Preset list/call lists/phone book (☞ the right column)

Preset list (For presetting, ☞ page 53)

Voice dialing (☞ the right column)

## Direct number entry

Deletes last character

Presets the entered phone number on the preset list (☞ page 53)

*Hold*: Adds "+"

- You can enter up to 32 numbers.

## Using the preset list/phone book/call lists

**1**

| Preset | From preset list |
|---|---|
| 🔲→ | From dialled call list. |
| 🔲← | From received call list. |
| 🔲 | From missed call list. |
| 📇 | From phone book. <br> • For copying the phone book, ☞ page 53. |

**2**

## Voice Dialing

- Available only when the connected mobile phone has the voice recognition system.

Speak the name you want to call.

- **To cancel,** press [**Cancel**].

## ◼ Presetting the phone numbers

You can preset up to 6 phone numbers.

**1**  On the source control screen:

**2**  **Select an item from phone book/call lists.**

**3**  **Select a phone number.**

**4**  **Select a preset number to store.**

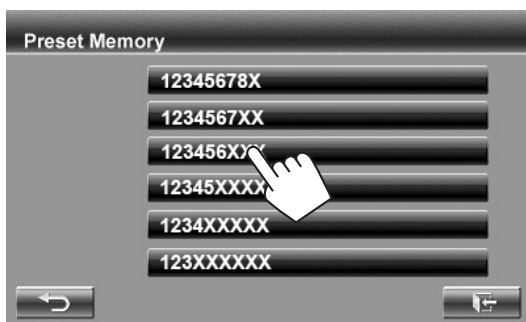

• You can also preset a phone number entered on the direct number entry screen by pressing [**Save**]. (☞ page 52)

## ◼ Copying the phone book

You can copy the phone book memory of a mobile phone into the unit (up to 400 memories).

**1**  On the source control screen:

**2**

PIN code (initial: 0000)

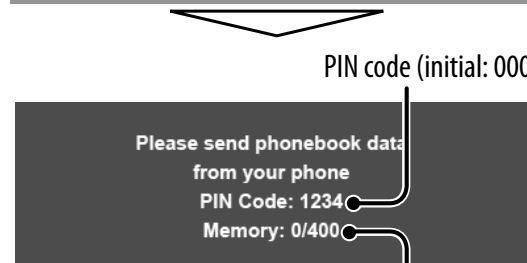

Numbers of the phone book memories copied

**3**  **Operate the target mobile phone.**
   • Refer to the instruction manual supplied with your mobile phone.
   • **To cancel the transfer,** press [**Finish**].

**4**  **Finish the procedure.**

The phone book memory is copied from the mobile phone.

### ■ Deleting the phone number memory in the unit

**1** **Display the preset list/phone book/call list you want to delete.** (☞ page 52)

**2**

- You cannot delete data when <**Phone**> is selected.

**3** **Select the item you want to delete.**

Delete all the numbers/names in the selected item

A confirmation message appears. Press [**Yes**].

### ■ About mobile phone compatible with Phone Book Access Profile (PBAP)

If your mobile phone supports PBAP, the phone book and call lists are automatically copied to the unit when the mobile phone is connected.

- Phone book: up to 5 000 entries
- Dialled calls, received calls, and missed calls: up to 50 entries each

## To display the phonebook/call lists of the mobile phone or the unit

# Bluetooth operations for KW-AVX640

For Bluetooth operations, it is required to connect the Bluetooth adapter, KS-BTA100 (separately purchased) to the LINE IN terminals on the rear of the unit. (☞ the Installation/Connection Manual)

* KS-BTA100 is not available in some countries. Please contact your dealer where you purchased this unit.
* For details, refer also to the instructions supplied with the Bluetooth adapter and the Bluetooth device.
* Operations may be different according to the connected device.

## ▣ Preparation

**1 Register (pair) a Bluetooth device with KS-BTA100.**
   * Refer to the instructions manual supplied with KS-BTA100.

**2 Select <BT> for <Audio Input> setting.** (☞ page 45)

## Using the Bluetooth mobile phone

| KS-BTA100 | | |
|---|---|---|
| <br>Microphone | ⏮ \| ⏭<br>(Low)  (High) | **Adjusting the microphone volume**<br>Volume level: High/Normal (initial)/Low |
| | (Press) | • **Receiving a call**<br>  When a call comes in...<br>• **Making a call**<br>  Making a call to the last connected number from your phone.<br>• **Switching between handsfree and phone**<br>  While talking... |

### About microphone volume:

* When you turn off the power of the unit, the volume level changes to Normal.

## Using the Bluetooth audio player

**1 Select "Bluetooth" as the source.** (☞ page 12)

| KS-BTA100 | | |
|---|---|---|
|  | ▶/❙❙ | Starts playback/pauses.<br>• If playback does not start, operate the Bluetooth audio player to start playback. |
| | ⏮ \| ⏭ | • Selects track. (Press)<br>• Fast-forwards or reverses the track. (Hold) |

# REFERENCE

## Using the remote controller (Only for KW-ADV794/KW-AVX748)

For KW-AVX740/KW-AVX640 : To use the remote controller, purchase RM-RK252P separately.

### Installing the batteries

R03/LR03/AAA
Insert the batteries into the remote controller by matching the polarity (+ and −) correctly.

### Caution:

- Danger of explosion if battery is incorrectly replaced. Replace only with the same or equivalent type.
- Battery shall not be exposed to excessive heat such as sunshine, fire, or the like.

**If the effectiveness of the remote controller decreases, replace the batteries.**

**Before using the remote controller:**
- Aim the remote controller directly at the remote sensor on the unit.
- DO NOT expose the remote sensor to bright light (direct sunlight or artificial lighting).

The unit is equipped with the steering wheel remote control function.
- See the Installation/Connection Manual (separate volume) for connection.
- Operations may differ depending on the types of the steering wheel remote control.

## Operations using the remote controller (RM-RK252)

| Button | Operations |
|---|---|

## Searching for an item directly

### Tuner frequency

1 Press DIRECT while holding SHIFT to enter the search mode.
2 Press number buttons while holding SHIFT to enter a frequency.
  • To erase a misentry, press CLR (clear) while holding SHIFT.
3 Press ENT to confirm the entry.

### DVD-Video/DVD-VR/DivX/MPEG1/MPEG2/JPEG/MP3/WMA/WAV/VCD/CD

1 Press DIRECT while holding SHIFT to enter the search mode.
  • Each time you press DIRECT, the item to search for changes.
2 Press a number button while holding SHIFT to select a desired item.
  • To erase a misentry, press CLR (clear) while holding SHIFT.
3 Press ENT to confirm the selection.

## ◻ Various disc operations

### Using the disc menu

• **DVD-Video/DVD-VR**
1 For DVD Video, press TOPM or MENU.
  For DVD-VR, press...
    TOP M: To display Original Program
    MENU: To display Playlist
2 Press △/▽ / ◁/▷ to select an item you want to start play.
3 Press ENT to confirm the selection.

• **VCD**
During PBC playback...
1 Press DIRECT while holding SHIFT to enter the search mode.
2 Press a number button while holding SHIFT to select the item you want to play.
3 Press ENT to confirm the selection.

• To return to the previous screen, press RETURN.

### To cancel PBC playback

1 Press ■ to stop PBC playback.
2 Press DIRECT while holding SHIFT.
3 Press a number button while holding SHIFT to select a desired track.
4 Press ENT to confirm the selection.

• To resume PBC, press TOP M or MENU.

# Maintenance

## ◼ Caution on cleaning the unit

Do not use any solvent (for example, thinner, benzine, etc.), detergent, or insecticide. This may damage the monitor or the unit.
**Recommended cleaning method:**
Gently wipe the panel with a soft, dry cloth.

## ◼ How to clean the connector

Connectors

Frequent detachment will deteriorate the connectors.
To minimize this possibility, periodically wipe the connectors with a cotton swab or cloth moistened with alcohol, being careful not to damage the connectors.
## ◼ Moisture condensation

Moisture may condense on the lens inside the unit in the following cases:
• After starting the heater in the car.
• If it becomes very humid inside the car.
Should this occur, the unit may malfunction. In this case, eject the disc and leave the unit turned on for a few hours until the moisture evaporates.

## ◼ How to handle discs

**When removing a disc from its case,** press down the center holder of the case and lift the disc out, holding it by the edges.

Center holder

• Always hold the disc by the edges. Do not touch its recording surface.

**When storing a disc in its case,** gently insert the disc around the center holder (with the printed surface facing up).
• Make sure to store discs in their cases after use.

## ◼ To keep discs clean

A dirty disc may not play correctly.
If a disc does become dirty, wipe it with a soft cloth in a straight line from center to edge.

• Do not use any solvents (for example, conventional record cleaner, spray, thinner, benzine, etc.) to clean discs.

## ◼ To play new discs

New discs may have some rough spots around the inner and outer edges. If such a disc is used, this unit may reject the disc.
**To remove these rough spots,** rub the edges with a pencil or ball-point pen, etc.

**Do not use the following discs:**

3 inch disc

Warped disc

Sticker and sticker residue
Stick-on label

Unusual shape

C-thru Disc (semi-transparent disc)
Transparent or semi-transparent parts on its recording area
# More about this unit

## ◾ File playback

### Playing DivX files (for discs only)

- This unit can play back DivX files with the extension code <.divx>, <.div>, or <.avi> (regardless of the letter case—upper/lower).
- Audio stream should conform to MP3 or Dolby Digital.
- The file encoded in the interlaced scanning mode may not be played back correctly.
- The maximum bit rate for video signals (average) is 4 Mbps.

### Playing MPEG1/MPEG2 files

- This unit can play back MPEG1/MPEG2 files with the extension code <.mpg>, <.mpeg>, or <.mod>.
- The stream format should conform to MPEG system/ program stream.
  The file format should be MP@ML (Main Profile at Main Level)/SP@ML (Simple Profile at Main Level)/ MP@LL (Main Profile at Low Level).
- Audio streams should conform to MPEG1 Audio Layer-2 or Dolby Digital.
- The maximum bit rate for video signals (average) is 4 Mbps.

### Playing JPEG files

- This unit can play back JPEG files with the extension code <.jpg>, or <.jpeg>.
- This unit can play back JPEG files that are at 32 x 32 to 8 192 x 7 680 resolution.
  It may take time to display the file depending on its resolution.
- This unit can play back baseline JPEG files. Progressive JPEG files or lossless JPEG files cannot be played.

> **JVC bears no responsibility for any loss of data in an iPod/iPhone and USB mass storage class device while using this unit.**

### Playing MP3/WMA/WAV files

- This unit can play back files with the extension code <.mp3>, <.wma>, or <.wav> (regardless of the letter case—upper/lower).
- This unit can play back the files meeting the conditions below:
  - Bit rate:
    MP3/WMA: 32 kbps — 320 kbps
  - Sampling frequency:
    48 kHz, 44.1 kHz, 32 kHz (for MPEG1)
    24 kHz, 22.05 kHz, 16 kHz (for MPEG2)
    48 kHz, 44.1 kHz, 32 kHz, 22.05 kHz (for WMA)
    44.1 kHz (for WAV)
- This unit can show ID3 Tag Version 1.0/1.1/2.2/2.3/2.4 (for MP3).
- This unit can also show WAV/WMA Tag.
- This unit can play back files recorded in VBR (variable bit rate).
- Files recorded in VBR have a discrepancy in elapsed time indication.
- This unit cannot play back the following files:
  - MP3 files encoded with MP3i and MP3 PRO format.
  - MP3 files encoded with Layer 1/2.
  - WMA files encoded with lossless, professional, and voice format.
  - WMA files which are not based upon Windows Media® Audio.
  - WMA files copy-protected with DRM.

## ◻ Sound signals emitted through the rear terminals

### Through the analog terminals (Speaker out/REAR OUT/FRONT OUT)
2-channel signal is emitted. When playing multi-channel encoded disc, multi-channel signals are downmixed.

## ◻ Language codes (for DVD/DivX language selection)

### SAFETY INSTRUCTIONS

Use of the iPhone Navigation App is only permitted if the traffic conditions are suitable and you are absolutely sure that no risk, obstruction or injury will be incurred to you, your passengers or other road users. The requirements of the Road Traffic Regulations must always be followed and may vary by state. The destination must not be entered while the vehicle is in motion.

iPhone Navigation guidance may not be applicable to the current situation because of changes in traffic conditions (e.g. changes in tollroads, principal roads, one-way traffic, or other traffic regulations). In this case, observe the current traffic signs or regulations.

- Traffic signs should be observed carefully while driving using the iPhone Navigation App. iPhone Navigation App is only an aid. Driver must always decide whether or not to heed the information provided. **JVC does not accept liability for erroneous data provided by the iPhone Navigation App.**
- **Do not operate the unit while driving.**

# Troubleshooting

What appears to be trouble is not always serious. Check the following points before calling a service center.

- For operations with the external components, refer also to the instructions supplied with the adapters used for the connections (as well as the instructions supplied with the external components).
- Messages (enclosed in " ") in the tables below are shown in the language selected on <**Text Language**> (☞ page 46). Messages described here are in the language of this manual.

## ▦ **If the following messages appear**

| Message | Remedy/Cause |
|---|---|
| "No Signal" | • Start the playback on the external component connected to VIDEO IN jack.<br>• Check the cords and connections.<br>• Signal input is too weak. |
| "Miswiring Check wiring connection and then reset unit"<br>"Warning Check wiring connection and then reset unit" | A speaker cord has shorted or it has come in to contact with the car chassis. Wire or insulate the speaker cord as appropriate, then reset the unit (☞ page 3). See also the Installation/Connection Manual. |
| "Parking Brake" | No playback picture is shown when the parking brake is not engaged. |
| "Eject Error"<br>"Loading Error" | Eject the disc forcibly. (☞ page 3) |
| "Restricted Device" | Check whether the connected iPod/iPhone is compatible with this unit. (☞ page 26) |
| "USB Device Error" | • The USB power voltage is abnormal.<br>• Turn off and turn on the unit.<br>• Connect another USB device. |
| "No BT Dongle"* | Bluetooth adapter (KS-UBT1) is removed. |
| "Connection Error" | The device is registered but the connection has failed. Connect the registered device. (Only for KW-ADV794/KW-AVX748/KW-AVX740: ☞ page 50) |
| "Please Wait..." | The unit is preparing to use the Bluetooth function. If the message does not disappear, turn off and turn on the unit, then connect the device again (or reset the unit). |
| "No Voice Device" | The connected mobile phone does not have the voice recognition system. |
| "No Data" | No phone book data is contained in the connected Bluetooth phone. |
| "Initialize Error" | The unit has failed to initialize the Bluetooth module. Try the operation again. |
| "Dial Error" | Dialing has failed. Try the operation again. |
| "Hung Up Error" | The call has not ended yet. Park your car, and use the connected mobile phone to end the call. |
| "Pick Up Error" | The unit has failed to receive a call. |
| "Pairing Error" | Pairing between the unit and Bluetooth device has failed. Register the device again. (Only for KW-ADV794/KW-AVX748/KW-AVX740: ☞ page 49) |

\* *Appears only for KW-ADV794/KW-AVX748/KW-AVX740.*

## If there seems to be a problem

| Symptom | Remedy/Cause |
|---|---|
| **General** | |
| No sound comes out of the speakers. | • Adjust the volume to the optimum level.<br>• Check the cords and connections. |
| No picture is displayed on the screen. | Turn on the screen. (☞ page 10) |
| The unit does not work at all. | Reset the unit. (☞ page 3) |
| The remote controller* does not work. | Replace the battery. |
| **TUNER** | |
| SSM automatic presetting does not work. | Store stations manually. (☞ page 15) |
| Static noise while listening to the radio. | Connect the antenna firmly. |
| **Disc in general** | |
| Disc can be neither recognized nor played back. | Eject the disc forcibly. (☞ page 3) |
| Disc cannot be ejected. | Unlock the disc. (☞ page 17) |
| • Recordable/Rewritable discs cannot be played back.<br>• Tracks on the Recordable/Rewritable discs cannot be skipped. | • Insert a finalized disc.<br>• Finalize the discs with the component which you used for recording. |
| Playback does not start. | The format of files is not supported by the unit. |
| No picture appears on the external monitor. | • Connect the video cord correctly.<br>• Select the correct input on the external monitor. |
| **DivX/MPEG1/MPEG2/ JPEG/MP3/WMA/WAV** | |
| Disc cannot be played back. | • Record the tracks using a compliant application on the appropriate discs. (☞ page 18)<br>• Add appropriate extension codes to the file names. |
| Tracks are not played back as you have intended them to play. | Playback order may differ from the one played back using other players. |
| **USB** | |
| "Now Reading…" keeps flashing on the screen. | Turn off the power and on again. |
| While playing a track, sound is sometimes interrupted. | The tracks are not properly copied into the USB device. Copy tracks again, and try again. |

*  For KW-AVX740/KW-AVX640: Purchase RM-RK252P separately.

| Symptom | Remedy/Cause |
|---|---|
| **iPod/iPhone** No sound comes out of the speakers. | • Disconnect the iPod, then connect it again.<br>• Select another source and then reselect "iPod". |
| The iPod/iPhone does not turn on or does not work. | • Check the connecting cable and its connection.<br>• Update the firmware version.<br>• Charge the battery.<br>• Check whether the iPod control mode is correctly selected. (☞ page 26)<br>• Reset the iPod/iPhone. |
| Sound is distorted. | Deactivate the equalizer either on this unit or the iPod/iPhone. |
| A lot of noise is generated. | Turn off (uncheck) the "VoiceOver" feature of the iPod. For details, visit <http://www.apple.com>. |
| No operations are available when playing back a track containing Artwork. | Operate the unit after the Artwork is loaded. (☞ page 27) |
| Sound does not synchronize with the video. | Select <**iPod**> for both <**Audio Input**> and <**Video Input**>. (☞ page 45) |
| **AV-IN** No picture appears on the screen. | • Turn on the video component if it is not on.<br>• Connect the video component correctly. |

| Symptom | Remedy/Cause |
|---|---|
| "CALL 1-888-539-SIRIUS TO SUBSCRIBE" appears on the screen. | SIRIUS Satellite Radio is connected but does not have an active subscription. For information on how to subscribe, ☞ page 31. |
| "Acquiring Signal" or "NO SIGNAL" appears on the screen. | Make sure your Satellite Radio antenna is mounted outside the vehicle. Move vehicle to an area with a clear view of the sky. |
| "No Antenna" or "CHECK ANTENNA" appears on the screen. | Check your satellite radio antenna connection and be sure it is firmly attached. |
| "Invalid channel" appears on the screen for about 5 seconds, then returns to the previous display when listening to the SIRIUS Satellite radio. | No broadcast on the selected channel. Select another channel or continue listening to the previous channel. |
| "CH–––" or "CHANNEL UNAVL" appears on the screen for about 2 seconds, then returns to the previous channel while listening to the XM Satellite radio. | Selected channel is no longer available or is unauthorized. Select another channel or continue listening to the previous channel. |
| No information appears on the screen. | No text information for the selected channel. |
| "UPDATING" or "UNAUTH" appears on the screen and no sound can be heard. | The receiver is updating the channel information and it takes a few minutes to complete. |
| "OFF AIR" appears on the screen while listening to the XM Satellite radio. | Selected channel is not broadcasting at this time. Select another channel or continue listening to the previous channel. |
| "LOADING" appears on the screen while listening to the XM Satellite radio. | The unit is loading the channel information and audio. Text information is temporarily unavailable. |
| "Reset08" appears on the screen. | Reconnect this unit and the Satellite radio correctly and reset the unit. |
| Satellite radio does not work at all. | Reconnect the Satellite radio after a few seconds. |
| • Sound quality changes when receiving HD Radio stations. | Fix the reception mode either to <**DIGITAL**> or <**ANALOG**>. (☞ page 35) |
| • No sound can be heard. | • <**ANALOG**> is selected when receiving all digital broadcast of HD Radio station. Select <**DIGITAL**> or <**AUTO**>. (☞ page 35)<br>• <**DIGITAL**> is selected when receiving weak digital signals or receiving conventional radio broadcast. Select <**ANALOG**> or <**AUTO**>. (☞ page 35) |
| • "Reset08" appears on the screen. | Reconnect this unit and the HD Radio tuner box correctly, then reset the unit. |

Satellite radio (only for KW-ADV794/KW-AVX740/KW-AVX640)

HD Radio reception (Only for KW-ADV794/KW-AVX740/KW-AVX640)

| Symptom | Remedy/Cause |
|---|---|
| **Bluetooth** | |
| Phone sound quality is poor. | • Reduce the distance between the unit and the Bluetooth mobile phone.<br>• Move the car to place where you can get a better signal reception. |
| The sound is interrupted or skipped while using a Bluetooth audio player. | • Reduce the distance between the unit and the Bluetooth audio player.<br>• Disconnect the device connected for Bluetooth phone.<br>• Turn off, then turn on the unit.<br>• (When the sound is not yet restored) connect the player again. |
| The connected audio player cannot be controlled. | Check whether the connected audio player supports AVRCP (Audio Video Remote Control Profile). |
| **Bluetooth (only for KW-ADV794/KW-AVX748/ KW-AVX740)** | |
| Bluetooth device does not detect the unit. | • Check whether the Bluetooth adapter (KS-UBT1) is inserted correctly.<br>• Search from the Bluetooth device again.<br>• When "Waiting..." appears on the screen, press [**Cancel**] then connect a Bluetooth device. |
| The unit does not make pairing with the Bluetooth device. | Enter the same PIN code for both the unit and target device. If the PIN code of the device is not indicated on its instructions, try "0000" or "1234." |
| Echo or noise occurs. | Adjust the microphone unit position. |
| The unit does not respond when you try to copy the phone book to the unit. | You may have tried to copy the same entries (as stored) to the unit. |

Installation/Connection Manual
Manual de instalación/conexión
Manuel d'installation/raccordement
## ENGLISH

This unit is designed to operate on **12 V DC, NEGATIVE ground electrical systems**. If your vehicle does not have this system, a voltage inverter is required, which can be purchased at JVC car audio dealers.

## WARNINGS

- DO NOT install any unit or wire any cable in a location where;
  - it may obstruct the steering wheel and gearshift lever operations, as this may result in a traffic accident.
  - it may obstruct the operation of safety devices such as air bags, as this may result in a fatal accident.
  - it may obstruct visibility.
- DO NOT operate any unit while manipulating the steering wheel, as this may result in a traffic accident.
- The driver must not watch the monitor while driving. It may lead to carelessness and cause an accident.
- If you need to operate the unit while driving, be sure to look around carefully or you may be involved in a traffic accident.
- If the parking brake is not engaged, "Parking Brake" appears on the monitor, and no playback picture will be shown.
  - This warning appears only when the parking brake lead is connected to the parking brake system built in the car.

To prevent short circuits, we recommend that you disconnect the battery's negative terminal and make all electrical connections before installing the unit.
- **Be sure to ground this unit to the car's chassis again after installation.**
- Be sure any cable is not caught on the car's chassis or under seats.

**Notes on electrical connections:**
- Replace the fuse with one of the specified rating. If the fuse blows frequently, consult your JVC car audio dealer.
- It is recommended to connect speakers with maximum power of more than 50 W (both at the rear and at the front, with an impedance of **4 Ω** to **8 Ω**).
  If the maximum power is less than 50 W, change <Amplifier Gain> setting to prevent the speakers from being damaged (see page 43 of the INSTRUCTIONS).
- To prevent short circuits, cover the terminals of the UNUSED leads with insulating tape.
- The heat sink becomes very hot after use. Be careful not to touch it when removing this unit.
- At the time of installation, be sure to fix all wires (wires both from this unit and from the car itself) in a way that any wires cannot come into contact with heat sinks on the rear and side of the unit.

Heat sink
Sumidero térmico
*Dissipateur de chaleur*
## ESPAÑOL

Esta unidad está diseñada para funcionar con **12 V de CC, con sistemas eléctricos de masa NEGATIVA**. Si su vehículo no posee este sistema, será necesario un inversor de tensión, que puede ser adquirido en los concesionarios de JVC de equipos de audio para automóviles.

## ADVERTENCIAS

- NO instale ningún receptor o tienda ningún cable en una ubicación donde;
  - donde pueda obstruir la maniobra del volante de dirección y del cambio de engranajes, con el consiguiente riesgo de accidentes de tráfico.
  - donde pueda obstruir el funcionamiento de dispositivos de seguridad tales como bolsas de aire, pues podría resultar en un accidente fatal.
  - donde pueda obstruir la visibilidad.
- NO OPERE la unidad mientras está maniobrando el volante de dirección, pues podría producirse un accidente de tráfico.
- El conductor no debe mirar el monitor mientras conduce. Podría producirse un descuido, y causar un accidente.
- Si necesita operar la unidad mientras conduce, asegúrese de mirar atentamente a su alrededor pues de lo contrario, se podría producir un accidente de tráfico.
- Si el freno de mano no está en uso, aparecerá "Parking Brake (Freno de Mano)" en la pantalla y no se mostrará ninguna secuencia de imagen.
  - Esta advertencia aparece únicamente cuando el cable del freno de estacionamiento se encuentra conectado al sistema del freno de estacionamiento incorporado al automóvil.

Para evitar cortocircuitos, recomendamos que desconecte el terminal negativo de la batería y que efectúe todas las conexiones eléctricas antes de instalar la unidad.
- **Asegúrese de volver a conectar a masa esta unidad al chasis del automóvil después de la instalación.**
- Asegúrese de que ningún cable quede atrapado en el chasis del automóvil o debajo de los asientos.

**Notas sobre las conexiones eléctricas:**
- Reemplace el fusible por otro del régimen especificado. Si el fusible se funde frecuentemente, consulte con su concesionario de JVC de equipos de audio para automóviles.
- Se recomienda conectar los altavoces con una potencia máxima de más de 50 W (tanto atrás como adelante, con una impedancia de **4 Ω** a **8 Ω**).
  Si la potencia máxima es de menos de 50 W, cambie <Amplifier Gain> para evitar daños en los altavoces (consulte la página 43 del MANUAL DE INSTRUCCIONES).
- Para evitar cortocircuitos, cubra los cables NO UTILIZADOS con cinta aislante.
- El sumidero térmico estará muy caliente después del uso. Asegúrese de no tocarlo al desmontar esta unidad.
- Al realizar la instalación, asegúrese de fijar todos los cables (tanto los que proceden de esta unidad como los del vehículo en sí) de manera tal que ninguno quede en contacto con los disipadores térmicos de las partes traseras y laterales de la unidad.

## FRANÇAIS

*Cet appareil est conçu pour fonctionner sur des sources de* **courant continu de 12 V à masse NEGATIVE**. *Si votre véhicule n'offre pas ce type d'alimentation, il vous faut un convertisseur de tension, que vous pouvez acheter chez un revendeur d'autoradios JVC.*

## AVERTISSEMENTS

- N'INSTALLEZ aucun appareil ni aucun câble dans un endroit où:
  - *où il peut gêner l'accès au volant ou au levier de vitesse car cela peut entraîner un accident de la circulation.*
  - *où il peut gêner la manipulation de dispositifs de sécurité tels que les airbags car cela peut entraîner un accident fatal.*
  - *où il peut gêner la visibilité.*
- *NE COMMANDEZ PAS l'appareil lors de la manipulation du volant car cela peut entraîner un accident de la circulation.*
- *Le conducteur ne doit pas regarder le moniteur lorsqu'il conduit. Cela peut lui faire perdre sa concentration et causer un accident.*
- *Si vous souhaitez opérer l'appareil pendant que vous conduisez, assurez-vous de bien regarder autour de vous afin de ne pas causer un accident de la circulation.*
- *Si le frein à main n'est pas engagé, "Parking Brake (Frein à Main)" s'affiche sur le moniteur et aucune image de lecture n'apparaît.*
  - *Cet avertissement apparaît uniquement quand le fil du frein de stationnement est connecté au système de frein de stationnement intégré à la voiture.*

*Pour éviter tout court-circuit, nous vous recommandons de débrancher la borne négative de la batterie et d'effectuer tous les raccordements électriques avant d'installer l'appareil.*
- **Assurez-vous de raccorder de nouveau la mise à la masse de cet appareil au châssis de la voiture après l'installation.**
- *Assurez-vous qu'aucun câble n'est coincé sur châssis de la voiture ou sous les sièges.*

**Remarques sur les connexions électriques:**
- *Remplacer le fusible par un de la valeur précisée. Si le fusible saute souvent, consulter votre revendeur d'autoradios JVC.*
- *Il est recommandé de connecter des enceintes avec une puissance de plus de 50 W (les enceintes arrière et les enceintes avant, avec une impédance comprise entre* **4 Ω** *et* **8 Ω**).
  *Si la puissance maximum est inférieure à 50 W, changez <Amplifier Gain> pour éviter d'endommager vos enceintes (voir page 43 du MANUEL D'INSTRUCTIONS).*
- *Pour éviter les court-circuits, couvrir les bornes des fils qui ne sont PAS UTILISÉS avec de la bande isolante.*
- *Le dissipateur de chaleur devient très chaud après usage. Faire attention de ne pas le toucher en retirant cet appareil.*
- *Au moment de l'installation, assurez-vous de fixer tous les fils (les fils de cet appareil et aussi de la voiture elle-même) de façon qu'aucun fil ne puisse entrer en contact avec les dissipateurs de chaleur situés à l'arrière et sur le côté de l'appareil.*

# INSTALLATION
## (IN-DASH MOUNTING)

The following illustration shows a typical installation. However, you should make adjustments corresponding to your specific car. If you have any questions or require information regarding installation kits, consult your JVC car audio dealer or a company supplying kits.

• If you are not sure how to install this unit correctly, have it installed by a qualified technician.

### Before installing the unit

• Remove the audio system originally installed in the car, together with its mounting brackets. Be sure to keep all the screws and parts removed from your car for future use.
• When mounting the unit, be sure to use the screws provided, as instructed. If other screws are used, parts could become loose or damaged.
• When tightening screws or bolts, be careful not to pinch any connection cord.
• Make sure not to block the fan on the rear to maintain proper ventilation when installing the unit.

### When installing the unit without using the sleeve

• Use flat head screws or round head screws, depending on installation location. When you use flat head screws to install the unit, use the screws removed in step 1 below. When you use screws other than those supplied, use 8 mm (3/8")-long screws. If longer screws are used, they could damage the unit.
• Tighten the screws firmly to prevent the unit from falling off.

# INSTALACIÓN
## (MONTAJE EN EL TABLERO DE INSTRUMENTOS)

La siguiente ilustración muestra una instalación típica. Sin embargo usted deberá efectuar los ajustes correspondientes a su automóvil. Si tiene alguna pregunta o necesita información acerca de las herramientas para instalación, consulte con su concesionario de JVC de equipos de audio para automóviles o a una compañía que suministra tales herramientas.

• Si no está seguro de poder instalar la unidad correctamente, déjela en manos de un técnico cualificado.

### Antes de instalar la unidad

• Desmonte el sistema de audio instalado originalmente en el coche, junto con los ménsulas de montaje. Asegúrese de guardar todos los tornillos y piezas quitados de su vehículo para poderlos usar en el futuro.
• Al instalar la unidad, asegúrese de usar los tornillos suministrados, de acuerdo con las instrucciones. El uso de otros tornillos podrá provocar flojedad de o daños a las piezas.
• Al apretar los tornillos o los pernos, asegúrese de que ningún cable de conexión quede pillado.
• Al efectuar la instalación, asegúrese de no bloquear el ventilador del panel trasero a fin de mantener una ventilación correcta.

### Instalación de la unidad sin utilizar la cubierta

• Utilice tornillos de cabeza plana o esférica, dependiendo del lugar de instalación. Si decide utilizar tornillos de cabeza plana para instalar la unidad, utilice los extraídos en el paso 1, más abajo. Si decide utilizar tornillos distintos de los suministrados, escoja tornillos de 8 mm (3/8") de largo. El uso de tornillos más largos producir daños a la unidad.
• Apriete los tornillos firmemente para evitar que la unidad se caiga.

# INSTALLATION
## (MONTAGE DANS LE TABLEAU DE BORD)

*L'illustration suivante est un exemple d'installation typique. Cependant, vous devez faire les ajustements correspondant à votre voiture. Si vous avez des questions ou avez besoin d'information sur des kits d'installation, consulter votre revendeur d'autoradios JVC ou une compagnie d'approvisionnement.*

• *Si vous n'êtes pas sûr de pouvoir installer l'appareil correctement, faite-le installer par un technicien qualifié.*

### Avant d'installer l'appareil

• *Retirez le système audio d'origine installé dans la voiture en même temps que les supports de montage. Assurez-vous de conserver toutes les vis et pièces détachées de votre voiture pour une utilisation dans le future.*
• *Lors du montage de l'appareil, assurez-vous d'utiliser les vis fournies, de la façon indiquée. Si vous utilisez d'autres vis, certaines pièces peuvent être perdues ou endommagées.*
• *Lorsque vous serrez des vis ou des boulons, faites attention de ne pas pincer un cordon de connexion.*
• *Assurez-vous de ne pas bloquer le ventilateur sur le panneau arrière lors de l'installation afin de permettre une ventilation correcte.*

### Lors de l'installation de l'appareil scans utiliser de manchon

• *Utilisez des vis à tête plate ou des vis à tête ronde, en fonction de l'emplacement de l'installation. Quand vous utilisez des vis à tête plage pour installer l'appareil, utilisez les vis retirées à l'étape 1 ci-dessous. Quand vous utilisez d'autres vis que les vis fournies, utilisez des vis d'une longueur de 8 mm (3/8"). Vous risquez d'endommager l'appareil si vous utilisez des vis plus longues.*
• *Serrez les vis solidement pour éviter que l'appareil tombe.*

# ELECTRICAL CONNECTIONS

**PRECAUTIONS on power supply and speaker connections:**
- **DO NOT connect the speaker leads of the power cord to the car battery; otherwise, the unit will be seriously damaged.**
- BEFORE connecting the speaker leads of the power cord to the speakers, check the speaker wiring in your car.

# CONEXIONES ELECTRICAS

**PRECAUCIONES sobre las conexiones de la fuente de alimentación y de los altavoces:**
- **NO conecte los conductores de altavoz del cable de alimentación a la batería de automóvil, pues podrían producirse graves daños en la unidad.**
- ANTES de conectar a los altavoces los conductores de altavoz del cable de alimentación, verifique el conexionado de altavoz de su automóvil.

# RACCORDEMENTS ELECTRIQUES

**PRECAUTIONS sur l'alimentation et la connexion des enceintes:**
- **NE CONNECTEZ PAS les fils d'enceintes du cordon d'alimentation à la batterie; sinon, l'appareil serait sérieusement endommagé.**
- *AVANT de connecter les fils d'enceintes du cordon d'alimentation aux enceintes, vérifiez le câblage des enceintes de votre voiture.*

**Before connecting:** Check the wiring in the vehicle carefully. Incorrect connection may cause serious damage to this unit. The leads of the power cord and those of the connector from the car body may be different in color.

1 Connect the colored leads of the power cord in the order specified in the illustration below.

2 Connect the antenna cord.

3 Finally connect the wiring harness to the unit.

**Antes de la conexión:** Verifique atentamente el conexionado del vehículo. Una conexión incorrecta podría producir daños graves en la unidad. Los cordones del cable de alimentación y los del conector procedentes de la carrocería del automóvil podrían ser de diferentes en color.

1 Conecte los conductores de color del cable de alimentación en el orden especificado en la ilustración de abajo.

2 Conecte el cable de antena.

3 Por último, conecte el cable de alimentación a la unidad.

**Avant de commencer la connexion:** *Vérifiez attentivement le câblage du véhicule. Une connexion incorrecte peut endommager sérieusement l'appareil. Le fil du cordon d'alimentation et ceux des connecteurs du châssis de la voiture peuvent être différents en couleur.*

1 *Connectez les fils colorés du cordon d'alimentation dans l'ordre spécifié sur l'illustration ci-dessous.*

2 *Connectez le cordon d'antenne.*

3 *Finalement, connectez le faisceau de fils à l'appareil.*

**A** Connecting to the steering wheel remote controller / Conexión al control remoto del volante de dirección / Connexion de la télécommande de volant

If your car is equipped with the steering wheel remote controller, you can operate this unit using the controller. For connection, an exclusive remote adapter (not supplied) which matches your car is required. For details, consult the same car audio dealer as where the unit is purchased.

Si su vehículo está equipado con control remoto en el volante de dirección, podrá hacer funcionar este receptor utilizando dicho control. Para la conexión, se requiere un adaptador remoto exclusivo (no suministrado) que sea adecuado para su automóvil. Para los detalles, consulte con el concesionario car audio donde compró el receptor.

*Si votre voiture est munie d'une télécommande de volant, vous pouvez commander cet autoradio en utilisant la télécommande. Pour la connexion, un adaptateur de télécommande exclusif (non fourni) correspondant à votre voiture est requis. Pour en savoir plus, consultez le revendeur autoradio auprès duquel vous avez acheté cet autoradio.*

## B Connecting the external amplifiers and subwoofer / Conexión de los amplificadores y subwoofer / Connexion d'amplificateurs extérieurs et d'un caisson de grave

You can connect an amplifier to upgrade your car stereo system.
- Connect the remote lead (blue with white stripe) to the remote lead of the other equipment so that it can be controlled through this unit.
- **Disconnect the speakers from this unit, and connect them to the amplifier. Leave the speaker leads of this unit unused.**
- You can switch off the built-in amplifier and send the audio signals only to the external amplifier(s) to get clear sounds and to prevent internal heat built-up inside the unit. See page 43 of the INSTRUCTIONS.

Puede conectar amplificadores para mejorar su sistema car estéreo.
- Conecte el conductor remoto (azul con rayas blancas) al conductor remoto del otro equipo para poderlo controlar a través de esta unidad.
- **Desconecte los altavoces de esta unidad y conéctelos al amplificador. Los cables de los altavoces de esta unidad quedan sin usar.**
- Podrá desconectar el amplificador incorporado y enviar las señales de audio solamente al(los) amplificador(es) externo(s) para obtener sonidos nítidos y evitar que se caliente el interior de la unidad. Consulte la página 43 del MANUAL DE INSTRUCCIONES.

*Vous pouvez connecter un amplificateur pour améliorer votre système autoradio.*
- *Connectez le fil de commande à distance (bleu avec bande blanche) au fil de commande à distance de l'autre appareil de façon qu'il puisse être commandé via cet appareil.*
- *Déconnectez les enceintes de cet appareil et connectez-les à l'amplificateur. Laissez les fils d'enceintes de cet appareil inutilisés.*
- *Vous pouvez mettre hors service l'amplificateur intégré et envoyer les signaux audio uniquement sur un ou plusieurs amplificateurs extérieurs afin d'obtenir un son clair et d'éviter tout échauffement interne de l'autoradio. Voir page 43 du MANUEL D'INSTRUCTIONS.*

| WARRANTY APPLIES ONLY TO PRODUCT DISTRIBUTED IN CANADA BY JVC CANADA INC. | LA GARANTIE S'APPLIQUE SEULEMENT AUX PRODUITS DISTRIBUES AU CANADA PAR JVC CANADA INC. |
|---|---|

# WARRANTY GARANTIE

## JVC CANADA INC.

21 Finchdene Square, Toronto, ON M1X 1A7
TEL: (416) 293-1311  FAX: (416) 293-8208
http://www.jvc.ca

JVC CANADA INC. (hereafter called "JVC") gives the following express warranty for each new JVC product distributed in Canada by JVC and sold by an authorized JVC dealer.

JVC warrants that this JVC product is free, under normal use and maintenance, from any defects in material and workmanship subject to the following terms and conditions:

1. To Obtain Warranty Service:
   (a) The JVC Warranty Control Card herein provided must be completed in full and posted or registered via internet within 7 days of date of purchase of the JVC product.
   (b) This JVC Warranty Control Card must be completed in full and presented together with proof of purchase of the JVC product requiring service.
   (c) The JVC product must be brought in for service to an authorized JVC Service Centre.

2. Limitation:
   This Warranty shall not apply to:
   (a) Repair or replacement of any cabinets, batteries, plates, connection cords, antennas, dust covers, knobs, speaker grills, speaker cones, projection screens, projection screen savers, and all accessories.
   (b) Any defects caused or repairs required as a result of misuse, abusive operation, negligence, improper use and/or insufficient care.
   (c) Any defect caused or repairs required as a result of not following the instructions in the operation manual.
   (d) Any JVC product tampered with, adjusted or repaired by any party other than JVC or authorized JVC Service Centre personnel.

JVC CANADA INC. ( ci-après appelé "JVC") énonce la garantie expresse suivante pour tout nouveau produit JVC distribué au Canada par JVC et vendu par un détaillant JVC autorisé.

JVC vous garantit que ce produit est dégagé, sous utilisation et entretien normal, de tout défaut matériel et de fabrication sous réserve des modalités et conditions suivantes :

1. Pour obtenir un service de garantie :
   (a) La carte de contrôle de garantie JVC ci-incluse doit être complétée avec les renseignements complets et être postée ou enregistrée via internet dans les 7 jours suivant l'achat du produit JVC.
   (b) Cette carte de contrôle de garantie JVC doit être dûment remplie et être présentée avec la preuve d'achat du produit JVC nécessitant une réparation.
   (c) Le produit JVC doit être apporté pour service chez un centre de service JVC autorisé.

2. Restrictions:
   Cette garantie ne s'applique pas aux :
   (a) Réparation ou remplacement de tout cabinet, batteries, panneau avant, cordons de raccord, antennes, housses de protection, boutons, couverts de haut-parleur, cônes de haut-parleur, écrans de projection, protecteurs d'écran de projection et tous les accessoires.
   (b) Tous défauts occasionnés ou réparations requises suite à une utilisation abusive, mauvaise, négligente et/ou une utilisation incorrecte.
   (c) Tous défauts occasionnés ou réparations requises suite à l'omission de suivre les recommandations du manuel d'instruction.
   (d) Tout produit JVC altéré, ajusté ou réparé par tout autre entreprise que JVC ou un centre de service d'entretien ou de service autorisé JVC.

(e) Any JVC products on which the serial num-ber has been defaced, modified or removed.
(f) Maintenance, cleaning or periodic check-up
(g) Conversion to foreign or domestic voltage or frequency.
(h) Any JVC product without the Canadian Electrical Safety Regulations ID.
(i) Any JVC products used for commercial or institutional, rental, or display purposes.
    Parts......1 year (except video head - 90 days)
    Labour... 90 days
(j) Any JVC product which has been resold and no longer owned by the original purchaser.
(k) Product purchased from "outside Canada", "bankruptcy" or "liquidator".

(e) Tout produit JVC dont le numéro de série a été altéré, modifié ou enlevé.
(f) L'entretien, les vérifications périodiques et nettoyage.
(g) La conversion à une fréquence ou une tension étrangère ou domestique.
(h) Tout produit JVC n'ayant pas le sigle d'identification conforme aux normes électriques Canadiennes (CSA).
(i) Pour tout produit utilisé à des fins commerciales, institutionnelles, de location ou utilisé à des fins d'étalage.
    Pièces............ 1 An (Excepté les têtes vidéo- 90 jours)
    Main d'œuvre... 90 Jours
(j) Tout produit JVC ayant été revendu et qui n'est plus la propriété de l'acheteur original.
(k) Produit acheté à "l'extérieur du Canada", provenant d'une "faillite" ou d'un "liquidateur".

(l) Any defects caused by fire, flood, lightning, power surge, or other events beyond the control of JVC.
(m) FOR AUTO PRODUCTS
Warranty does not cover elimination of car static or electrical interferences, cleaning of head, adjustments, or labour cost for the removal or reinstallation of the unit for repair.

3. Standards:
If any defects should be found in a JVC product within the applicable terms, necessary repairs shall be made at no cost to the purchaser for parts or labour when JVC acknowledges that such defects are due to faulty material or work-manship.

4. Exclusion of All Other Express Warranties:
This warranty constitutes the entire express warranty given by JVC for JVC products and no dealer or service centre personnel or his, its or their agent or employee is, or are autho-rized to extend or enlarge this warranty on be-half of JVC.

5. Disclaimer of Consequential Damage:
To the extent the law permits JVC disclaims any responsibility for loss of time or use of its product, transportation costs, or any other indirect, incidental or consequential damage or inconvenience.

| New | And mail to the address below.<br>You may also register on-line at:www.jvc.ca |
|---|---|

Detach here.

(l) Tout dommage causé par le feu, une inondation, un éclair, une surtension ou tout autre évènement hors du contrôle de JVC.
(m) POUR LES PRODUITS D'AUTOMOBILE
La garantie ne couvre pas l'élimination d'interférences statiques ou électriques de la voiture, le nettoyage de tête, les ajustements et les coûts de main d'œuvre associés à l'enlèvement ou à la réinstallation de l'unité pour réparation.

3. Critères:
Si un produit JVC s'avérait défectueux, selon les conditions applicables, les réparations nécessaires seront effectués sans coûts additionnels à l'acheteur pour les pièces et la main d'œuvre lorsque JVC reconnaît que de telles défectuosités sont causées par une défectuosité de matériel ou de fabrication.

4. Exclusion de toutes autres garanties expresses :
Cette garantie constitue l'entière garantie express donnée par JVC pour les produits JVC. Nul représentant ou employé d'un détaillant ou d'un service d'entretien n'est autorisé à prolonger cette garantie au nom de JVC.

5. Dénégation des dommages indirects :
Dans la mesure permise par la loi, JVC nie toute responsabilité pour perte de temps ou d'usage de ses produits, des coûts de transport ou tout autre dommage ou inconvénient indirect, accidentel et conséquent.

1-1 | USA ONLY

JVC Americas Corp. (JVC) warrants this product and all parts thereof, except as set forth below ONLY TO THE ORIGINAL RETAIL PURCHASER to be FREE FROM DEFECTIVE MATERIALS AND WORKMANSHIP from the date of original purchase for the period shown below. ("The Warranty Period")

| PARTS | LABOR |
|---|---|
| **1** YR | **1** YR |

**THIS LIMITED WARRANTY IS VALID ONLY IN THE FIFTY (50) UNITED STATES, THE DISTRICT OF COLUMBIA AND IN THE COMMONWEALTH OF PUERTO RICO.**

**WHAT WE WILL DO:**

If this product is found to be defective within the warranty period, JVC will repair or replace defective parts with new or rebuilt equivalents at no charge to the original owner. Such repair and replacement services shall be rendered by JVC during normal business hours at JVC authorized service centers. Parts used for replacement are warranted only for the remainder of the Warranty Period. All products may be brought to a JVC authorized service center on a carry-in basis. Color televisions with a screen size of 37"class or greater qualify for in-home service. In such cases, a technician will come to your home and either repair the TV there or remove and return it if it cannot be repaired in your home.

**WHAT YOU MUST DO FOR WARRANTY SERVICE:**

*Please do not return your product to the retailer*

**Instead, return your product to the JVC authorized service center nearest you. If shipping the product to the service center, please be sure to package it carefully, preferably in the original packaging, and include a brief description of the problem(s). Please call 1-800-252-5722 to locate the nearest JVC authorized service center. Service locations can also be obtained from our website http://www.jvc.com. If your product qualifies for in-home service, the service representative will require clear access to the product.**

If you have any questions concerning your JVC Product, please contact our Customer Care Center at 800-252-5722

**WHAT IS NOT COVERED:**

This limited warranty provided by JVC does not cover:
1. Products which have been subject to abuse, accident, alteration, modification, tampering, negligence, misuse, faulty installation, lack of reasonable care, or if repaired or serviced by anyone other than a service facility authorized by JVC to render such service, or if affixed to any attachment not provided with the products, or if the model or serial number has been altered, tampered with, defaced or removed;
2. Initial installation, installation and removal from cabinets or mounting systems.
3. Operational adjustments covered in the Owner's Manual, normal maintenance, video and audio head cleaning;
4. Damage that occurs in shipment, due to act of God, and cosmetic damage;
5. Signal reception problems and failures due to line power surge;
6. User Removal Memory Devices/Video Pick-up Tubes/CCD Image Sensors are covered for 90 days from the date of purchase;
7. Accessories;
8. Batteries (except that Rechargeable Batteries are covered for 90 days from the date of purchase);
9. Products used for commercial purposes, including, but not limited to rental.
10. Loss of data resultant from malfunction of hard drive or other data storage device;

There are no express warranties except as listed above.

THE DURATION OF ANY IMPLIED WARRANTIES, INCLUDING THE IMPLIED WARRANTY OF MERCHANTABILITY, IS LIMITED TO THE DURATION OF THE EXPRESS WARRANTY HEREIN.

JVC SHALL NOT BE LIABLE FOR ANY LOSS OF USE OF THE PRODUCT, INCONVENIENCE, OR ANY OTHER DAMAGES, WHETHER DIRECT, INCIDENTAL OR CONSEQUENTIAL (INCLUDING, WITHOUT LIMITATION, DAMAGE TO TAPES, RECORDS OR DISCS) RESULTING FROM THE USE OF THIS PRODUCT, OR ARISING OUT OF ANY BREACH OF THIS WARRANTY. ALL EXPRESS AND IMPLIED WARRANTIES, INCLUDING THE WARRANTIES OF MERCHANTABILITY AND FITNESS FOR PARTICULAR PURPOSE, ARE LIMITED TO THE WARRANTY PERIOD SET FORTH ABOVE.

Some states do not allow the exclusion of incidental or consequential damages or limitations on how long an implied warranty lasts, so these limitations or exclusions may not apply to you. This warranty gives you specific legal rights and you may also have other rights which vary from state to state.
