The making of unauthorized copies of copy-protected material, may be an infringement of copyrights and constitute a criminal offence. This equipment should not be used for such purposes.
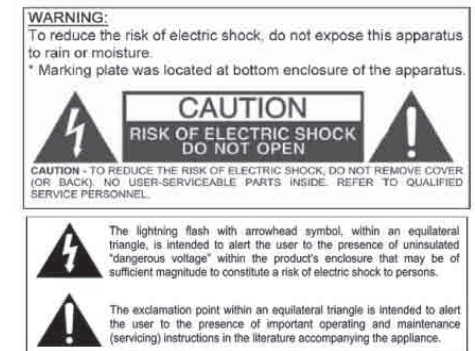

💿 IMPORTANT SAFETY PRECAUTIONS

Always follow these basic safety precautions when using your player. This will reduce the risk of product damage and personal injury.

- Do not disassemble, repair or modify the player by yourself. Refer servicing to qualified personnel.
- The use of a Non-Recommended accessory may cause fire, electric shock, or injury. For approved accessories please contact customer support.
- This device contains a built- in battery, do not dispose of in fire.
- In the event that the battery is leaking, do not handle the device with your bare hands. Contact the service center for help since the liquid may remain in the player. If your body or clothes had contact with the battery liquid, wash it off thoroughly with water. Also, if some liquid gets into your eyes, do not rub your eyes but immediately wash them with clean water, and consult a doctor.
- Keep the player away from direct sunlight and any direct heat source.
- Do not expose the unit to rain or moisture.
- Do not use the player in dry environments to avoid static.
- Never apply heavy impact on the player, or place it on a magnet.
- Route the USB cable so that people and pets are not likely to trip over it.
- Disconnect the USB cable from the computer when you do not use the player for a long time.
- Clean only with a dry cloth. Make sure the player is turned off before cleaning. Do not use a liquid cleanser.
- Be sure to back up your files to avoid data loss.

Precautions in using the headphones

- Do not use the headphones while driving an automobile or riding a bicycle. It is dangerous, and against the law. To avoid an accident, do not turn up the volume of the headphones too high while walking.
- It is not recommended that you use the headphones at a high volume for an extended time, as this may cause hearing damage.

⊚ CONNECTING TO A COMPUTER

System requirements

You computer system must meet the following specifications:
- Pentium 200MHz or above
- Microsoft Windows 2000/ME/XP/Vista
- USB port supported

PC   USB High Speed Connection Cable   MP3 Player

PC connection

In order to enjoy the multimedia capabilities of your **MP3 Player**, you have to first copy your favorite files from your PC to it's internal memory.

Connect your **MP3 Player** to the computer using the included USB 2.0 cable. The device will be detected automatically without installing any driver. Once detected, you can read/write to the device's memory just as if you where using a regular disk drive.

Make sure your computer is powered on, and follow the steps below to connect the player to your computer.

1. Plug the larger USB connector of the USB cable into the USB port on the computer.

2. Plug the other end (small) of the USB cable to the player.

3. The computer system detects "New hardware" and starts to install the driver automatically. Wait for the system to finish the installation.

   When it has finished, **"Emerson MP3"** will be created in **"My Computer"**.

Important: To avoid any data loss, always perform a safe USB device extraction before disconnecting the USB cable from the PC. In Windows XP, for example, you can find the safe extraction icon in the task bar next to the system clock.

Disconnecting the USB cable

After completing the file transfer, please disconnect the USB cable the following way:

1. Double click the green arrow **"Safely Remove Hardware"** in the task bar on the bottom right of the window.

2. Select **"USB Device"** and click **"Stop"**.

3. When the **"Stop a Hardware device"** appears, click **"OK"** to disconnect the USB mass storage device, and unplug the player safely.
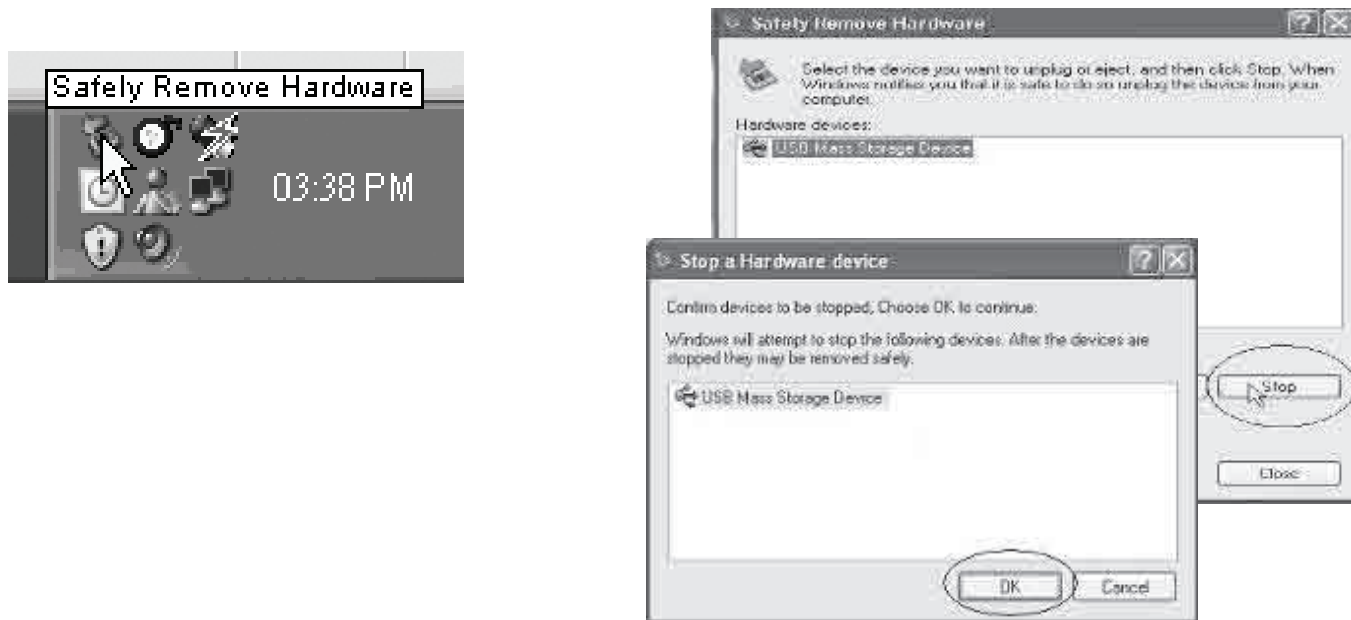

⌾ CHARGING THE BATTERY

Your **MP3 Player** has an integrated rechargeable Li-ion battery. It is recommended to fully charge the player before using it for the first time.

Recharge the battery by connecting the player to a computer using the included USB 2.0 cable.

Charging time is between 3-5 hours, depending if the player is powered off or working. To keep the battery in good condition, we recommend not charging it for more than 8 hours.

Important:

● *Fully charge the player before you use it for the first time, or when you haven't used it for a long time.*

● *Charge the player immediately when the "Low battery" message is displayed.*

● *Do not over charge or discharge the player. Over charging or discharging will shorten the battery life.*

● *The battery could be over discharged if the player is not use d for a long time (over three months). To avoid over discharge, fully charge the player every three months and always keep the voltage of the battery above 50 %.*

Connecting the speaker

Use the provided stereo speaker to enjoy your music without headphones.
Insert the speaker into one of the headphone jacks. Your music, videos, and
recordings will be played through the speaker.
