- CustomCube™ Automatic Ice Maker
- IcePlus™ Accelerated Freezing Function
- Tall Water Dispenser with Built-In Water Filter
- Door Alarm
- LoDecibel™ Quiet Operation

ENERGYSTAR® qualified models use at least 15% less energy than required by current federal standards. LG's Energy Star refrigerators allow consumers to save money, energy and protect the environment.

SIDE-BY-SIDES

SpacePlus™

Enjoy 11% more usable freezer space (1 cu.ft.) thanks to the self-contained ice maker located in the freezer door. Now you can store that additional gallon of ice cream or a few more favorite frozen pizzas! The ice storage bin is also removable for portability and easy cleaning.

SmoothTouch™ Digital Temperature Controls

Ensure precise temperature control in the refrigerator and freezer compartments. Located on the outside of the refrigerator, the touch-sensitive digital controls also allow you to use the IcePlus™ accelerated freezing function, monitor room temperature, and reset the water filter.

OptiChill™ Crisper

Provides three temperature controlled selections for cooling many kinds of foods, fruits and vegetables.

8 Digital Sensors

Sensors detect heat from warm food and open doors, and automatically adjusts the interior temperature to within 1.5 degrees of the set temperature.

Tall Bottle Dispenser

Can fit a glass or pitcher for conveniently dispensing ice and water.

LSC21943
