- **Suitable for automatic detectors in conventional technology**
- **Screw terminals for secure connection of multiple wires**
- **Terminals for connection of remote indicator**
- **Mechanical theft protection can be activated**

Description

The Detector Base MB-00001 is designed for the easy connection of automatic detectors Series ORBIS in conventional technology. Due to its robust multi-wire screw terminals, the detectors can be wired with ease, thus achieving a secure and durable connection. The base provides the possibility to easily connect an

external remote indicator, and has been designed for surface mounting in dry rooms. For special applications a range of accessories (for moist room, false ceiling or flush installation) is available. A mechanical theft protection of the detector can optionally be activated at the detector base.
