English

## **Quick Start Guide**

## Getting Started with M-Tron Pro

Thank you for purchasing the GForce Software M-Tron Pro instrument.

A full PDF manual is included on your M-Tron Pro disc and is also copied to your system during installation. Please use the manual as your primary reference source for M-Tron Pro as it contains useful information to help you understand the functionality of the instrument. Additionally, there is historical information detailing the development of the instruments used in the production of M-Tron Pro.

## Registration

Please take the time to register your M-Tron Pro online at: [www.gforcesoftware.com](http://www.gforcesoftware.com)  
Registration is required to receive priority technical support and the latest updates.

## Installing M-Tron Pro

Included on the master DVD are multiple format versions of the M-Tron Pro. The installer installs ALL format versions via a single installer; one for Mac and one for PC.

Insert the M-Tron Pro master DVD into your DVD Drive and run the M-Tron Pro installer applicable to your machine type, Mac or PC.

→ **VERY IMPORTANT:** *Once this is complete you MUST manually copy the folder called "M-Tron Pro Library" to your system. We recommend the following locations:*

**PC Version:**

C:/Program Files/GForce/M-Tron Pro

**Mac:**

Macintosh HD/Library/Application Support/GForce/M-Tron Pro

The M-Tron Pro Library folder contains a file called 'Library.cpt2' which is 3.5 gigabytes in size. If you prefer, you may place it in any location on your system, such as an external hard drive.

Once the M-Tron Pro Library folder has finished copying to your hard drive, launch M-Tron Pro via your host or the Standalone version. The first time you open M-Tron Pro you will be prompted to locate the M-Tron Pro Library file and enter then serial number **EXACTLY** as you find it printed within your "Quick Start Guide".

Your serial number also acts as your registration code to register your M-Tron Pro on our web site.

## Install locations Mac

- Standalone Instrument: Macintosh HD/Applications
- AudioUnit Instrument: Macintosh HD/Library/Audio/Plug-Ins/Components
- VST Instrument: Macintosh HD/Library/Audio/Plug-Ins
- RTAS Instrument: Macintosh HD/Library/Application Support/Digidesign/Plug-ins
- User Patches: User/Library/Application Support/GForce/M-Tron Pro/Patches
- Manual: User/Documents

## Install locations PC

- Standalone Instrument: C:/Program Files/GForce/M-Tron Pro
- VST Instrument: C:/Program Files/Vstplugins/M-Tron Pro
- RTAS Instrument: C:/Program Files/Common Files/Digidesign/DAE/PlugIn
- User Patches: C:/My Documents/GForce/M-Tron Pro/Patches
- Manual: C:/Program Files/GForce/M-Tron Pro
