IMPORTANT SAFETY INSTRUCTIONS

1. Read these instructions.
2. Keep these instructions.
3. Heed all warnings.
4. Follow all instructions.
5. Do not use this apparatus near water.
6. Clean only with dry cloth.
7. Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.
8. Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
9. Do not defeat the safety purpose of the polarized or grounding-type plug. A polarized plug has two blades with one wider than the other. A grounding type plug has two blades and a third grounding prong. The wide blade or the third prong are provided for your safety. If the provided plug does not fit into your outlet, consult an electrician for replacement of the obsolete outlet.
10. Protect the power cord from being walked on or pinched, particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.
11. Only use attachments/accessories specified by the manufacturer.

AC Polarized Plug

12.  Use only with the cart, stand, tripod, bracket, or table specified by the manufacturer or sold with the apparatus. When a cart is used, use caution when moving the cart/apparatus combination to avoid injury from tip-over.
13. Unplug this apparatus during lightning storms or when unused for long periods of time.
14. Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.
15. Battery usage **CAUTION** – To prevent battery leakage which may result in bodily injury, property damage, or damage to the unit:
 - Install **all** batteries correctly, + and - as marked on the unit.
 - Do not mix batteries (**old** and **new** or **carbon** and **alkaline**, etc.).
 - Remove batteries when the unit is not used for a long time.

EL 6475-E004: 02/8

Class II equipment symbol

This symbol indicates that the unit has a double insulation system.

IMPORTANT SAFETY INSTRUCTIONS

- Read the manual carefully before using the product.
- Do not use the product if you are under the influence of alcohol or drugs.
- Do not use the product if you are tired or if you have been drinking alcohol or taking drugs.

- Do not use the product if you are pregnant or breastfeeding.
- Do not use the product if you have a heart condition, high blood pressure, or are taking medication.
- Do not use the product if you have a history of seizures or are taking medication.

- Do not use the product if you have a history of asthma or are taking medication.
- Do not use the product if you have a history of diabetes or are taking medication.
- Do not use the product if you have a history of kidney disease or are taking medication.

- Do not use the product if you have a history of liver disease or are taking medication.
- Do not use the product if you have a history of stomach ulcers or are taking medication.
- Do not use the product if you have a history of blood clotting or are taking medication.

- Do not use the product if you have a history of bleeding or are taking medication.
- Do not use the product if you have a history of low blood pressure or are taking medication.
- Do not use the product if you have a history of high cholesterol or are taking medication.

- Do not use the product if you have a history of heart disease or are taking medication.

- Do not use the product if you have a history of stroke or are taking medication.
- Do not use the product if you have a history of heart failure or are taking medication.
- Do not use the product if you have a history of arrhythmia or are taking medication.

- Do not use the product if you have a history of hypertension or are taking medication.
- Do not use the product if you have a history of diabetes or are taking medication.
- Do not use the product if you have a history of kidney disease or are taking medication.

- Do not use the product if you have a history of liver disease or are taking medication.
- Do not use the product if you have a history of stomach ulcers or are taking medication.
- Do not use the product if you have a history of blood clotting or are taking medication.

- Do not use the product if you have a history of bleeding or are taking medication.
- Do not use the product if you have a history of low blood pressure or are taking medication.
- Do not use the product if you have a history of high cholesterol or are taking medication.

- Do not use the product if you have a history of heart disease or are taking medication.
- Do not use the product if you have a history of stroke or are taking medication.
- Do not use the product if you have a history of heart failure or are taking medication.

- Do not use the product if you have a history of arrhythmia or are taking medication.
- Do not use the product if you have a history of hypertension or are taking medication.
- Do not use the product if you have a history of diabetes or are taking medication.

- Do not use the product if you have a history of kidney disease or are taking medication.
- Do not use the product if you have a history of liver disease or are taking medication.
- Do not use the product if you have a history of stomach ulcers or are taking medication.

- Do not use the product if you have a history of blood clotting or are taking medication.

Canada

English: This digital apparatus does not exceed the Class B limits for radio noise emissions from digital apparatus as set out in the Radio Interference Regulations of the Canadian Department of Communications.

Français: Cet appareil numérique n'émet pas de bruits radioélectriques dépassant les limites applicables aux appareils numériques de Classe B prescrites dans le Règlement sur le Brouillage Radioélectrique édicté par le Ministère des Communications du Canada.

The set complies with the FCC-Rules, Part 15 and with 21 CFR 1040.10.

Operation is subject to the following two conditions:

- 1. This device may not cause harmful interference, and*
- 2. This device must accept any interference received, including interference that may cause undesired operation.*

1. The first step is to identify the problem. In this case, the problem is that the user is unable to access the internet.

2. The next step is to check the network connection. This can be done by checking the status of the network adapter in the device manager.

3. If the network adapter is not working, it may be necessary to update the drivers or reinstall them.

4. Another possible cause is a problem with the DNS settings. This can be resolved by resetting the DNS settings to their default values.

5. Finally, it is important to check the firewall settings to ensure that they are not blocking the internet connection.

6. If the problem persists, it may be necessary to contact the network administrator or the manufacturer of the device for further assistance.

7. It is also important to note that there may be other causes for the problem, such as a problem with the internet service provider or a problem with the router.

8. In conclusion, there are several steps that can be taken to troubleshoot a problem with internet access.

9. By following these steps, the user should be able to identify the cause of the problem and resolve it.

10. If the problem still persists, it is recommended that the user contact a professional for further assistance.

ACCESSORIES

1 x AC power cord

TOP AND FRONT PANEL (See 1)

- ① **PUSH OPEN** - opens / closes the CD door.
- ② **Volume ▲, ▼** - to adjust volume level.
- ③ **MEGA-Sound** - to pump up the volume and bass sound to an optimum level in one touch.
- ④ **■** - to stop playback or erase a CD program.
- ⑤ **▶||** - starts or pauses CD playback.
- ⑥ **Display** - shows the status of the set.
- ⑦ **Search ◀◀, ▶▶**
CD: - searches backward and forward within a track;
- skips to the beginning of a current track/
previous/ later track.
RADIO: - (down, up) tunes to radio stations.
- ⑧ **Prog** - programs CD tracks and radio stations,
reviews the program.
- ⑨ **Station Presets ▲ ▼** - selects a preset radio station.
- ⑩ **Mode** - selects different play modes: e.g. **REPEAT**
or **SHUFFLE** (random) order.
- ⑪ **Power slider** - selects **CD/ AM / FM / Off**
function and also the power off switch (**Off**).

BACK PANEL (See 1)

- ⑫ **Telescopic antenna** - improves FM reception.
- ⑬ **AC MAINS** - inlet for power cord.
- ⑭ **Battery door**

CAUTION

Use of controls or adjustments or performance of procedures other than herein may result in hazardous radiation exposure or other unsafe operation.

POWER SUPPLY

Whenever convenient, use the AC power supply to conserve battery life. Make sure you remove the power plug from the set and wall outlet before inserting batteries.

Batteries (not included)

- Insert 6 batteries, type **R-20, UM-1** or **D-cells**, (preferably alkaline) with the correct polarity. (See 6)

Playing a CD

This CD player plays Audio Discs including CD-Recordables and CD-Rewritables.

1. Adjust the **Power** slider to **CD**.
2. Open the CD Door.
→ *OPEN* is displayed.
3. Insert a CD with the printed side facing up and close the door.
→ *no cd* if no CD inserted/ CD dirty, incorrectly inserted or damaged.
→ *no F cd* if you have inserted a non-finalized CD-R(W).
4. Press **▶II** to start playback.
→ *data* if your CD contains non-audio i.e. data files.
5. To pause playback press **▶II**. Press **▶II** again to resume play.
→ Display: **▶** flashes during pause.
6. To stop CD playback, press the **■** button.

Note : CD play will also stop when:

- the CD door is opened
- the CD has reached the end
- you select **AM / FM** function.

Selecting a different track

- Press **Search** **◀◀** or **▶▶** once or repeatedly to select your track.
- In the pause / stop position, press **▶II** to start playback.

Finding a passage within a track

1. Press and hold **Search** **◀◀** or **▶▶**.
– The CD is played at high speed and low volume.
2. When you recognize the passage you want, release **◀◀** or **▶▶** to resume normal playback.

Note : During a CD program or if **SHUFFLE/ REPEAT** active, searching is only possible within a track.

Different play modes: SHUFFLE and REPEAT

You can select and change the various play modes before or during playback, and combine the modes with PROG. (See **4**)

SHUFFLE - tracks of the entire CD/ program are played in random order

SHUFFLE REPEAT ALL - to repeat the entire CD/ program continuously in random order

REPEAT ALL - repeats the entire CD/ program

REPEAT - plays the current track continuously

1. To select play mode, press **Mode** once or more.
2. Press **▶II** to start playback if in the stop position.
3. To select normal playback, press **Mode** repeatedly until the various modes are no longer displayed.
– You can also press the **■** button to cancel your play mode.

1. **Check the power supply**
 Make sure the power supply is plugged into a wall outlet and that the power switch is turned on. If the power supply is not working, check the power cord and the power switch.

2. **Check the connections**
 Make sure all the cables are connected correctly to the device. Check the power cord, the data cable, and the video cable.

3. **Check the settings**
 Make sure the device is set to the correct mode. Check the power settings, the display settings, and the audio settings.

4. **Check the software**
 Make sure the software is up to date. Check for updates for the operating system, the device drivers, and the application software.

5. **Check the hardware**
 Make sure the hardware is working correctly. Check the power supply, the data cable, and the video cable. If the hardware is not working, try replacing it with a new one.

6. **Check the user manual**
 Refer to the user manual for more information. The user manual contains detailed instructions for troubleshooting and using the device. You can find the user manual online or in the device's packaging.

7. **Check the network**
 Make sure the device is connected to the network. Check the network settings, the network cable, and the network router. If the network is not working, try restarting the network router and the device.

8. **Check the device status**
 Check the device status in the system tray. The device status icon in the system tray shows the current status of the device. If the device is not working, the status icon will be red. Click on the status icon to see more details.

9. **Check the device logs**
 Check the device logs for error messages. The device logs contain information about the device's operation and any errors that occur. You can find the device logs in the system tray or in the device's settings.

POWER SUPPLY

IMPORTANT!

- Incorrect use of batteries can cause electrolyte leakage and will corrode the compartment or cause the batteries to burst.
- Do not mix battery types: e.g. alkaline with carbon zinc. Only use batteries of the same type for the set.
- When inserting new batteries, do not try to mix old batteries with the new ones.
- **Batteries contain chemical substances, so they should be disposed of properly.**

Using AC Power

1. Check if the AC power supply, as shown on the **type plate located on the bottom of the set**, corresponds to your local power supply. If it does not, consult your dealer or service center.
2. Connect the power cord to the outlet.
3. To disconnect the power supply, unplug the set from the outlet.

The type plate is located on the bottom of the set.

POWER SUPPLY

BASIC FUNCTIONS

Switching on and off and selecting function

1. To switch on, adjust the **Power** slider to select: **CD, AM** or **FM** function, and operate the respective function controls.
2. To switch off, adjust the **Power** slider to select **(Off)**.

Note : *The volume level (maximum to 20) or **Mega-Sound** and tuner presets, will be retained in the set's memory.*

Adjusting volume and sound (See **2**)

1. Adjust the volume with the **Volume** controls.
→ Display shows the volume level in number from 0-32.
2. To pump up the volume and bass sound to an optimum level in one touch, press **MEGA-Sound**.
3. To deactivate **Mega-Sound** and return to the previous sound setting, press **MEGA-Sound**.

Note : *The **Mega-Sound** feature and **Volume ▲, ▼** controls work exclusively and cannot be combined. Pressing **Volume ▲, ▼** will adjust the volume and deactivate **Mega-Sound**.*

CD PLAYER

Programming track numbers

In the stop position, select and store your CD tracks in the desired sequence. Up to 20 tracks can be stored in the memory.

1. Press **Search** ◀◀ or ▶▶ on the set to select your desired track number.
2. Press **Prog**.
 - Display: **PROG**, *Prog* briefly and your selected track number. (See [5])
 - If you attempt to program without first selecting a track number, *no SE* is shown.
3. Repeat steps **1-2** to select and store all desired tracks.
 - Display: **FULL** if you try to program more than 20 tracks.

Reviewing the program

In the stop position, press and hold **Prog** until the display shows all your stored track numbers in sequence.

Erasing a program

You can erase the program by either:

- pressing ■ twice
 - *CLR* is displayed briefly and **PROG** disappears.
- You select **AM / FM** function.
- Open the CD door.

SAFETY AND MAINTENANCE

SAFETY & MAINTENANCE INFORMATION (See [7])

- Don't expose the set, batteries, CDs to humidity, rain, sand or excessive heat.
- Clean the set with a dry cloth. Don't use any cleaning agents containing alcohol, ammonia, benzene or abrasives as these may harm the set.
- Place the set on a hard and flat surface so that the system does not tilt. Make sure there is good ventilation to prevent the set overheating.
- The mechanical parts of the set contain self-lubricating bearings and must not be oiled or lubricated.

CD player and CD handling

- If the CD player cannot read CDs correctly, use a cleaning CD to clean the lens before taking the set to repair.
- The lens of the CD player should never be touched!
- Sudden changes in the surrounding temperature can cause condensation on the lens of your CD player. Playing a CD is then not possible. Do not attempt to clean the lens but leave the set in a warm environment until the moisture evaporates.
- Always close the CD door to avoid dust on the lens.
- To clean the CD, wipe in a straight line from the center towards the edge using a soft, lint-free cloth. Do not use cleaning agents as they may damage the disc.
- *Never* write on a CD or attach any stickers to it

DIGITAL TUNER

DIGITAL TUNER

Tuning to radio stations

1. Adjust the **Power** slider to **AM** or **FM**.
 - The radio station frequency, waveband are shown (See [3])
2. Press and hold **Search** ◀◀ or ▶▶ until the frequency in the display starts running.
 - The radio automatically tunes to a station of sufficient reception. Display shows *SRCH* during automatic tuning.
3. Repeat step 2 if necessary until you find the desired station.
- To tune to a weak station, press ◀◀ or ▶▶ briefly and repeatedly until you have found optimal reception.

To improve radio reception:

- For **FM**, extend, incline and turn the telescopic antenna. Reduce its length if the signal is too strong.
- For **AM**, the set uses a built-in antenna. Direct this antenna by turning the whole set.

Programming radio stations

You can store up to a total of 30 radio stations (20 FM and 10 AM) in the memory, manually or automatically (Autostore).

DIGITAL TUNER

Manual programming

1. Tune to your desired station (see **Tuning to radio stations**).
2. Press **Prog** to activate programming.
 - **PROG** flashes.
3. Press **Station Presets** ▲ ▼ once or more to select a preset number.
4. Press **Prog** to confirm.
5. Repeat steps 1-4 to store other stations.

Note : You can erase a preset station by storing another frequency in its place.

Autostore

Autostore automatically starts programming radio stations from preset 1. Available stations are programmed in order if the station with sufficient reception strength. Any previous presets e.g. manually programmed will be erased.

- Press **Prog** for 2 seconds or more to activate autostore programming.
 - The display shows *AUTO*, **PROG** blinks, followed by the radio station details when stored.

After all stations are stored, the first preset station will then automatically play.

To listen to a preset station

- Press the **Station Presets** ▲ ▼ buttons once or more until the desired preset station is displayed.

TROUBLESHOOTING

If a fault occurs, first check the points listed below before taking the set for repair.

If you are unable to remedy a problem by following these hints, consult your dealer or service center.

WARNING: *Do not open the set as there is a risk of electric shock. Under no circumstances should you try to repair the set yourself, as this will invalidate the warranty.*

No sound /power

- Volume not adjusted
- Adjust the VOLUME
- Power cord not securely connected
- Connect the AC power cord properly
- Batteries drained/ incorrectly inserted
- Insert (fresh) batteries correctly

Severe radio hum or noise

- Electrical interference: set too close to TV, VCR or computer
- Move the set to increase the distance

Poor radio reception

- Weak radio signal
- FM: Adjust the FM telescopic antenna

α α α indication

- CD badly scratched or dirty
- Replace/ clean CD, see Maintenance
- Laser lens steamed up
- Wait until lens has cleared

α α α indication

- CD-R(W) is blank/ not finalized
- Use a finalized CD-R(W)

α α α indication

- CD contains non-audio files
- Press **Search** \lll or \ggg once or more to skip to a CD audio track, instead of the data file

The CD skips tracks

- CD damaged or dirty
- Replace or clean CD
- SHUFFLE or PROG is active
- Switch off SHUFFLE / PROG

Environmental information

We have done our best to reduce the packaging and make it easy to separate into 3 materials: cardboard, expandable polystyrene, polyethylene.

Your set consists of materials which can be recycled if disassembled by a specialized company. Please observe the local regulations regarding the disposal of packaging, dead batteries and old equipment.

Return your Warranty Registration card today to ensure you receive all the benefits you're entitled to.

- Once your Magnavox purchase is registered, you're eligible to receive all the privileges of owning a Magnavox product.
- So complete and return the Warranty Registration Card enclosed with your purchase at once, and take advantage of these important benefits.

Warranty Verification	Owner Confirmation	Model Registration
Registering your product within 10 days confirms your right to maximum protection under the terms and conditions of your Magnavox warranty.	Your completed Warranty Registration Card serves as verification of ownership in the event of product theft or loss.	Returning your Warranty Registration Card right away guarantees you'll receive all the information and special offers which you qualify for as the owner of your model.

Know these *safety* symbols

 This "bolt of lightning" indicates uninsulated material within your unit which may cause an electrical shock. For the safety of everyone in your household, please do not remove product covering.

 The "exclamation point" calls attention to features for which you should read the enclosed literature closely to prevent operating and maintenance problems.

For Customer Use
 Enter below the Serial No. which is located on the rear of the cabinet. Retain this information for future reference.

Model No. _____

Serial No. _____

WARNING: TO PREVENT FIRE OR SHOCK HAZARD, DO NOT EXPOSE THIS EQUIPMENT TO RAIN OR MOISTURE.

CAUTION: To prevent electric shock, match wide blade of plug to wide slot, and fully insert.

LIMITED WARRANTY

PORTABLE AUDIO

90 Days Free Exchange

This product must be carried in for an exchange.

WHO IS COVERED?

You must have proof of purchase to exchange the product. A sales receipt or other document showing that you purchased the product is considered proof of purchase. Attach it to this owner's manual and keep both nearby.

WHAT IS COVERED?

Warranty coverage begins the day you buy your product. For 90 days thereafter, a defective or inoperative product will be replaced with a new, renewed or comparable product at no charge to you. A replacement product is covered only for the original warranty period. When the warranty on the original product expires, the warranty on the replacement product also expires.

WHAT IS EXCLUDED?

Your warranty does not cover:

- labor charges for installation or setup of the product, adjustment of customer controls on the product, and installation or repair of antenna systems outside of the product.
- product repair and/or part replacement because of misuse, accident, unauthorized repair or other cause not within the control of Magnavox.
- reception problems caused by signal conditions or cable or antenna systems outside the unit.
- a product that requires modification or adaptation to enable it to operate in any country other than the country for which it was designed, manufactured, approved and/or authorized, or repair of products damaged by these modifications.
- incidental or consequential damages resulting from the product. (Some states do not allow the exclusion of incidental or consequential damages, so the above exclusion may not apply to you. This includes, but is not limited to, prerecorded material, whether copyrighted or not copyrighted.)
- a product used for commercial or institutional purposes.

WHERE IS EXCHANGE AVAILABLE?

You may exchange the product in all countries where the product is officially distributed by Magnavox. In countries where Magnavox does not distribute the product, the local Magnavox service organization will attempt to provide a replacement product (although there may be a delay if the appropriate product is not readily available).

BEFORE REQUESTING EXCHANGE...

Please check your owner's manual for assistance. If you have additional questions, call us at 1-800-705-2000.

EXCHANGING A PRODUCT IN U.S.A., PUERTO RICO, OR U.S. VIRGIN ISLANDS...

Contact 1-800-705-2000 to arrange an exchange. Or, ship the product, insured and freight prepaid, and with proof of purchase enclosed, to the address listed below.

Magnavox Exchange Program
Suite A
406 North Irish Street
Greeneville TN 37745

(In U.S.A., Puerto Rico, and U.S. Virgin Islands, all implied warranties, including implied warranties of merchantability and fitness for a particular purpose, are limited in duration to the duration of this express warranty. But, because some states do not allow limitations on how long an implied warranty may last, this limitation may not apply to you.)

EXCHANGING A PRODUCT IN CANADA...

Please contact Magnavox at:

1-800-661-6162 (French Speaking)
1-800-705-2000 (English or Spanish Speaking)

(In Canada, this warranty is given in lieu of all other warranties. No other warranties are expressed or implied, including any implied warranties of merchantability or fitness for a particular purpose. Magnavox is not liable under any circumstances for any direct, indirect, special, incidental or consequential damages, howsoever incurred, even if notified of the possibility of such damages.)

REMEMBER...

Please record below the model and serial numbers found on the product. Also, please fill out and mail your warranty registration card promptly. It will be easier for us to notify you if necessary.

This warranty gives you specific legal rights. You may have other rights which vary from state/province to state/province.

Magnavox, P.O. Box 520890, Miami, FL 33152, USA, (402) 536-4171

EL6516T002 / 8-02

INSTRUCCIONES IMPORTANTES DE SEGURIDAD

1. Lea estas instrucciones.
2. Conserve estas instrucciones.
3. Lea todos los avisos.
4. Siga todas las instrucciones.
5. No utilice este aparato cerca del agua.
6. Para limpiar el aparato utilice sólo un trapo seco.
7. No tape las aperturas de ventilación. Proceda a su instalación de acuerdo con las instrucciones del fabricante.
8. No instale el equipo cerca de fuentes de calor – Como radiadores, calentadores, estufas o cualquier otro aparato (incluyendo los amplificadores) generador de calor.

9. No anule la seguridad de la clavija de corriente (ya sea de tipo polarizado o con toma de tierra).

Clavija polarizada de CA

Las clavijas polarizadas tienen dos patillas, una más ancha que la otra. Las que disponen de toma de tierra tienen dos patillas y una tercera que es la de conexión a tierra. Tanto la patilla más ancha como la toma de tierra han sido incorporadas a la clavija para su seguridad personal. Si la clavija suministrada con el equipo no es compatible con su toma de corriente, consulte a un electricista para sustituir la toma de corriente obsoleta.

10. Proteja debidamente el cable impidiendo que pueda pisarse o incluso perforarse, especialmente en la parte más próxima a la clavija y en el punto de salida del equipo.
11. Utilice exclusivamente aquellos dispositivos/ accesorios recomendados por el fabricante.

12.

Coloque el equipo **exclusivamente** sobre aquellos carros, bases, trípodes, soportes o mesas especificados por el comerciante o vendidos con el equipo. Cuando utilice un carro, tenga cuidado al desplazar el conjunto carro/ equipo para evitar posibles daños por vuelco.

13. **Desenchufe el aparato** durante tormentas eléctricas o cuando no vaya a ser utilizado durante largo tiempo.

14. **Confíe el mantenimiento y las reparaciones** a personal técnico especializado. El equipo deberá repararse siempre que haya resultado dañado de alguna manera, como por ejemplo por daños en el cable o en la clavija, por derrame de líquido sobre el equipo, por objetos que hubieran podido introducirse en su interior, por exposición del equipo a la lluvia o a ambientes húmedos, cuando el equipo no funcione con normalidad o cuando hubiera sufrido algún tipo de caída.

15. **Uso de las pilas – ADVERTENCIA:** Para prevenir escapes en las pilas, que pueden ocasionar lesiones físicas, daños a su propiedad o dañar la unidad:

- Instale **todas** las pilas correctamente, + y - como está marcado en la unidad.
- No mezcle las pilas (**viejas** con **nuevas** o **de carbono** y **alcalinas**, etc.).
- Extraiga las pilas cuando no vaya a usar la unidad durante largo tiempo.

EL 6475-S003: 02/8

Símbolo del equipo Clase II

Este símbolo indica que la unidad tiene un sistema doble de aislamiento.

INSTRUCCIONES IMPORTANTES DE MANTENIMIENTO

1. Antes de cualquier mantenimiento, asegure el equipo y desconecte el cable de alimentación. Mantenga las manos secas y use herramientas adecuadas.

2. No toque los componentes internos del equipo, especialmente los cables de alta tensión, ya que pueden causar lesiones graves o la muerte.

3. No opere el equipo si encuentra signos de daño, como cables sueltos, cables quemados o olores anormales.

4. No use líquidos para limpiar el equipo. Limpie solo con un paño seco y suave. Evite el uso de productos de limpieza abrasivos.

5. No coloque el equipo en un ambiente húmedo o con temperaturas extremas. Mantenga el equipo en un lugar fresco y seco.

6. No modifique el equipo ni intente repararlo usted mismo. Si necesita mantenimiento, consulte a un técnico autorizado.

7. Mantenga el equipo protegido de la lluvia y la humedad. No lo use al aire libre si no está diseñado para ello.

8. No toque el equipo si está caliente. Espere a que se enfríe antes de tocarlo.

9. No use el equipo si el cable de alimentación está dañado o si el enchufe no coincide con el tomacorriente de su instalación.

10. No use el equipo si el cable de alimentación está enrollado o doblado, ya que esto puede causar sobrecalentamiento.

11. No use el equipo si el cable de alimentación está cerca de agua o líquidos.

12. No use el equipo si el cable de alimentación está cerca de objetos inflamables.

13. No use el equipo si el cable de alimentación está cerca de cables eléctricos sueltos.

14. No use el equipo si el cable de alimentación está cerca de cables de alta tensión.

15. No use el equipo si el cable de alimentación está cerca de cables de fibra óptica.

16. No use el equipo si el cable de alimentación está cerca de cables de cobre.

17. No use el equipo si el cable de alimentación está cerca de cables de aluminio.

18. No use el equipo si el cable de alimentación está cerca de cables de acero.

19. No use el equipo si el cable de alimentación está cerca de cables de níquel.

El aparato cumple las normas FCC, Parte 15 y 21 CFR 1040.10.

Funcionamiento dependiente de dos condiciones siguientes:

- 1. Este aparato no puede provocar interferencia dañina, y*
- 2. Este aparato debe aceptar cualquier interferencia recibida, incluyendo las interferencias que pueden provocar un funcionamiento insuficiente.*

ACCESORIES

1 x el cable de alimentación

PANELES SUPERIOR Y FRONTAL (Véase [1])

- ① **PUSH OPEN** - levante aquí para abrir la puerta del CD.
- ② **Volume ▲ , ▼** - ajusta el nivel del sonido.

Sintonizador - (bajar, subir) para sintonizar emisoras.
- ⑧ **Prog** - programa pistas de CD y estaciones de radio, revisa el programa.
- ⑨ **Station Presets ▲ ▼ , -** - para seleccionar una presintonía (subir/bajar).
- ⑩ **Mode** - selecciona un modo de reproducción diferente **REPEAT** (repetición) o **SHUFFLE** (en orden aleatorio).
- ⑪ Botón deslizante **Power** - selecciona las fuentes de sonido **CD/ AM / FM / (Off)** y también apaga el aparato (**(Off)**).

PANEL POSTERIOR (Véase [1])

- ⑫ **Antena telescópica** - mejora la recepción de FM.
- ⑬ **AC MAINS** - entrada para el cable de alimentación.
- ⑭ **Tapa del compartimento de las pilas**

ATENCIÓN

El uso de mandos o ajustes o la ejecución de métodos que no sean los aquí descritos puede ocasionar peligro de exposición a radiación.

SUMINISTRO DE ENERGÍA

Si desea aumentar la duración de las pilas, utilice el suministro de la red. Antes de introducir las pilas, desconecte el enchufe del aparato y el de la toma mural.

PILAS (no incluido)

- Abra el compartimento e inserte seis pilas, tipo **R-20, UM-1** o **D-cells**, (preferiblemente alcalinas) con las polaridades correctas. (Véase [6])

1. GENERAL

1.1. This manual contains the following information:

1.2. The engine is a four-stroke, single-cylinder, carburetor type.

1.3. The engine is designed for use in the following conditions:

1.4. The engine is designed for use in the following conditions:

1.5. The engine is designed for use in the following conditions:

1.6. The engine is designed for use in the following conditions:

1.7. The engine is designed for use in the following conditions:

1.8. The engine is designed for use in the following conditions:

1.9. The engine is designed for use in the following conditions:

1.10. The engine is designed for use in the following conditions:

1.11. The engine is designed for use in the following conditions:

1.12. The engine is designed for use in the following conditions:

1.13. The engine is designed for use in the following conditions:

1.14. The engine is designed for use in the following conditions:

1.15. The engine is designed for use in the following conditions:

1.16. The engine is designed for use in the following conditions:

1.17. The engine is designed for use in the following conditions:

1.18. The engine is designed for use in the following conditions:

1.19. The engine is designed for use in the following conditions:

1.20. The engine is designed for use in the following conditions:

1.21. The engine is designed for use in the following conditions:

1.22. The engine is designed for use in the following conditions:

1.23. The engine is designed for use in the following conditions:

1.24. The engine is designed for use in the following conditions:

1.25. The engine is designed for use in the following conditions:

1.26. The engine is designed for use in the following conditions:

1.27. The engine is designed for use in the following conditions:

1.28. The engine is designed for use in the following conditions:

2. SPECIFICATIONS

2.1. The engine is designed for use in the following conditions:

2.2. The engine is designed for use in the following conditions:

2.3. The engine is designed for use in the following conditions:

2.4. The engine is designed for use in the following conditions:

2.5. The engine is designed for use in the following conditions:

2.6. The engine is designed for use in the following conditions:

2.7. The engine is designed for use in the following conditions:

2.18. The engine is designed for use in the following conditions:

2.19. The engine is designed for use in the following conditions:

2.20. The engine is designed for use in the following conditions:

2.21. The engine is designed for use in the following conditions:

2.22. The engine is designed for use in the following conditions:

2.23. The engine is designed for use in the following conditions:

2.24. The engine is designed for use in the following conditions:

2.25. The engine is designed for use in the following conditions:

2.26. The engine is designed for use in the following conditions:

2.27. The engine is designed for use in the following conditions:

2.28. The engine is designed for use in the following conditions:

REPRODUCTOR DE CD

Reproducción de un CD

Este reproductor de CD reproduce Discos Audio incluyendo CD-Recordable y CD-Rewritables.

1. Seleccione la fuente **CD**.
2. Abrir la puerta del CD.
→ *OPEN* aparece.
3. Introduzca un CD con la parte impresa hacia arriba y para cerrar la puerta del CD.
→ *NO CD* cuando no hay colocado un CD, CD está dañado, sucio o insertado incorrectamente.
→ *NO F CD* si ha introducido un CD-R(W) no finalizado.
4. Pulse **▶||** para comenzar la reproducción.
→ *DATA* si su CD contiene ficheros de datos, es decir, ficheros que no son de audio.
5. Para interrumpir la reproducción pulse **▶||**. Pulse de nuevo **▶||** para reanudar la reproducción.
→ Pantalla: ▶ parpadea durante pausa.
6. Para detener la reproducción del CD, pulse **■**.

Advertencia : la reproducción del CD se para también cuando

- la puerta del CD está abierta;
- el CD ha llegado al final
- selecciona otra fuente **AM / FM**.

Para seleccionar otra pista diferente

- Pulse **Search** **◀◀** o **▶▶** una o más veces para seleccionar el número de pista deseada.
- Si está en la posición de parada (pause) / parada (stop), deberá pulsar **▶||** para comenzar la reproducción.

REPRODUCTOR DE CD

Búsqueda de un fragmento en una pista

1. Mantenga pulsado **Search** **◀◀** o **▶▶**.
– El CD se reproduce a alta velocidad y con un volumen reducido.
2. Una vez identificado el fragmento que desea, suelte **◀◀** o **▶▶**.

Advertencia : Mientras se reproduce un programa de CD o si permanece activado **SHUFFLE/ REPEAT**, la búsqueda sólo se puede realizar dentro de la pista.

Modos diferentes de reproducción:

SHUFFLE y REPEAT

Se pueden seleccionar y cambiar los diferentes modos antes o durante la reproducción. Los modos de reproducción pueden también combinarse con PROG.

(Véase [4])

SHUFFLE - para reproducir un programa o todas las pistas del CD en un orden aleatorio

SHUFFLE REPEAT ALL - para repetir un programa o el CD completo en un orden aleatorio

REPEAT ALL - para repetir un programa o el CD completo

REPEAT - para reproducir continuamente la pista actual

1. Para seleccionar el modo de reproducción deseado, pulse **Mode** una o más veces.
2. Si está en la posición de parada (stop), pulse **▶||** para comenzar la reproducción.
3. Para volver a la reproducción normal, pulse **Mode** hasta que dejen de mostrarse los diferentes modos.
– También se puede pulsar **■** para desactivar el modo de reproducción.

SUMINISTRO DE ENERGÍA

¡IMPORTANTE!

- Una utilización incorrecta de las pilas puede ocasionar un derrame electrolítico y la corrosión del compartimento o provocar un reventón de las mismas.
- No mezcle los tipos de pilas, por ej. las alcalinas con las de carbono-zinc. Utilice únicamente pilas del mismo tipo.
- Cuando vaya a introducir las pilas, no mezcle las gastadas con las nuevas.
- **Las pilas contienen sustancias químicas, de manera que siga las instrucciones a la hora de deshacerse de ellas.**

Utilización de la energía ca

1. Compruebe que el voltaje **que se indica en la placa tipo situada en la parte posterior del aparato**, coincide con el del suministro de la red local. De lo contrario, consulte con su distribuidor o centro de servicio.
2. Conecte el cable de alimentación al enchufe mural para ponerlo en funcionamiento.
3. Para desconectarlo completamente de la red, desenchúfelo de la toma mural.

La placa de especificaciones está situada en la parte inferior del equipo.

SUMINISTRO DE ENERGÍA

FUNCIONES BÁSICAS

Encendido/apagado y seleccionado la fuente

1. Deslice el botón deslizante **Power** para seleccionar: **CD**, **AM** o **FM** deslizante, y utilice los controles de función respectivos.
2. El equipo se apaga situando el interruptor **Power** en la posición **(Off)**.

Nota : Los ajustes de volumen (máximo a 20), o el sonido **Mega-Sound**, y las emisoras de radio presintonizadas se conservarán en la memoria del equipo.

Ajustes de volumen y sonido (Véase [2])

1. Ajustar el volumen utilizando el control **Volume**.
→ La pantalla muestra el nivel de volumen un número del 0 al 32.
2. Para ajustar el sonido de graves y el volumen en el nivel óptimo en un tacto, pulse **MEGA-Sound**.
3. Para desactivar **Mega-Sound** y volver al ajuste anterior del sonido, pulse **MEGA-Sound**.

Note : Los controles **Mega-Sound** y **Volume ▲ , ▼** funcionan exclusivamente y no puede combinar. Pulsando **Volume ▲ , ▼** ajustará el volumen y desactivará **Mega-Sound**.

REMARKS TO THE USER

INTRODUCTION

The purpose of this manual is to provide the user with the information necessary to use the product correctly and safely.

This manual contains the following information:

- Description of the product
- Safety instructions
- Installation instructions

The user must read this manual carefully before using the product. It is the user's responsibility to ensure that the product is used in accordance with the instructions.

The manufacturer is not responsible for any damage or injury caused by the use of the product in violation of the instructions.

SAFETY INSTRUCTIONS

Read the instructions carefully before using the product. Failure to follow the instructions may result in injury or damage to the product.

Do not use the product if you are under the influence of alcohol or drugs, or if you are tired or distracted.

Do not use the product in a way that is not intended by the manufacturer.

Do not use the product in a way that could cause fire, explosion, or other hazards.

Do not use the product in a way that could cause damage to the environment or other property.

DESCRIPTION OF THE PRODUCT

GENERAL INFORMATION

The product is designed for use in a dry, indoor environment. It is not suitable for use in wet or outdoor conditions.

The product is intended for use by adults only. It is not suitable for use by children or the elderly.

The product is not to be used as a substitute for professional advice or services.

The product is not to be used in a way that could cause damage to the product or other property.

INSTALLATION AND MAINTENANCE

Read the instructions carefully before installing the product. Failure to follow the instructions may result in injury or damage to the product.

Do not attempt to install the product yourself. Contact a qualified technician for assistance.

Do not attempt to repair the product yourself. Contact a qualified technician for assistance.

Do not use the product if you notice any signs of wear or damage. Contact a qualified technician for assistance.

REPRODUCTOR DE CD

Programación de números de pistas

Efectúe la programación en la posición de parada (stop) para seleccionar y almacenar las pistas de su CD en la secuencia que prefiera. Se pueden almacenar en la memoria hasta un total de 20 pistas.

1. Utilice **Search** ◀◀ o ▶▶ en el aparato, para seleccionar el número de pista deseada.
2. Pulse **Prog**.
 - Pantalla: **PROG**, *Prog* y el número de pista seleccionado aparece brevemente. (Véase [5])
 - Si intenta la programación sin haber seleccionado un número de pista, aparece en pantalla *no SE*.
3. Repita los pasos del 1 al 2 para seleccionar y memorizar todas las pistas deseadas.
 - Si intenta almacenar más de 20 pistas, aparece en pantalla *FULL*.

Revisión de un programa

En la posición de parada (stop) o durante la reproducción, mantenga pulsado **Prog** durante algunos momentos hasta que la pantalla muestre todos los números de pista almacenados secuencialmente.

Borrado de un programa

Maneras de borrar un programa:

- pulse dos veces ■ durante la reproducción
 - Desaparece **PROG** y la pantalla muestra brevemente *CLR*.
- conmutando a otra fuente: **AM / FM**.
- pulse el botón de apertura de la puerta del CD.

INFORMACIÓN DE SEGURIDAD Y MANTENIMIENTO

INFORMACIÓN DE SEGURIDAD Y MANTENIMIENTO (Véase [7])

- No exponga el aparato, las pilas, los CD a la humedad, lluvia, arena o al calor excesivo causado por sistemas de calefacción o la luz directa del sol.
- Para limpiar el aparato, utilice una gamuza suave, ligeramente humedecida. No utilice productos de limpieza que contengan alcohol, amoníaco, bencina o abrasivos ya que éstos pueden dañar la caja.
- Coloque el aparato sobre una superficie lisa para que no quede en posición inclinada. Asegúrese de que la ventilación es adecuada evitar la acumulación de calor dentro del mismo.
- La parte mecánica del aparato contiene contactos autolubricantes y no se deben engrasar o aceitar.

Reproductor de CD y manejo de un CD

- Si el reproductor de CD no lee los discos correctamente, utilice un disco limpiador antes de llevar el aparato a reparar. Un método diferente de limpieza podría destruir la lente.
- ¡No toque nunca la lente del CD!
- Los cambios repentinos de temperatura en las proximidades pueden provocar una acumulación de humedad en la lente del reproductor de CD. En tal caso, se imposibilitará la reproducción. No intente limpiar la lente, simplemente coloque el aparato en un ambiente cálido hasta que se disipe el vapor.
- Mantenga el compartimento del CD siempre cerrado para evitar la acumulación de polvo en la lente.
- Para limpiar el CD, utilice un paño suave sin pelusas y páselo desde el centro hacia los bordes. No utilice productos de limpieza que puedan dañar el disco.
- *Nunca* escriba o coloque pegatinas en el CD.

OPERATIONS

1. The purpose of this manual is to provide the user with the information necessary to operate the equipment safely and effectively. This manual should be read carefully before operating the equipment for the first time and should be kept handy for future reference.

2. The user should read this manual carefully before operating the equipment for the first time and should keep it handy for future reference. This manual contains important information that must be read and understood before operating the equipment. The user should read this manual carefully before operating the equipment for the first time and should keep it handy for future reference.

SAFETY PRECAUTIONS

1. Read and understand all safety instructions before operating the equipment. Failure to do so may result in injury or death.

OPERATION

1. Before operating the equipment, the user should read and understand all safety instructions. Failure to do so may result in injury or death.

MAINTENANCE

REGULAR MAINTENANCE

1. The user should read and understand all safety instructions before operating the equipment. Failure to do so may result in injury or death.

2. The user should read and understand all safety instructions before operating the equipment. Failure to do so may result in injury or death.

REPAIRS AND PARTS

1. The user should read and understand all safety instructions before operating the equipment. Failure to do so may result in injury or death.

ADDITIONAL INFORMATION

1. The user should read and understand all safety instructions before operating the equipment. Failure to do so may result in injury or death.

SINTONIZADOR DIGITAL

Sintonización de emisoras

1. Seleccione la fuente **AM** o **FM**.
 - Seguidamente se muestran la frecuencia de la emisora de radio, la onda de banda y, si almacenado, el número de la emisora preestablecida.
(Véase [3])
2. Pulse **Search** **◀◀** o **▶▶** y suelte cuando la frecuencia comience a cambiar en la pantalla.
 - El sintonizador sintoniza automáticamente con una emisora de suficiente intensidad de señal. Durante la sintonización automática, la pantalla muestra *Scrch*.
- 3 Repita el punto 2 tantas veces como sea necesario hasta que encuentre la emisora deseada.
- Para sintonizar con una estación de señal débil, pulse **◀◀** o **▶▶** breve y repetidamente hasta que alcance una recepción óptima.

Para mejorar la recepción de la radio:

- Para **FM**, saque la antena telescópica. Incline y de vueltas a la antena. Reduzca la longitud de la misma si la señal es demasiado fuerte.
- Para **AM**, el aparato posee una antena incorporada, de manera que no se necesita la telescópica. Para manejarla, de vueltas al aparato.

Programación de emisoras de radio

Se pueden almacenar en la memoria hasta un total de 30 emisoras (20 FM e 10 AM) o automáticamente (Almacenamiento automático).

SINTONIZADOR DIGITAL

Manual Sintonización

1. Sintonice con la emisora que desee (vea: **Sintonización de emisoras**).
2. Pulse **Prog** para activar la programación.
 - Parpadea **PROG**.
3. Pulse **Station Presets** **▲ ▼** para seleccionar una presintonía.
4. Pulse **Prog** de nuevo para confirmar el ajuste.
5. Repita los números del 1 al 4 para almacenar otras emisoras.

Advertencia : Se puede sustituir una presintonía simplemente almacenando otra en su lugar.

Programacion automatica

La programacion automatica comienza con la primera emisora presintonizada. Las emisoras de radio disponibles seran programado segun fuerza de la recepcion del banda. Las emisoras programadas anteriormente seran substituidas por las emisoras nuevas.

- Pulse **Prog** durante 2 segundos o mas para activar la programacion automatica.
 - El pantalla mostrara *AUTO* y **PROG** parpade, seguido por mas informacion sobre la emisora de radio cuando esta programado.

Despues de que se hayan programado todas las emisoras, la primera emisora programada comenzara a sonar automaticamente.

Sintonización de emisoras memorizadas

- Pulse **Station Presets** **▲ ▼** hasta que aparezca en pantalla la presintonía deseada.

Customer Service

Customer Service is the department of a company that is responsible for providing information and assistance to customers. This includes answering questions, resolving complaints, and providing product demonstrations. Customer service is a critical part of a company's success, as it helps to build customer loyalty and repeat business.

Customer service is a key component of a company's overall strategy. It helps to build customer loyalty and repeat business, which are essential for long-term success. Customer service is also a key factor in a company's reputation, as it helps to build trust and credibility with customers.

Customer Service Skills

Customer service skills are the abilities and qualities that are necessary for a customer service representative to be successful. These skills include communication, problem-solving, and customer service. Customer service representatives should be able to communicate effectively with customers, both in person and over the phone. They should also be able to solve problems and provide excellent customer service.

Customer service is a key component of a company's overall strategy. It helps to build customer loyalty and repeat business, which are essential for long-term success. Customer service is also a key factor in a company's reputation, as it helps to build trust and credibility with customers.

PROBLEMAS Y SOLUCIONES

Si ocurre una avería, siga los consejos que se dan más abajo antes de llevar el aparato a reparar. Si, después de haber seguido estos consejos, no logra solucionar el problema, consulte a su distribuidor o centro de servicio.

PRECAUCIÓN: *No abra el aparato ya que puede recibir una descarga eléctrica. No trate de reparar el aparato Vd. mismo ya que tal acción invalidaría la garantía.*

No hay sonido/energía

- *VOLUME no está ajustado*
- Ajuste VOLUME
- *El cable de red no está bien conectado*
- Conéctelo bien
- *Pilas gastadas/insertadas incorrectamente*
- Inserte las pilas (nuevas) correctamente
- *Los auriculares están conectados*
- Desconéctelos

Fuerte zumbido o ruido en la radio

- *Interferencias eléctricas: el aparato está demasiado cerca del TV, VCR u ordenador*
- Aumente la distancia

La recepción de la radio es débil

- *La señal es demasiado débil*
- FM: Para obtener una recepción óptima, dirija la antena telescópica

Indicación *n^o c d*

- *El CD está rayado o sucio*
- Cambie/ limpie el CD, vea Mantenimiento
- *La lente láser tiene humedad*
- Espere hasta que la humedad se evapore

Indicación *n^F c d*

- *El CD-R(W) es virgen o no está bien acabado*
- Utilice un CD-R(W) acabado

Indicación *d R L R*

- *El CD contiene ficheros que no son de audio*
- Pulse **Search** **◀◀** o **▶▶** una o más veces para saltar a una pista de audio de CD en lugar de ir al fichero de datos

El CD salta de pista

- *El CD está dañado o sucio*
- Cambie o limpie el CD
- *Está activado SHUFFLE o PROG*
- Desactive SHUFFLE / PROG

Información medioambiental

El embalaje está compuesto de tres materiales fácilmente separables: cartón (la caja), poliestireno expandible (amortiguación) y polietileno (bolsas, plancha protectora de espuma).

El aparato está fabricado con materiales que se pueden reciclar si son desmontados por una empresa especializada. Observe las normas locales concernientes a la eliminación de estos materiales, pilas usadas y equipos desechables.

Envíe hoy su Tarjeta de Registro de la Garantía para recibir todas las ventajas correspondientes.

- Una vez que se registre la compra de su aparato Magnavox, Ud. tiene derecho a todas las ventajas correspondientes al dueño de un producto Magnavox.
- Sírvase llenar y devolver en seguida la Tarjeta de Registro de la Garantía empacada con su aparato y saque provecho de estas ventajas importantes.

• Verificación de la garantía

Registre su producto dentro de 10 días para confirmar su derecho a máxima protección bajo los términos y condiciones de la garantía de Magnavox.

• Confirmación del dueño

Su Tarjeta de Registro de la Garantía comprueba que Ud. es el dueño del aparato en caso de robo o pérdida del producto.

• Registro del modelo

La devolución inmediata de su Tarjeta de Registro de la Garantía le garantiza que recibirá toda la información y todas las promociones especiales que le corresponden por ser el dueño de su modelo.

Conozca estos

simbolos de *seguridad*

 El símbolo del «rayo» indica que algún material no aislado dentro de su unidad podría resultar en una sacudida eléctrica. Para la seguridad de todos, favor de no remover la cubierta del producto.

 El «signo de exclamación» le llama la atención a características sobre las que Ud. debe leer la información adjunta detenidamente para evitar problemas de funcionamiento y mantenimiento.

Para uso del cliente:

Escriba abajo el número de serie que se encuentra en el panel posterior. Guarde esta información para el futuro.

No. de modelo _____

No. de serie _____

ADVERTENCIA: PARA EVITAR EL RIESGO DE SACUDIDA ELECTRICA O INCENDIO, NO EXPONGA ESTE EQUIPO A LLUVIA NI A HUMEDAD.

PRECAUCION: Para evitar sacudida eléctrica, introduzca la patilla ancha del enchufe al fondo de la ranura ancha.

How to Use the Diagrams and Tables in This Manual

The diagrams and tables in this manual are designed to help you understand the operation of the equipment. They are arranged in a logical order, starting with the basic components and moving on to the more complex systems. The diagrams are clear and easy to read, and the tables provide a concise summary of the data.

The diagram is a detailed representation of the system's internal structure. It shows the flow of information or materials between different parts of the machine. The components are labeled with alphanumeric codes, and the connections are shown as solid or dashed lines. This diagram is essential for understanding how the system as a whole functions.

This diagram illustrates a specific component or sub-system. It shows the internal structure and the flow of data or materials. The labels and symbols are consistent with those used in the larger diagram, allowing for easy comparison and understanding of the part's role in the overall system.

The diagram shows the relationship between the component and the rest of the system. It highlights the input and output points, and the internal processes that take place. This level of detail is necessary for troubleshooting and maintenance, as it allows the user to identify and isolate specific problems.

The diagram is a clear and concise representation of the system's architecture. It provides a visual overview of the system's components and their interactions. This is particularly useful for new users who are learning about the equipment for the first time.

The diagram is a valuable tool for understanding the system's operation. It provides a visual aid that can help the user to identify and solve problems more quickly and effectively. The clear and concise presentation of the information makes it easy to use and understand.

GARANTIA LIMITADA

SISTEMA DE AUDIO PORTATIL

Cambio gratis por 90 días

Se necesita presentarse en persona con este producto para cambiarlo.

¿QUIEN TIENE PROTECCION?

Usted debe tener su comprobante de venta para cambiar el producto. Una nota de venta u otro documento mostrando que usted compró el producto se considera un comprobante de venta. Adjúntelo a este manual de instrucciones y reténgalo a la mano.

¿QUE CUBRE?

La protección bajo la garantía comienza el mismo día en que usted compra el producto. Durante 90 días a partir de esta fecha, se reemplazará un producto inoperante o defectuoso con otro nuevo, renovado o comparable sin cargo alguno. Un producto de reemplazo tiene cobertura sólo durante el período de la garantía original. Una vez que vence la garantía original del producto, también habrá vencido la garantía del producto de reemplazo.

¿QUE EXCLUYE LA GARANTIA?

Su garantía no cubre:

- cobros por mano de obra durante la instalación o montaje del producto, ajuste de los controles del cliente o de preferencia e instalación o reparación de los sistemas con antena fuera de la unidad.
- reparación del producto y/o reemplazo de piezas, a raíz de uso indebido, accidente, reparación no autorizada u otra causa no bajo el control de Magnavox.
- problemas de recepción ocasionados por condiciones de señales o sistemas de cable o de antena fuera de la unidad.
- un producto que requiera modificación o adaptación para que opere en un país que no sea el país para el que fue concebido, fabricado, aprobado y/o autorizado, o la reparación de productos dañados por tales modificaciones.
- daños incidentales o consecuentes que resulten del producto. (Algunos estados no permiten la exclusión por daños incidentales o consecuentes, de modo que es posible que la exclusión arriba indicada no le sea aplicable a usted. Esto incluye, sin limitarse, materiales pregrabados con o sin amparo de derechos de autor.)
- una unidad que se ha usado para fines comerciales o institucionales.

¿DONDE SE EFECTUA EL CAMBIO?

Usted puede cambiar el producto en todos los países con distribución oficial del producto por Magnavox. En países donde Magnavox no distribuye el producto, la entidad local de servicio Magnavox tratará de darle un producto de reemplazo (aunque puede haber demora si el producto apropiado no está fácilmente disponible).

ANTES DE PEDIR UN CAMBIO...

Por favor, consulte su manual del usuario si necesita ayuda. Si tiene más preguntas, llámenos al 1-800-705-2000.

PARA CAMBIAR UN PRODUCTO EN LOS EE.UU., PUERTO RICO O LAS ISLAS VIRGENES...

Contacte con el 1-800-705-2000 para concertar un cambio. También, usted puede enviar el producto con el seguro y transporte o franqueo prepagados, adjuntando el comprobante de venta y enviándolo a la dirección a continuación:

Magnavox Exchange Program
Suite A
406 North Irish Street
Greeneville TN 37745

(En los EE.UU., Puerto Rico o las Islas Virgenes, toda garantía implícita, inclusive las garantías implícitas de comerciabilidad y aptitud para un propósito en particular, están limitadas en cuanto a duración al plazo de esta garantía expresa. Puesto que algunos estados no permiten limitaciones sobre la duración de una garantía implícita, es posible que la limitación arriba indicada no le sea aplicable a usted.)

PARA CAMBIAR UN PRODUCTO EN EL CANADA...

Favor de comunicarse con Magnavox al:

1-800-661-6162 (francófono)
1-800-705-2000 (anglófono o hispanohablante)

(En el Canadá, esta garantía es otorgada en lugar de toda otra garantía. No se otorga ninguna otra garantía expresa ni implícita, comprendiéndose aquí ninguna garantía implícita de comerciabilidad o aptitud para propósito alguno. Magnavox no será responsable bajo circunstancia alguna por daños y perjuicios directos, indirectos, especiales, incidentales o consecuentes, independientemente de la manera ocasionada, aún con notificación de la posibilidad de los mismos.)

RECUERDE...

Favor de anotar los números de modelo y serie del producto en el espacio abajo. También, sírvase llenar y enviar oportunamente su tarjeta de registro de la garantía. Así nos será más fácil notificarle en caso de ser necesario.

Modelo No. _____

Serie No. _____

Esta garantía le otorga derechos legales específicos y usted podría gozar de otros derechos que varían de un estado a otro.
