T
1. Read these instructions.
2. Keep these instructions.
3. Heed all warnings.
4. Follow all instructions.
5. Do not use this apparatus near water.
6. Clean only with dry cloth.
7. Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.
8. Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
9. Do not defeat the safety purpose of the polarized or grounding-type plug. A polarized plug has two blades with one wider than the other. A grounding type plug has two blades and a third grounding prong. The wide blade or the third prong are provided for your safety. If the provided plug does not fit into your outlet, consult an electrician for replacement of the obsolete outlet.
10. Protect the power cord from being walked on or pinched particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.
11. Only use attachments/accessories specified by the manufacturer.
12. Use only with the cart, stand, tripod, bracket, or table specified by the manufacturer, or sold with the apparatus. When a cart is used, use caution when moving the cart/apparatus combination to avoid injury from tip-over.

13. Unplug this apparatus during lightning storms or when unused for long periods of time.
14. Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.
15. To Reduce the Risk of Fire or Electric Shock, Do not Expose This Appliance To Rain or Moisture.
16. The Shock Hazard Marking and Associated Graphical Symbol is provided on the bottom panel of unit.
17. Apparatus shall not be exposed to dripping or splashing and no objects filled with liquids, shall not be placed on the apparatus.

NOTE:
　This battery pack (PS530P-E, PS5XXX-X) is just for SDV620-B and SDV620-XX use only.

DVD

Thank you for purchasing this Tablet DVD player. Please read this manual carefully before operating and reserve it for future reference. It will be helpful to you if you encounter any operational problem.

WARNING: TO REDUCE THE RISK OF FIRE OR ELECTRIC SHOCK,
                DO NOT EXPOSE THIS APPLIANCE TO RAIN OR
                MOISTURE, DRIPPING OR SPLASHING AND THAT NO
                OBJECTS FILLED WITH LIQUIDS, SUCH AS VASES,
                SHALL BE PLACED ON THE APPARATUS.
                DANGEROUS HIGH VOLTAGES ARE PRESENT
                INSIDE THE ENCLOSURE. DO NOT OPEN THE CABINET.
                REFER SERVICING TO QUALIFIED PERSONNEL ONLY.

ATTENTION: TO PREVENT ELECTRIC SHOCK, MATCH WIDE BLADE
                OF PLUG TO WIDE SLOT, FULLY INSERT.

LASER: This Digital Video Disc player employs a Laser System.
                To ensure proper use of this product, please read this owner s
                manual carefully and retain for future reference. Should the
                unit require maintenance, contact an authorized service
                location - see service procedure.

                Use of controls, adjustments or the performance of procedures
                other than those specified may result in hazardous radiation
                exposure.
                To prevent direct exposure to laser beam, do not try to open the
                enclosure.
                Visible and invisible laser radiation when open and interlocks
                defeated.
                DO NOT STARE INTO BEAM

LASER		CLASS 1 LASER PRODUCT
Type	Semiconductor laser GaAIAs	
Wave length	650 nm/780nm	
Output Power	5mW	
Beam divergence	60degree	

CAUTION :

These servicing instructions are for use by qualified service personnel only.To reduce the risk of electric shock, do not perform any servicing other than that contained in the operating instructions unless you are qualified to do so.

WARNING :

To reduce the risk of fire or electric shock, do not expose this appliance to rain or moisture.

CAUTION :

Use of controls or adjustments or performance of procedures those specified may result in hazardous radiation exposure.

CAUTION

RISK OF ELECTRIC SHOCK. DO NOT OPEN

To reduce the risk of electric shock, do not remove cover (or back). No user serviceable parts inside. Refer servicing to qualified service personnel.

⚡ SA 1965	DANGEROUS VOLTAGE	The lightning flash with arrowhead symbol,with in an equilateral triangle, is intended to alert user to the presence of uninsulated "dangerous voltage" within the product enclosure that may be of sufficient magnitude to constitute a risk of electric shock to persons.
⚠ SA 1966	INSTRUCTION	The exclamation point within an equilateral triangle is intended to alert the user to the presence of important operating and maintenance (servicing) instruction in the literature accompanying the appliance.

CAUTION :

INVISIBLE LASER RADIATION WHEN OPEN AND INTERLOCK FAILED OR DEFEATED.
AVOID DIRECT EXPOSURE TO LASER BEAM.

CAUTIONS ON USING THIS PLAYER

1 DO NOT MOVE THE PLAYER DURING PLAYBACK

During playback, the disc spins at high speed. So do not lift or move the player.
Doing so may damage the disc.

2 TRANSPORTING THE PLAYER

Before transporting the player, be sure to remove the disc and turn off the
power, then unplug the power cord.

3 PLACE OF INSTALLATION

Select a stable place near the TV or stereo system to which you are going to
connect the player.

Do not place the player on top of a TV or color monitor.

Install the player away from cassette decks or other devices which are easily
affected by magnetic forces.

4 DO NOT PLACE OBJECTS ON THE TOP OF THE PLAYER

Do not expose this apparatus to rain, moisture, dripping or splashing and no
objects filled with liquids, such as vases, shall be placed on the apparatus.

5 TURN OFF THE POWER WHEN NOT USING THE PLAYER

If the player is connected to your TV but not in use, switch the power off. It can
avoid interference to your normal TV picture.

Noise problems may also be experienced if used near a radio.

6 SPECIAL NOTE REGARDING USE OF PLAYER IN VEHICLES

■ We strongly advise against using the player while driving.

■ Most countries and states have laws which prohibit or severely restrict the
use of the player in vehicles while driving.

■ Do not leave the player or the battery pack in places where the temperature
is extremely low (about-10°C [14°F] or lower) or extremely high (about 60°C
[140°F] or higher), such as inside the passenger cabin or trunk in
midsummer. Doing so may warp the outer case or reduce the performance
or quality of the battery pack.

7 WHEN USING WITH CAR POWER CABLE IN CARS

Please turn on the engine and then connect with the car power cable for using.

8 CLEANING THE PLAYER

Normally clean the player with a soft, dry cloth. For tough dirt, apply some neutral detergent diluted in 5 to 6 parts water to a soft cloth, wring out thoroughly. Wipe off the dirt, then wipe off the player with a dry cloth. Note that alcohol, thinner, benzene, insecticides, etc., may cause the print or coating to peel off. Also avoid leaving rubber or plastic products in contact with the player for long periods of time, as this may damage the cabinet. When using chemically treated cloths, read the cloth's instructions carefully. Always unplug the power cord from the power outlet before cleaning the player.

9 COPYRIGHTS

Unauthorized duplication, broadcast, public performance or rental of discs is prohibited by law.

DVD

TYPES OF DISCS PLAYABLE ON THIS PLAYER

■ The discs listed on the table below can be played on this player without an adapter.

■ The marks shown on the table below are indicated on the disc's label, package or jacket.

Types of playable discs and their marks	Diameter/Playable sides		Playback time
DVD-Video disc **DVD** V I D E O ™	DVD video 12cm/single-sided 12cm/double-sided	1 layer 2 layer 1 layer 2 layer	Playback time (MPEG 2 format) 133 minutes (4.7GB) 242 minutes (8.5GB) 266 minutes (9.4GB) 484 minutes (17GB)
	DVD video 8 cm/single-sided 8 cm/double-sided	1 layer 2 layer 1 layer 2 layer	(MPEG 2 format) 41 minutes 75 minutes 82 minutes 150 minutes
CD **COMPACT** **disc** **DIGITAL AUDIO**	CD 12 cm/single-sided		74 minutes
	CD 8 cm/single-sided		20 minutes

Marks indicated on DVDs

DVD discs or packages include the marks shown below. These marks indicate the type of video or audio signals recorded on the disc and the functions that can be used.

Mark	Meaning
②))	Indicates the number of audio tracks.
⌗₃	Indicates the number of angles.
16 : 9 LB	Indicates the selectable picture aspect ratio.
🌐 🌐	Indicates the playable region number.

NOTES ON USING THE REMOTE CONTROL UNIT

- Do not drop or step on the remote control unit or subject it to shocks.
- Note that the remote control unit may not work if there are obstacles between it and the remote sensor.
- Do not expose the remote sensor to strong light. Doing so may make operation impossible.
- Use the remote control unit within the specified operating range.

REPLACING THE BATTERY

1 Insert your finger nails into A and B on the diagram below, press A according to the direction, then pull out the battery holder.
3 Fit the battery holder back to its place.
2 Remove the old battery, then insert the new battery into the battery holder with the + side facing upwards.
Lithium   battery (CR2025)

NOTE:

- To prevent leakage of fluid from the lithium battery, remove the battery when not using the remote control unit for long periods of time (one month or more). If the battery leaks fluid, carefully wipe it out of the battery case, then change to a new lithium battery.
- Caution: The battery may present a risk of fire if mistreated. Do not recharge, disassemble, heat it above 100℃ [212℉]. Replace battery with the same type.
- Dispose of used battery properly, keep away from children and do not dispose of in fire.

DVD

OPERATION OF THE BATTERY PACK

■ Charge the battery pack fully before using it for the first time.

■ When the surrounding temperature is high, the battery pack may sometimes be unusable due to activation of protection circuitry.

■ When the tablet DVD player is used with the battery pack and has no disc or stops for about 10 minutes with power on, it will turn off automatically. (Auto power off) The battery pack and the tablet DVD player become hot during use. This is not malfunction.

■ When the battery pack is not to be used for a long period, be sure to remove it from the tablet DVD player. If the battery pack is left attached, continual flow of weak current renders it overdischarged and eventually unusable even when you try to charge it later.

■ If the tablet DVD player is switched on while the battery pack is not fully charged, the operation may sometimes be unstable. Be sure to charge the battery pack fully before use.

STORAGE

■ The battery pack should be stored under a surrounding temperature between 15°C [59°F] and 25°C[77°F]. Avoid storing it under extremely low temperature, in a place with high temperature and high humidity or in a place subject to soot, etc.

■ When the battery pack is stored for a long period, at least once a year it is recommended to discharge it fully on the tablet DVD player, recharge it fully again and store it.

SERVICE LIFE AND DISPOSAL

■ When the charging time or available operation time becomes extremely short, the battery may reach the end of its life. The battery pack can be used for about 300 cycles of recharging and operations.

■ To dispose of a used battery pack, wrap a piece of tape around the terminal section and treat it in compliance with your local regulations.

Caution:

■ Danger of explosion if battery is incorrectly replaced.
■ Replace only with the same or equivalent type.

ENTERTAINMENT ■

■ Be sure to switch the power to "OFF" while recharging. It will take about 3 hours.

■ Battery will be recharged slowly in AC power operation mode.

■ When the battery is connected, turn on the player and press OSD button. Symbol " ▭ " will be displayed. This symbol indicates the battery's capacity.

■ While the battery is almost worn out, " ▭ " will flash to remind you.
REMOVING BATTERY PACK

Set the power switch of the player to off, then operate as described below to remove the battery pack.

1 Slide the COVER OPEN SWITCH of battery compartment to the OPEN position and the battery compartment cover will be opened.

Step 1

Step 2

Step 3
2 Switch the BATTERY LOCKER to the right and the battery pack will be popped out.

3 Pull out the battery pack .

AC POWER OPERATION

1 Connect the AC/DC adapter to the DC IN socket on player.

2 Connect the AC/DC adapter to the power outlet. Now the player can be operated.

CAUTION:

■ Be sure to use the AC/DC adapter provided with the player or provided by the right manufactory.

■ Before inserting or removing the AC/DC adapter, always be sure to set the power switch of the player to off.

THE AV IN/OUT FUNCTION

DVD

AV IN/OUT
SWITCH

AUDIO IN/OUT — — VIDEO IN/OUT
When push the **AV IN/OUT** switch to **IN**, the player will stop normal playback and act as a TFT MONITOR.

NOTE:

Avoid to input AV signal from AV JACK when the player is set to AV OUT, or interference will be caused to affect current playback and lower down playing quality.

Since the SCREEN FORMAT and TV SCREEN can not be adjusted at AV IN, please setup them right at AV OUT status and then switch to AV IN mode.

If no AV signal is inputted to the player when it has been set to AV IN mode, there will be no display on the screen.

ENTERTAINMENT

DVD

TURNING ON THE POWER
1 Connect the AC/DC adapter to power outlet.

2 Connect the DC output plug of the adapter to the DC input jack on the main unit.

3 Switch the POWER button to ON position.
Hint:

The included AC/DC adapter is compatible with voltage from 100 to 240 V, you can use it on trips overseas.

Note that you need a converter plug (available in stores) suited for the region in which you are travelling.

POWER

TURNING OFF THE POWER

1 When the power is on, switch the power button to OFF position.

2 Unplug the power cord from the power outlet.

3 Disconnect the AC/DC adapter from the player's DC input jack.

DVD

LOADING
1 Press OPEN button and slide to open.

2 Place in disc and press down the disc with your fingers near the center hole.
A click is heard.

Notes:

• Set the disc securely. Failure to set it securely could result in damage.
• Do not use cracked or warped discs. Doing so could result in damage.
• Place single-sided DVDs or CDs in with the label (printed) side facing upwards.
 For double-sided DVDs, check each side carefully, then place the disc in securely (until a click is heard).
• For CDs or one-sided DVDs, you do not have to worry about touching the label (printed) side of the disc with your fingers. Since two-sided DVDs, have signals recorded on both sides, so be careful not to scratch them when removing them from the player.

3 Close the disc cover.

DVD

PLAYBACK

1. Turn on the power of the player.
2. Open the disc cover.
3. Insert a disc correctly.
4. Close the cover.
5. The player will load the disc and play automatically. If the disc cannot be played, push the ► button.

PLAY/PAUSE
STOP PLAYBACK

1 Press ■ on the key board or on the remote control while playing.
2 The player remembers the stopping place.
3 To resume playback from the point where it stopped just press ► key.
4 To clear stopping mark, press ■ again at stop status. The player will not play from the stopping place when pressing ► next time.

STOP
PAUSE PLAYBACK

3. **MP3 ICON**

4. **JPEG ICON**

■ Use ↑/↓/←/→ to move the cursor to a folder, a file, MP3 ICON or JPEG ICON.

■ In order to play Mp3 files, move the cursor to MP3 ICON and press ENTER button. In order to play JPEG files, move the cursor to JPEG ICON and press ENTER button.

■ Choose the desired file and press ENTER to play.

■ Press A-B button to have A-B REPEAT function; press REPEAT button to switch repeat mode(REP1,REP DIR, REP ALL, REP OFF). REP1 means repeating the track; REP DIR means repeating the folder; REP ALL means repeating the whole disc.

■ You can press the NUMBER buttons to select the file you want to play. For
  example, if you desire the 15th track in current list, press the "+10" button once,
  then press "5". The 15th starts playback.

■ When playing JPEG pictures, press the PROGRAM button to choose the pictures
  switched mode.

■ When a picture is playing or at pause status, press the ♦/ ♦/◄/➤ buttons to rotate
  the picture.

  Up: flip vertical

  Down: flip horizontal

  Left: rotate 90 counter-clockwise

  Right: rotate 90 clockwise

■ When a JPEG list screen is displayed, press the MENU button, the screen
  displays small pictures. Up to 12 small pictures are displayed per screen.
  Press the NEXT button to go forward and the PREV button to go back to the
  previous page. You can also select and play a picture in full screen by pressing
  its number.

  In order to return back JPEG List screen, press TITLE button.

GENERAL STEPS OF SETUP

1 Press the SETUP button on the remote control, the main setup menu appears.

🖥	⅀≣	🕐	🖵	⇅

EXIT SETUP	
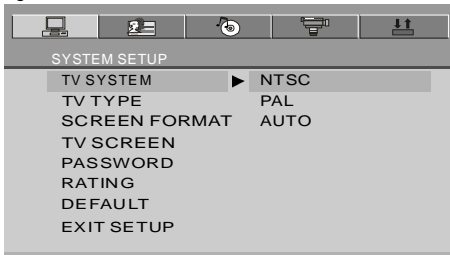

NOTE:

Setting with incorrect TV system will result in black and white picture on your TV screen.

TV TYPE

16 : 9 (Wide Screen): Choose this setting if your DVD player is connected to a wide screen TV. If you choose this setting and you don't have a wide screen TV, the images on the screen may appear distorted due to vertical compression.

4 : 3 LB (Letter Box): Choose this setting if your DVD player is connected to a normal ratio TV. You'll see the movies in their original aspect ratio (height-to-width ratio). You'll see the entire frame of the movie. The movie might appear with black bars at the top and bottom of the screen.

4 : 3 PS (Pan & Scan): Choose this setting if your DVD player is connected to a normal ratio TV. You can fill the movie to the entire screen of your TV. This might mean that parts of the picture (the left and right edges) won't be seen.

PASSWORD

The PASSWORD option allows you to set up the rating limits and lock your player to control the type of content your family watches. The parental control feature is a rating system for DVDs, like movie ratings.
When the player is locked, you need to enter the password in order to play discs that have a higher rating than what you've allowed. If the player is unlocked, no password is required to play discs. Even if you've set rating limits, they won't be enforced until the player is locked.

```
NOTES:

There is no prest password when the player is shipped from the factory. It is unlocked, if you want to use the PASSWORD feature, you must set the rating limits and lock the player with the menu.
Once the player is unlocked, you can change the password to any 4-digit number.
If you forget your password, enter the factory preset password: 0000.

RATING

The rating feature works with DVD discs that have been assigned a rating. This helps you to control the types of DVDs that the player can be watched.

- There are eight limited rating options: KID SAFE, G, PG, Pg13, PG-R, R, NC-17, ADULT.
- The default setting is ADULT.

NOTE:

If your preferred language isn't available, the disc's default language will be played. The default language of your DVD player is English.

DVD

AUDIO OUT

Highlight the AUDIO OUT option, and press the Arrow buttons to choose the audio output mode you prefer. Press ENTER to confirm:

There are 3 optional audio output modes: SPDIF/OFF, SPDIF / RAW and SPDIF/ PCM.

- SPDIF/OFF: Choose this setting to output analog signal, and there will be no signal outputted from coaxial jack.
- SPDIF/ RAW: Choose this setting if your DVD player is connected to a power amplifier with a coaxial cable. When playing a disc recorded with Dolby Digital, and MPEG audio formats, the corresponding digital signals will be outputted from the Coaxial Output jack.
- SPDIF / PCM: Choose this setting if your DVD player is connected to a 2-channel digital stereo amplifier. When playing a disc recorded with Dolby Digital and MPEG audio formats, audio signals will be modulated into a 2-channel PCM signal, and it will be outputted from the Coaxial Output jack .
