⚠ Safety Precautions

Please read carefully before start using the unit. There are 3 different warnings used throughout this manual. We are liable for the accidents and/or damaged caused due to negligent use of the unit.

* ⚠ Danger : May cause death or serious injury if ignored

* ⚠ Warning : There is a possibility of death of serious injury if ignored

* ⚠ Attention : May cause injury or damage to the unit in some cases

⚠ Safety Precautions

⚠ Danger

● Do not disassemble or modify the product.

● Keep unit away from heat and direct sunlight.

● Do not drop the unit.
● Do not touch with wet hands.

● Do not use earphones while riding a bicycle or motorcycle, or while driving a car.

⚠ Caution

● Distributing music files without authorization is against copyright law.

⚠ Safety Precautions

⚠ Warning

● Avoid humidity and dust.

● Listening to loud music may cause hearing loss.

● Using chemical or other cleansers may damage the unit's surface.

● The manufacturer is not responsible for any damages caused to data saved in the unit if caused by user. We do not guarantee that data will not be lost during service or repair.

● Reset the unit immediately if you detect excessive heat is being generated by the unit. Contact an service center.

⚠ Safety Precautions

Safety Matters for AC Adaptor (Optional accessory)

⚡ ● **To avoid shock do not open the unit.** ⚠

● Non-insulated parts in the AC adaptor may cause electric shock. Don t open the adaptor case.

● Carefully read the manual for instructions on proper use of the AC adaptor.

WARNING

Prevent the AC adaptor from contacting water to avoid fire or electric shock. Use enclosed adaptor in the package only to ensure the safety. (Manufacturer is not responsible for any trouble caused by using other adaptors).

NOTE

Use correct outlet socket to connect with the power plug to avoid electric shock. The power plug shall not be exposed outside when it is successfully connected into the socket.

⚠ Safety Precautions

Built-in Battery

● Don't use a damaged built-in battery or AC adaptor.

● Exceeding the recommended recharging time may cause a fire.

● Fully recharge the battery before initial use or after a lengthy period of inactivity.

● When the battery no longer holds its charge despite being fully recharged; it's time to replace it.

● To avoid fire or electric shock do not allow metal parts on the DC converter to come in contact with conductive materials such as metals, water etc.

● To prevent fire and electric shock avoid contact with water.

Special Features

World's smallest Mp3 Player
Super compact size (24*24*24mm) and weighs only 18 grams. A fully featured MP3/audio player that fits in the palm of you hand!

OLED Display
Self Emitting Blue OLED Display combined with blue letters brings new beauty to the unit. OLED provides superior sharpness, brilliance and easy to read display.

Five Preset EQ modes plus one User-set EQ mode
Features 5 preset equalization modes; Normal/ Rock/ Jazz/ Classic/ Pop and you can also customize equalization to suit your sound.

SRS Function
3D surrounding and superior Base enhances your music listening experience.

File Navigation System and Unlimited Folder Capacity
The player can play MP3 files saved in multiple folders. Those files and folders can be selected and played as if in a Windows environment.

Easy & Convenient Clock
Built in clock keeps you on time.

Special Features

PC Peripheral Device
By connecting the product to PC, the Windows system automatically recognizes it as a removable disk. No additional software needed. It can also be used as storage for other types of files.

FM Radio receptor and recorder
Enjoy FM radio listening as well as digital music files (MP3/WMA). It can also record your FM programming which allows you to listen to it over and over or to save it on your PC.

Voice Recorder
Built in high quality microphone allows you to record your voice.

Built-in Lithium-Polymer Battery
No extra battery or recharger is required. This advanced battery system is easily recharged by connecting into the USB port on your PC.

Resume Function in Second Unit
Settings are automatically restored when the unit is powered ON in case of sudden power down.

Firmware Upgradeable
Firmware is easily upgradeable to new features and functions.

Technical Specifications

Functions	Items	Specifications

Recharging

To recharge the battery use the USB cable to connect the unit to the PC.
Note!

- It takes approx 3 hours to completely recharge a fully discharged battery.
- Recharging is not interrupted while downloading/uploading files from/to PC.
- Recharge the product using USB cable when LCD screen is not activated.

Power

1. When the unit is turned on initially it may take few seconds before displaying current battery status.

(Full) ➡ (Mid) ➡ (Low)

2. Duration of continuous play.

① 10 hours under the following conditions:
② MP3: 128Kbps, 44.1 Khz
③ Volume is set no higher than 20
④ LCD is OFF

※ When to recharge the battery

① Buttons are not functioning properly.
② LCD is not activated by pushing the power button.
③ LCD shows "Low Battery"

Connecting to a PC

Note!

- What is USB (Universal Serial Bus)? This is a new connection system between PC and peripheral devices.

- Connect the USB cable supplied with the product into a USB port in PC. Any unexpected error can happen when connecting to the USB port in front of PC or USB hub.

- Windows version 98SE or lower will not detect the DAH-1500i as a peripheral device. To have your PC detect the player Install the Program CD supplied.

USB cable connection

Connect one end of the cable into a USB port on the back of your PC and the other end to the earphone jack of the DAH-1500i.
Disconnecting

■ **Windows ME, 2000 and XP Operating Systems**

1 Double click on the green arrow on the right-bottom part of the initial Window screen.

3:27 AM

Double Click
2 Click on "Stop" and "OK" after selecting USB High Capacity Storage Device

Click

Click

Disconnecting

3 Click "OK" on "Safe To Remove Hardware" window and remove the cable.

Safe To Remove Hardware

The 'USB Mass Storage Device' device can now be safely removed from the system.

OK

Click

■ Disconnecting with Windows 98SE

Open "My Computer" or Windows "Search". Select "Removable Disk". Using the right mouse button select "Remove". Remove the USB cable.

Click
Note!

● Removing the cable without following the instructions above will display a warning message and may cause a fatal error in PC or the product.
● Removing the cable while downloading or uploading files, or while formatting files may cause a fatal error in PC or the product.

8 Program

Installing the Program CD

System Requirements

Minimum requirements for PC system are as follows
- Microsoft OS (Windows 98SE, ME, 2000 or XP)
- CD-ROM Drive
- Pentium 200Mhz or more
- RAM 32MB or more (64MB for Windows ME or later version)
- 128MB or more hard disk space
  (Additional hard disk may be needed for saving music files)
- USB port available
- Mac. 9.X-X

Installing the Program CD

- The Program CD allows you to upload or download files without installing other additional software.

- For Windows 98SE Users: install the software first before using the player (otherwise, PC will not detect the player as a peripheral).

- For Windows 2000/ME/XP Users: install the provided program CD if you are upgrading Firmware

Downloading/ Uploading Files

Downloading/ Uploading Files

Note!

- The unit downloads or uploads all types of data files (*.jpg,*.xls,*.hwp,...). It functions as a removable disk as well as an MP3 player.

1. To download files connect USB cable, select your file and right click on Copy".
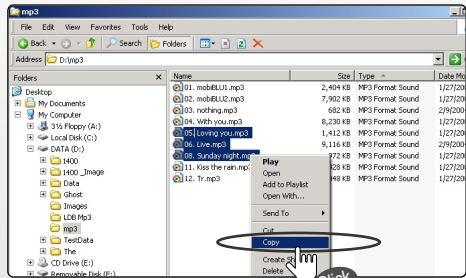

Downloading/ Uploading Files

Downloading/ Uploading Files

2. Click on "Paste" in Removable Disk" window using right mouse button.
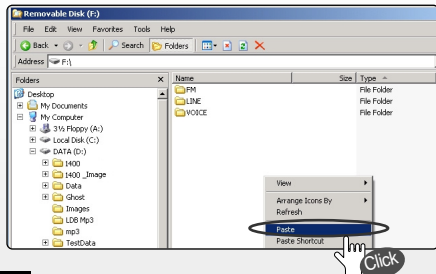

Note!

- Your PC will identify your cube as a removable disk under "My Computer"
- Do not remove the USB cable while transferring files. Doing so may cause fatal error in the PC or player.

Downloading/ Uploading Files

Troubleshooting

1. Unit will not turn ON?

- Check the battery capacity.
- Recharge the battery with USB cable.
- Check to see if the unit is on HOLD.

2. Buttons are not working?

?

- Check to see if the unit is in Hold Mode.

Troubleshooting

3. Files are heard with a lot of interference?

- Ensure that earphones are inserted securely into the unit.
- Check your volume setting.
- Electronics in the immediate environment may be interfering with unit functioning.

4. Too much noise with interrupted FM receiving?

- Ensure that earphones are inserted securely into the unit.
- Electronics in the immediate environment may be interfering with unit functioning.

Troubleshooting

Troubleshooting

5. Problems downloading files?

- Check USB cable connection.
- Check available memory capacity.

6. LCD is not activated?
- Check LCD brightness setting (Setting → Display →Contrast).
- Check the battery. Recharge it with a USB cable if needed.

FCC RF INTERFERENCE STATEMENT

Note

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures.

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio, TV technician for help.
- Only a shielded interface cable should be used.

Finally, any changes or modifications to the equipment by the user not expressly approved by the guarantee or manufacturer could void the warranty the users authority to operate such equipment.

CAUTION

Changes or modifications not expressly approved by the manufacturer could void the warranty.

THIS DEVICE COMPLIES WITH PART 15 OF THE FCC RULES. OPERATION IS SUBJECT TO THE FOLLOWING TWO CONDITIONS: (1) THIS DEVICE MAY NOT CAUSE HARMFUL INTERFERENCE, AND (2) THIS DEVICE MUST ACCEPT ANY INTERFERENCE RECEIVED INCLUDING INTERFERENCE THAT MAY CAUSE UNDESIRED OPERATION.

1 year from the date of purchase

HW) Hyun Won Inc.

● You need to present this Warranty Card with the date of purchase written thereon when required in order to receive satisfactory services. Please keep this card in a secure place.

1. The warranty service for the product shall be provided based on the information contained in this Warranty Card.
2. The warranty service is available effective from the date of purchase, so please put the date of purchase on this Warranty Card. (If the date of purchase is not identified in the card, the effective warranty period will start from the date 6 months from the date of manufacture.)
3. This Warranty Card can not be reissued

The design and size of the product are subject to change without prior notice in order to improve product quality.
