Quick Start Guide

*You may find in the box the line adaptor delivered separately from the line cable. **In this case, you have to connect the line adaptor to the line cord first before plugging the line cord to the line socket.**

In multihandset packs, you will find one or more additional handsets, chargers with power supply units and additional rechargeable batteries.
WARNING Always use the cables and batteries that came with your phone.

---

1 Connect
Connect the base station

1. Place the base station in a central location near the telephone line socket and electricity socket.
2. Connect the line cord and the power cable to their corresponding connectors at the back of the base station.
3. Connect the other end of the line cord and power cable to their respective sockets.

2 Install
Insert rechargeable batteries and charge

Insert batteries

Charge handset for 24 hours

Configure your phone (if necessary)
After charging your phone for a few minutes, a Welcome screen may appear depending on the country where you live. If the Welcome screen appears:
1. Press menu to display a list of countries.
2. Scroll to find your country.
3. Press menu **OK** to confirm your selection.

Set date and time
1. Press menu in idle mode, scroll to **CLOCK/ALARM** and press menu **OK**, press menu **OK** to enter **DATE & TIME**.
2. The last stored date is displayed. Enter the current date (DD/MM) and press menu **OK**.
3. The last stored time is displayed. Enter the current time (HH:MM) and press menu **OK** to confirm.
A validation tone is emitted and your phone is now ready for use.

3 Enjoy
