Dimensions

- **Master carton quantity:** 2
- **Packaging type:** D-box
- **Product dimensions (W x H x D):** 260 x 30 x 180 mm
- **Product weight:** 1.3 kg
- **Master carton dimensions:** 418 x 356 x 403 mm
- **Master carton weight:** 9.5 kg
- **Packaging dimensions (W x H x D):** 394 x 321 x 191 mm

Tuner/Reception/Transmission

- **DVB:** DVB Terrestrial *

Video Decoding

- **Aspect Ratio:** 16:9, 4:3, 4:3 Letterbox
- **Reception-Demodulation:** MPEG-2 DVB compliant

Product highlights

Play DVD/DivX® & MPEG4

With DivX® support, you are able to enjoy DivX® encoded videos in the comfort of your living room. The DivX® media format is an MPEG4-based video compression technology that enables you to save large files like movies, trailers and music videos on media like CD-R/RW, memory cards and DVD-video. DivX® CDs can be played back on selected DVD players, DVD Recorders and Home Theater Systems.

Zero Bright Dot™ screen

Enjoy highest-quality images that are free from annoying blank spots on the LCD screen. LCD displays commonly have imperfections, termed as 'bright dots' by the LCD industry. A limited number of bright dots were once considered an inevitable side effect of LCD mass production. With Philips' strict quality control procedures used in our Portable DVD Players, our LCD displays are produced with zero tolerance for bright dots. Select Portable DVD Players come with Philips Zero Bright Dot™ Policy to guarantee optimal screen quality.

Support DVB-T

Expand your entertainment experience and enjoy digital channel programs - for free. With DVB-T (Digital Video Broadcasting - Terrestrial), you can receive free digital TV and radio programs in Europe. The signal is kept digital without any analog steps in between, to preserve the highest quality.
