## Product highlights

### Powerful speaker drivers

Powerful speaker drivers produce ultra realistic sound, totally immersing you in the game.

### Bass Pipe

Thanks to an acoustically-tuned air channel that turbo-charges the bass notes, you enjoy fantastic realism and a truly involved listening experience.

### Wide stereo soundstage

These portable speakers create a natural stereo sound stage when they are placed apart, this gives the impression that each musical instrument occupies a different physical space. The effect is more realistic and more enjoyable.

### Compact and lightweight

Small and lightweight you'll hardly notice it's with you. Pop it in your pocket or bag and take it anywhere.

### For portable equipment

Universal use with all portable entertainment equipment. Simply connect using the 3.5mm plug.

### No batteries required

For extra convenience, no batteries are required in these portable speakers. They are powered by the portable audio player's output signal.

### Plug & play speakers

The 'plug & play' feature saves you time because you simply connect the speakers to the portable audio player as you would normally connect the headphones, by using the jack plug.
