## Product highlights

### 24 carat gold-plated connector

24 carat gold-plated connectors ensure the best signal quality for your components.

### High purity copper

This copper conductor provides high accuracy in signal transfer with minimal resistance.

### Braided shielding

Copper braided reinforced aluminum shielding protects against signal loss and interference.

### Color-coded connectors

Color coded connections make it easy to install your cable into the correct inputs and outputs

### Plug and play

Plug and play offers easy installation of components without time-consuming installations.

### Power Adapter Included

Power adapter included

### Metal shell

The metal shell protects the internal connection of the cable. It ensures durability and the reliability of your connection.

### Flexible PVC Jacket

Flexible PVC jacket provided protection to the delicate core of the cable. It also offers extended durability and ease of installation.

### Rubber strain relief
