- Power Voltage: 110-240V, 50/60Hz
- Power Cons. in Play / Std-By: 12.3/3.6
- Equipment Supplied: Remote Control, Batteries, Aerial Cable
- Weight incl. / excl. package in kg: 4.2/3.2
- Set Size - W x D x H (mm): 360x242x94
- Packaging - W x D x H (mm): 458x357x163

Color

- Front, side panels: Red Silver
- Cover: Red Silver

Product Highlights

• Digital Studio Picture Control

Digital Studio Picture Control keeps checking the quality of your videotapes and reproduces the best possible picture performance. Philips' Digital Studio Picture Control optimises the record and the playback quality. It measures the characteristics of the tape, adapts the record characteristics/resolution and reduces the picture noise.

• SMART Picture

With this unique feature, you can adapt the picture to your own preference: you can enhance the contours on a cartoon or suppress the noise from a rental tape. We offer you the possibility to play your tapes the way you like to see them.

• Turbo Timer

Is Timer Programming complicated? No!
Is Timer Programming time consuming? No!
Just push the Turbo Timer button on the remote control and follow the Mini Guide on the rear side of your Remote Control. The display of your VCR asks you for the start and end time as well as the channel number. That's it. Just a number of seconds.

• ShowGuard™

From now on you never have to programme your timer or channel presets again after you VCR has been disconnected from the power supply for a long time. Due to ShowGuard the timer programmes and channel presets are stored in a memory forever. You can change the timer programmes and channel presets but you can never lose them.

• Multibrand Remote Control

Your Remote Control can control not only your VCR but also your TV. You can select from a large variety of supported brands.

• Turbo Drive

Turbo Drive is not only a synonym for winding and rewinding at very high speed. It also stands for other high performance Deck features. The built-in Head Cleaner removes dirt from the video heads each time you put in a cassette. The new Dirty Head Warning feature will display a message on the TV screen whenever it is recommended to use a cleaning tape to overcome severe dirt coating. In addition there's a Tape Position Indicator, which shows on your TV screen the progress of winding and rewinding of the tape in real time.
