# INSTRUCTION MANUAL

RCA

LCD TV

RLC3209

IMPORTANT

Please read this manual carefully before installing and operating the TV

Keep this manual handy for further reference

Table of Contents

Caution

The lightening flash with arrowhead symbol, within an equilateral triangle is intended to alert the user to the presence of un-insulated "dangerous voltage" within the products enclosure that may be of sufficient magnitude to constitute a risk of electric shock to the persons.

The exclamation point within an equilateral triangle is intend to alert the user to the presence of important operating and maintenance (servicing) instructions in the literature accompanying the appliance.

Correct disposal of this Product

Waste Electrical & Electronic Equipment (WEEE)
Your product is designed and manufactured with high quality materials and components which can be recycled and reused.
This symbol means that electrical and electronic equipment, at their end-of-life, should be disposed of separately from your household waste.
Please dispose of this equipment at your local community waste collection/recycling centre.
In the European Union there are separate collection systems for used electrical and electronic products. Please help us to conserve the environment we live in!

2

Important Safety Precautions

1) Read these instructions.

2) Keep these instructions.

3) Heed all warnings.

4) Follow all instructions.

5) Do not use this apparatus near water.

6) Clean only with dry cloth.

7) Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.

8) Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.

9) Do not defeat the safety purpose of the polarized or grounding-type plug. A polarized plug has two blades with one wider than the other. A grounding type plug has two blades and a third grounding prong. The wide blade or the third prong are provided for your safety, If the provided plug does not fit into your outlet, consult an electrician for replacement of the obsolete outlet.

10) Protect the power cord from being walked on or pinched particularly at Plugs, convenience receptacles, and the point where they exit from the apparatus.

11) Only use attachments /accessories specified by the manufacturer.

12) Use only with the cart, stand, tripod, bracket, or table specified by the manufacturer, or sold with the apparatus. When a cart is used caution when moving the cart/apparatus combination to avoid injury tip-over.

13) Unplug this apparatus during lightning storms or when unused for long periods of time.

Caution:

14) To reduce the risk of fire or electric shock, do not expose this apparatus to rain or moisture.2

15）The apparatus shall be disconnected from the mains by placing the power/standby switch in the standby position and unplugging the power cord of the apparatus from the AC mains receptacle.

16) The socket-out shall be installed near the equipment and shall be easily accessible.

17) This product should never be placed in a built-in installation such as a bookcase or rack unless proper ventilation is provided or the manufacture's instructions have been adhered to.

18) The apparatus shall not be exposed to dripping or splashing and that no objects filled with liquid, such as vases, shall be placed on the apparatus.

19) Do not place any sources of danger on the apparatus (e.g. liquid filled objects, lighted candles).

20) Wall or Ceiling Mounting - The appliance should be mounted to a wall or ceiling only as recommended by the manufacturer.

These servicing instructions are for use by qualified service personnel only. To reduce the risk of electric shock do not perform any servicing other than that contained in the operating instructions. unless you are qualified to do so.

3

1   First put the TV on the table smoothly and put some soft close on the table to avoid scratching the screen.

2   User the screw driver to take off the 6pcs screws which are fixed on the bottom stand (the direction of the arrow, refer to the figure 1). And take out the bottom stand (please keep the screws and bottom stand carefully)

figure 1

Figure2

3. Mounting steps（See below figures 1 to 4 for details）:

Step 1: Decide whether or not to use padding behind the wall mount brackets.
Step 2: Locate and fix the wall mount brackets with 8 studs into the wooden part of the plasterboard
        wall, Details see Figure2.
Step 3: Be sure that the wall mount brackets are level with each other.
Step 4: Hang the unit on the secured wall mount brackets.
        To ensure a reliable and sturdy installation, please consult a professional installer before
        mounting the unit to the wall.
        Moreover, the spacers can be used in combination to adjust unit's distance from the wall
        in order to match the mounted Flat-Panel TV. When using the 1/4", 1/2", 3/4", 1" padding,
        longer screws must be purchased.
