Precautions

1. Do not drop or put weight on the unit.

2. Do not get water on the unit
● If it got wet, remove the battery, dry it with towel and contact a
service center.

3. Keep out of humid, hot or magnetic places.

4. Do not clean it with thinner, alcohol or benzene.

Troubleshooting

Software does not work.
● Refer to page 28.(computer environment)

yepp does not work and the LCD displays nothing.
● Check the battery capacity
● Check to see if the battery is inserted correctly ($\oplus$ $\ominus$)

The buttons do not work.
● Check to see if HOLD switch is set.

**In PLAY mode, music is not played after
pressing the PLAY button**
● Check to see if MP3 files are saved in the built-in memory.

MP3 files cannot be downloaded.
● Check to see if the driver is installed correctly in the computer.
● Check the connection between yepp and computer.

Backlight does not work.
● Check the backlight setup.
● When the battery power is low, the backlight
will go out.

yepp keeps being turned off.
● In Stop mode, the power is automatically
turned off after five seconds.
● Check to see if there are files saved in it.

**Something's wrong with play time displayed
during Play mode.**
● Check to see if it is playing VBR(Variable Bit Rate) files.
VBR files are not fully supported.

LCD window is dark
● Check Contrast

Strange letters are displayed
● Check the font set up.

Security

You can get legal MP3 files from a growing number of internet sites.

What is SecuMax?

With the increasing amount of digital multimedia content, the content providers became concerned with the ease in which the content could be copied and distributed in violation of their copyrights. This matter required the system called SecuMAX for protecting copyrighted music and for using legal content conveniently.
It is the reason SecuMAX has been developed.
● SecuMAX protects the copyrighted music against infringement.
● SecuMAX can be adapted to various types of digital contents.

For further details on SecuMAX, please visit www. samsungyepp.com

Internet Site

● www.cddb.com

• Music CD-related data is provided through the internet from the CDDB™ Music CD Database.

Specifications

Model	YP-30S
Processor	18MHz, 20bit RISC
Memory capacity	64MB of Built-in memory
Voltage	1.5V
Battery	One AAA / Lasting 5 hours (Alkaline battery)
Dimensions/Weight	44 X 65 X 14.5 mm/34g (1.73" X 2.56" X 0.57"/1.2 oz. without a battery
Case	Aluminum/Plastic
File Transfer Speed	Maximum 7Mbps
Noise Ratio	85dB with 20kHz LPF
Earphones Jack Output Power	5mW @ 16 Ω
Output Frequency Range	20Hz~20kHz
Operating Temperature range	-5 ~ +35°C (23 ~ 95F)

Safety Information

FCC Part 15: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, this notice is not a guarantee that interference will not occur in a particular installaion. If this equipment does cause harmful interference to radio or television reception, which can be detemined by turning the equipment off and on, the user is encouraged to try one or more of the following measures:

● Reorient or relocate the receiving antenna.

● Increase the distance between the equipment and receiver.

● Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.

● Consult the dealer or an experienced radio/TV technician.

Modifications

Any changes or modifications not expressly approved by the grantee of this device could void the user's authority to operate the device.

Compliance

This product conforms to the following Council Directive:
● Directive 89/336/EEC, 92/31/EEC(EMC)

Declaration of Conformity

Name: Samsung Electronics Co., Ltd
Address: 416, Maetan-3Dong, Paldal-Gu, Suwon City, Kyungki-Do, Korea 442-742
declares under its sole responsibility that the product
Trade Name: Samsung Electronics Co., Ltd
Model Number: YP-30S
has been tested according to the FCC/CISPR22/95 requirements for Class B devices and found compliant with the following standards

EMI/EMC: AnSI C63.4 1992, FCC Part 15 Subpart B
This device complies with part 15 of the FCC Rules.
Operation is subject to the following two conditions:
1. This device may not cause harmful interference, and
2. This device must accept any interference received, including interference that may cause undesirable operation.

Warranty

Samsung warrants this product as free of defects in material, design and workmanship for the period of twelve(12) months from the original date of purchase.

If during the period of warranty this product proves defective under normal use and service, you should return the product to the retailer from whom it was originally purchased. The liability of Samsung and its appointed maintenance company is limited to the cost of repair and/or replacement of the unit under warranty.
Return of the product for defective reasons should be to the original purchaser, however Samsung Authorized Dealers and Authorized Service Centers will comply with the warranty on the terms issued to purchasers in the country concerned, for further information relating to the Authorized Service Centers contact.
1-800-SAMSUNG (1-800-726-7864)
www.samsungyepp.com

WARRANTY CONDITIONS:

1. The warranty is only valid when the warranty card is properly completed, and upon presentation of the proof of purchase consisting of original invoice or sales slip confirmation, indicating the date of purchase, dealers name, model, serial No. and product number.
Samsung reserves the right to refuse warranty service if this information has been removed or changed after the original purchase of the product from the dealer.

2. Samsung's obligations are to the repair of the defective part, and at its discretion, replacement of the product (service exchange unit).

3. Warranty repairs must be carried out by an Authorized Samsung Dealer/Service Center. No reimbursement will be made for repairs carried out by non Samsung Centers, and warranty coverage will not be valid for any repairs or damage caused by such repairs.

4. Repair or replacement under the terms of this warranty does not give right to extension to or a new starting of the period of warranty. Repair or direct replacement under the terms of this warranty may be fulfilled with functionally equivalent service exchange units.

5. The warranty is not applicable in cases other than defects in material, design and workmanship. The warranty does not cover the following:

◆ Periodic checks, maintenance, repair and replacement of parts due to normal wear and tear.

◆ Abuse or misuse, including but not solely limited to the failure to use this product for its normal purposed or in accordance with Samsung's instructions usage and maintenance.

◆ The product has been used in conjunction with accessories not approved by Samsung for use with this product.

◆ Failure of the product arising from incorrect installation or use not consistent with technical or safety standards in current force, or failure to comply with product manual instructions.

◆ Accidents, Acts of God or any cause beyond the control of Samsung caused by lightning, water, fire, public disturbances and improper ventilation.

◆ Unauthorized modifications carried out for the product to comply with local or national technical standards in countries for which the Samsung product was not originally designed.

◆ Repairs performed by non-authorized service centers such as opening of the product by a non-authorized person.

◆ The model, serial No. and product number on the product has been altered, deleted, removed or made illegible.

6. This warranty does not affect the consumers statutory rights nor the consumers rights against the dealer from their purchase/sales agreement.
