

Key Features

- 16:9 HD Resolution Panel (1366 x 768)
- 3D Comb Filter
- Space Saving Bottom Speaker
- Channel labels
- Favorite channels
- Clock and Sleep Timer
- Digital audio amplifier
- Fast panel response
- Wide 178° Viewing Angles
- HDMI™ (x2)
- YPbPr (x2)
- PC Input¹ x1
- S-video x1
- Composite x3

Key Technologies

HDMI™ and PC Connectivity Designed for maximum versatility, Sony's BRAVIA® M-Series Digital LCD TV line is equipped with a comprehensive range of input interfaces. The HDMI™ (High-Definition Multimedia Interface) is the first industry-supported, uncompressed, all-digital audio/video interface. HDMI™ technology supports enhanced or High Definition video, together with multi-channel digital audio to provide matchless image and sound reproduction. The HDMI™ and PC inputs (HD-15-pin) offer easy connection to your PC, allowing you to use your high resolution BRAVIA® M-Series Digital TV as a computer monitor.¹

Light Sensor Intelligently adjusts the screen brightness to match the ambient light in a room, ensuring a comfortable viewing experience. In a dim room for example the screen automatically reduces brightness making it much more comfortable for viewing.

Inputs HDMI™ (x2), YPbPr (x2), PC Input¹ x1, S-video x1, Composite x3

Features

General

Closed Caption Button: Yes (on remote control)
 Closed Captions (CC): Yes
 On-Screen Display: Menu

Display

Backlight Type: CCFL
 Display Technology: LCD (178° wide viewing angle LCD display panels)
