---

### Features

#### 10" LCD

Enjoy your favorite memories of family and friends in vibrant color and crisp detail on the 10" LCD. The screen's 800 x 480 resolution and 16:10 aspect ratio make your photos come to life.

#### Remote control

Convenient operation using the included remote control.

#### 128MB<sup>2</sup> memory

Your kid's entire Little League season. Your cross-country road trip. With space for up to 200 photos, the frame has enough room for many memorable events.

#### PC connection

Don't keep your favorite pictures and movies hidden away on your computer. Put them out where everyone can see and enjoy them. The frame connects directly to your PC via a mini USB<sup>3</sup> cord for quick and easy transfers of your photo memories.

#### Multi-card slots

Simply plug in a USB thumb drive or camera memory card directly into the frame. You can start enjoying your photos in seconds. Compatible with Memory Stick, Memory Stick Duo, SD, and SDHC<sup>4</sup> memory cards. function

#### LED backlight

LED backlight to save energy

#### Slideshows

Display your photos as single images, or as engaging slideshows with your choice of creative transition effects. The thumbnail index view lets you quickly scroll through all your shots to find just the ones you're looking for.

#### Image rotation

Whether you choose to display your frame vertically or horizontally, the Auto Orientation sensor will rotate your photos into portrait or landscape format — automatically.)

### Clock and calendar modes

The frame makes a beautiful — and practical — addition to your living room, office or kitchen. Clock and calendar functions show the current date or time right along with your pictures.

### Multi auto timer

Multiple power On/Off settings

### Sony® logo

Sony® backlight logo can be turned on or off
