### WARNING

# do not expose this apparatus to rain or

To reduce the risk of fire, do not cover the ventilation of the apparatus with newspapers, tablecloths, curtains, etc. And do not place lighted candles on the apparatus.

To reduce the risk of fire or electric shock, do not place objects filled with liquids, such as vases, on the apparatus. Connect the apparatus to an easily accessible AC outlet. Should you notice an abnormality in the apparatus, disconnect the main plug from the AC outlet

Do not install the appliance in a confined space, such as a bookcase or built-in cabinet.

DO NOT REMOVE COVER (OR BACK)

NO USER-SERVICEABLE PARTS INSIDE

# To reduce the risk of fire or electric shock, CAUTION: TO REDUCE THE RISK OF ELECTRIC SHOCK

REFER SERVICING TO QUALIFIED SERVICE PERSONNEL.

This symbol is intended to alert the user to the presence of uninsulated "dangerous voltage" within the product's enclosure that may be of sufficient magnitude to constitute a risk of electric shock to persons.

This symbol is intended to alert the user to the presence of important operating and maintenance (servicing) instructions in the literature accompanying the appliance.

# **CAUTION**

The use of optical instruments with this product will increase eye hazard.

#### Information

#### For customers in the USA

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

You are cautioned that any changes or modifications not expressly approved in this manual could void your authority to operate this equipment.

#### Notes on DualDiscs

A DualDisc is a two sided disc product which mates DVD recorded material on one side with digital audio material on the other side. However, since the audio material side does not conform to the Compact Disc (CD) standard, playback on this product is not guaranteed.

#### Music discs encoded with copyright protection technologies

This product is designed to playback discs that conform to the Compact Disc (CD) standard. Recently, various music discs encoded with copyright protection technologies are marketed by some record companies. Please be aware that among those discs, there are some that do not conform to the CD standard and may not be playable by this product.

## To listen to FM or AM

- 1 Press RADIO BAND•AUTO PRESET 12 on the unit (RADIO•BAND 12 on the remote) repeatedly to select FM or AM.
- 2 Hold down TUNE/CHANNEL + or 7 until the frequency digits begin to change in the display. The unit automatically scans the radio frequencies and stops when it finds a clear station. If you cannot tune in a station, press TUNE/ CHANNEL + or – 7 repeatedly to change the frequency step by step. When an FM stereo broadcast is received, "ST"

If the FM broadcast is noisy, press MODE **6** until "MONO" appears in the display and the radio will play in monaural.

# Listening to satellite radio

You can operate and listen to XM or SIRIUS satellite radio by connecting an optional antenna or tuner. Before using the unit, connect the XM Mini-Tuner and Home Dock or the SiriusConnect Home tuner to the unit.

Connect the XM Mini-Tuner and Home Dock to the XM jack 21 on the unit, or the SIRIUS Connect Home tuner to the SIRIUS connector 19 on the unit. You can also connect both tuner units.

(XM)

appears.

The SIRIUS Connect Home tuner need not be connected to a wall outlet through the AC power adaptor since it is powered from the unit

# To listen to XM or SIRIUS

- 1 Switch to XM or SIRIUS 20 when the unit is turned
- **2** Press POWER **1** to turn on the unit.
- **3** Press SATELLITE-RADIO 17 to select "XM" or "SIRIUS".
- 4 Press MODE 6 repeatedly until "CAT" disappears to select All Channel mode
- **5** Press TUNE/CHANNEL + or 7 repeatedly to select

## On the remote

Press RADIO•BAND 12 repeatedly to select "XM" or "SIRIUS".

# To select a channel in Category mode

- 1 Do steps 1 to 3 of "To listen to XM or SIRIUS" to select "XM" or "SIRIUS".
- 2 Press MODE 6 repeatedly until "CAT" appears.
- 3 Press PRESET/CATEGORY + or 7 (CATEGORY + or  $-\boxed{7}$  on the remote) repeatedly to select the category.
- Press TUNE/CHANNEL + or  $\boxed{7}$  repeatedly to select

#### To select a channel using the number buttons Press the number buttons on the remote For example, to enter 123, press 1,2, 3 23, and then

ENTER **7**.

• If you select a channel using the number buttons 23 in Category mode, the tuning mode changes to All Channel mode automatically.

• You cannot switch from XM to SIRIUS (or vice versa) 20 while the unit is turned on. If you want to switch from XM to SIRIUS (or vice versa) 20, be sure to turn the unit off first.

• You cannot select a SIRIUS channel using TUNE/CHANNEL + or - 7 if the Parental Lock is set for the channel.

To check your XM Radio ID or SIRIUS ID number Press the number button 0 23, then press ENTER 7 to select channel 0.

# Power sources

Connect the AC power cord A or insert six R20 (size D) batteries (not supplied) into the battery compartment B.

• Replace the batteries when the OPR/BATT indicator 2 dims or when the unit stops operating.

Replace all the batteries with new ones. Before you replace the batteries, be sure to take out the CD from the unit. • To use the unit on batteries, disconnect the AC power cord from the unit.

• When you operate the unit on batteries, you cannot turn on the unit using the remote.

# Preparing the remote

insert two R03 (size AAA) batteries (not supplied)

With normal use, the batteries should last for about six months. When the remote no longer operates the unit, replace all the batteries with new ones.

"COMPLETE" appears in the display. If "INVALID"

To delete the number you have entered Press CLEAR 24 on the remote repeatedly.

appears, repeat steps 1 to 3.

### To change the password

- 1 While the SIRIUS channel is selected, press PARENTAL LOCK 25 on the remote repeatedly until "EDIT CODE" flashes in the display.
- 2 Press ENTER 7.
- "OLD CODE" appears in the display.
- 3 Enter the current 4-digit password using the number buttons 23 on the remote. "NEW CODE" appears in the display.
- 4 Enter a new 4-digit password using the number buttons 23 on the remote.
- "CONFIRM" appears in the display.
- **5** Re-enter the new password to confirm it. "COMPLETE" appears in the display. If "INVALID" appears, repeat steps 1 to 5.

# To listen to the locked channels

- 1 Select a locked channels you want to listen to using the number buttons 23 on the remote. "ENTERCODE" appears in the display.
- 2 Enter your 4-digit password using the number buttons 23 on the remote. The channel is tuned in.

#### To unlock a channel

- 1 While the SIRIUS channel you want to unlock is selected, press PARENTAL LOCK 25 on the remote repeatedly until "UNLOCK" flashes in the display.
- 2 Press ENTER 7.
- "COMPLETE" appears in the display.

# $\bullet$ When you select a channel using TUNE/CHANNEL + or – $\boxed{7}$ in All

- Channel mode or Category mode, locked channels are skipped • The display will return to the original indication if you press ■ 3 or if no entry is made for a set period of time after you have been prompted to enter the password.
- When the unit is reset to the factory settings, the Parental Lock password returns to the default ("0000"), but Parental Lock settings are not removed.
- You cannot preset locked channels. • If you set the Parental Lock for a preset channel, the preset
- information for that channel returns to the default.
- You cannot set the Parental Lock for channels 0 or 184.

# Falling asleep to music

- 1 Play the music source you want.
- **2** Press SLEEP 18 on the unit to display "SLEEP."
- **3** Press SLEEP 18 on the unit to select the minutes until the unit goes off automatically. Each time you press the button, the indication changes
- "AUTO\*"  $\rightarrow$  "60MIN"  $\rightarrow$  "30MIN"  $\rightarrow$  "20MIN"  $\rightarrow$
- "10MIN"  $\rightarrow$  "OFF".  $^{\ast}$  When you select "AUTO", the CD stops playing in 90 minutes at most and the unit goes off automatically. When you are listening to the radio, the radio goes off in 90 minutes.
- If 4 seconds have passed after you pressed SLEEP 18, the minutes in the display are entered. When the preset time has passed, the unit goes off automatically

## To cancel the sleep function

Press POWER **1** to turn off the power.

The display's backlight goes off while sleeping time is active.

# Connecting optional component

You can enjoy the sound from a PC, TV, VCR, portable digital music player, etc. through the speakers of this unit. Be sure to turn off the power of each component before making any connections

- For details, refer to the instruction manual of the component to be connected. 1 Connect the AUDIO IN jack 15 on the unit to the line output jack of the portable digital music player or other components using an audio connecting
- cable\* (not supplied). \* For a PC: use a cable which fills the connector of your PC. For a TV or VCR: use a cable with a stereo-mini plug on one For a portable digital music player: use a cable with a stereo-
- **2** Turn the unit and the connected component on.
- 3 Press AUDIO IN 13 on the unit and start playing sound on the connected component.

# The sound from the connected component is output from the speakers.

# **Precautions**

## Discs that this unit CAN play

- Audio CD
- CD-R/CD-RW (CD-DA\*)
- \* CD-DA is the abbreviation for Compact Disc Digital Audio. It is a recording standard used for Audio CDs.

#### Discs that this unit CANNOT play

- CD-R/CD-RW other than those recorded in music CD
- format • CD-R/CD-RW of poor recording quality, CD-R/CD-RW that has scratches or are dirty, or CD-R/CD-RW recorded
- with an incompatible recording device · CD-R/CD-RW which is finalized incorrectly

#### Notes on discs

• Before playing, clean the CD with a cleaning cloth. Wipe the CD from the center out. If there is a scratch, dirt or fingerprints on the CD, it may cause tracking

- Do not use solvents such as benzine, thinner, commercially available cleaners or anti-static spray intended for vinyl LPs.
- Do not expose the CD to direct sunlight or heat sources such as hot air ducts, nor leave it in a car parked in direct sunlight as there can be a considerable rise in temperature inside the car.
- Do not stick paper or sticker on the CD, nor scratch the surface of the CD
- After playing, store the CD in its case.

#### On safety

- As the laser beam used in the CD player section is harmful to the eyes, do not attempt to disassemble the casing. Refer servicing to qualified personnel only.
- Should any solid object or liquid fall into the unit, unplug the unit, and have it checked by qualified personnel before operating it any further.
- Discs with non-standard shapes (e.g., heart, square, star) cannot be played on this unit. Attempting to do so may damage the unit. Do not use such discs.

#### On power sources

- For AC operation, use the supplied AC power cord; do
- not use any other type. • The unit is not disconnected from the AC power source (mains) as long as it is connected to the wall outlet, even if the unit itself has been turned off.
- Unplug the unit from the wall outlet when it is not used for an extended period of time.
- When the batteries are not to be used, remove them to avoid damage that can be caused by battery leakage or • The nameplate indicating operating voltage, power

consumption, etc. is located at the bottom

### On placement

- Do not leave the unit in a location near heat sources, in a place subject to direct sunlight, excessive dust or mechanical shock or in a car subject to the direct rays
- of the sun.
- Do not place the unit on an inclined or unstable place. • Do not place anything within 10 mm of the side of the cabinet. The ventilation holes must be unobstructed for the unit to operate properly and prolong the life of its
- Since a strong magnet is used for the speakers, keep personal credit cards using magnetic coding or spring wound watches away from the unit to prevent possible damage from the magnet.

On operation • If the unit is brought directly from a cold to a warm location, or is placed in a very damp room, moisture may condense on the lens inside the CD player section. Should this occur, the unit will not operate properly. In this case, remove the CD and wait about an hour for the moisture to evaporate.

Cleaning the cabinet • Clean the cabinet, panel and controls with a soft cloth slightly moistened with a mild detergent solution. Do solvent, such as alcohol or benzine.

If you have any questions or problems concerning your unit, please consult your nearest Sony dealer.

# Troubleshooting

#### General

# The power is not on.

• Connect the AC power cord to the wall outlet securely.

• Unplug the headphones when listening through
