

**CVC6146SCSFF** 2.8-10mm auto iris focus free motorized zoom lens

### Features Full OSD Control of All Major Camera Functions

**Focus Free = Worry Free.** These revolutionary cameras keep every object within the camera's field of view sharp and in focus - no matter how far away or close it is! Imagine, no call-backs to fine-tune camera focus after installation. No more trying to fine tune focus on a small handheld monitor or worrying about day to night IR focus shift.
