Compliance Information

CE Conformity for European Countries

CE Conformity

The device complies with the requirements of the EEC directive 89/336/EEC as amended by 92/31/EEC and 93/68/EEC Art.5 with regard to "Electromagnetic compatibility", and 73/23/EEC as amended by 93/68/EEC Art.13 with regard to "Safety."

User Information for all Countries

Notice: Use the cables which are included with the unit or specified.

Important Safety Instructions

1. Read these instructions completely before using the equipment.

2. Keep these instructions in a safe place.

3. Heed all warnings.

4. Follow all instructions.

5. Do not use this equipment near water.

6. Clean with a soft, dry cloth. If further cleaning is required, see "Cleaning the LCD TV" in this guide for further instructions.

7. Do not block any ventilation openings. Install the equipment in accordance with the manufacturer's instructions.

8. Do not install near any heat sources such as radiators, heat registers, stoves, or other devices (including amplifiers) that produce heat.

9. Do not attempt to circumvent the safety provisions of the polarized or grounding-type plug. A polarized plug has two blades with one wider than the other. A grounding type plug has two blades and a third grounding prong. The wide blade and the third prong are provided for your safety. If the plug does not fit into your outlet, consult an electrician for replacement of the outlet.

10. Protect the power cord from being tread upon or pinched, particularly at the plug, and the point where if emerges from the equipment. Be sure that the power outlet is located near the equipment so that it is easily accessible.

11. Only use attachments/accessories specified by the manufacturer.

12. Use only with the cart, stand, tripod, bracket, or table specified by the manufacturer, or sold with the equipment. When a cart is used, use caution when moving the cart/equipment combination to avoid injury from tipping over.

13. Unplug this equipment when it will be unused for long periods of time.

14. Refer all servicing to qualified service personnel. Service is required when the unit has been damaged in any way, such as: if the power-supply cord or plug is damaged, if liquid is spilled onto or objects fall into the unit, if the unit is exposed to rain or moisture, or if the unit does not operate normally or has been dropped.

Product disposal at end of product life

ViewSonic is concerned about the preservation of our environment. Please dispose of this product properly at the end of its useful life. Your local waste disposal company may provide information about proper disposal.

The lamp in this product contains mercury. Please dispose of properly in accordance with environmental laws of your location.

Antenna Installation Instructions

1. Outdoor Antenna Grounding

If an outside antenna or cable system is connected to the product be sure the antenna or cable system is grounded so as to provide some protection against voltage surges and built-up static charges, Article 810 of the National Electrical Code, ANSI/NFPA 70, provides information with regard to proper grounding of the mast and supporting structure, grounding of the lead-in wire to an antenna discharge unit, connection to grounding electrodes, and requirements for the grounding electrode.

2. Lightning

For added protection for this product during a lightning storm, or when it is left unattended and unused for long periods of time, unplug it from the wall outlet and disconnect the antenna or cable system. This will prevent damage to the product due to lightning and power-line surges. Do not disconnect the antenna or the power cord during a heavy storm lighting may strike while you are holding the cable cord, causing serious injury; turn off your LCD TV and wait for the weather to improve.

3. Power Lines

An outside antenna system should not be located in the vicinity of overhead power lines or other electric light or power circuits, or where it can fall into such power lines or circuits, When installing an outside antenna system, extreme care should be taken to keep from touching such power lines or circuits as contact with them might be fatal.

Cleaning the LCD TV

- Make sure the LCD TV is turned off.
- Never spray or pour any liquid directly onto the screen or case.

To clean the screen:

1 Wipe the screen with a clean, soft, lint-free cloth. This removes dust and other particles.

2 If still not clean, apply a small amount of non-ammonia, non-alcohol based glass cleaner onto a clean, soft, lint-free cloth, and wipe the screen.

To clean the case:

1 Use a soft, dry cloth.

2 If still not clean, apply a small amount of a non-ammonia, non-alcohol based, mild non-abrasive detergent onto a clean, soft, lint-free cloth, then wipe the surface.

Disclaimer

ViewSonic® does not recommend the use of any ammonia or alcohol-based cleaners on the LCD TV screen or case. Some chemical cleaners have been reported to damage the screen and/or case of the LCD TV.

ViewSonic will not be liable for damage resulting from use of any ammonia or alcohol-based cleaners.
Getting Started

Congratulations on your purchase of a ViewSonic®LCD TV.

*Important!Save the original box and all packing material for future shipping needs.*

Package Contents

Your LCD TV package includes:

- LCD TV
- Power Cable
- RF Cable

- Universal Remote Control with batteries
- ViewSonic User Guide
- Quick Start Guide

Setting the LCD TV on the wall

Hanging the LCD TV on the wall requires special skill that only be performed by qualified service personnel. Please contact ViewSonic or your local distributor for the installation instruction.

Hanging the LCD TV on the wall requires special skill that only be performed by qualified service personnel. Please contact ViewSonic or your local distributor for the installation instruction and service. Before hanging your LCD TV on the wall, please follow the steps below:

1. Turn off the AC switch on the back of your LCD TV.

2. Spread cushion over the base area to lay the LCD screen on.

ViewSonic   N2600w   12

Installation

1. Insert Remote Control Batteries
1 Remove the battery cover by pulling then lifting the knob on the cover.

2 Insert the batteries, corresponding to the (+) and (-) markings on the battery compartment.

3 Reattach the battery cover.

⚠ CAUTION

- Only use the specified AAA batteries.

- Do not mix new and old batteries. This may result in cracking or leakage, which may pose a risk of fire or lead to personal injury.

- Insert batteries according to (+) and (-) markings. Inserting the batteries incorrectly may result in cracking or leakage, which may pose a risk of fire or lead to personal injury.

- Dispose of the battery in accordance with local laws and regulations.

- Keep the battery away from children and pets.

- When the remote control will not to be used for an extended period, remove the batteries.

2. Connecting with the antenna

Make sure the power is off before installing N2600w.

Connect the LCD TV to TV antenna terminal or CATV box by 75-ohm coaxial cable.

RF Cable
3. Connect Audio Cable

To connect an external amplifier, connect the L/R RCA cable from the TV AUDIO OUT port to the appropriate AUDIO IN port on a compatible amplifier as shown on the right.
Audio in Cable
(Cable not supplied)

ViewSonic   N2600w   14
4. Connect AV, S-Video, YCbCr, YPbPr, HDMI to Video Devices

Connect Video/Audio cables from compatible devices into the right side of N2600w.

AV Mode:

RCA A/V Cable

(Cable not supplied)

VCR

S-Video Mode:

S-Video Cable
(Cable not supplied)

Audio in Cable
(Cable not supplied)

VCR

15   **ViewSonic**   N2600w

YCbCr Mode:

YCbCr Cable
(Cable not supplied)

Audio in Cable
(Cable not supplied)

DVD Player or VCR

YPbPr Mode:

YCbCr Cable
(Cable not supplied)

Audio in Cable
(Cable not supplied)

DVD Player or VCR

**ViewSonic**   N2600w   16
Connect with a SCART cable

SCART1 Mode:

Connect the scart socket of the VCR to the SCART1 socket on the LCD TV.

Note: The signal type RGB can only be selected for the SCART1 socket and the SCART1 input source can be received. These signals are transmitted, for example, by a pay TV decoder, game machine or photo CD unit, etc and that digital signal can be recorded via SCART1 socket.

SCART Cable (Cable not supplied)
SCART2 Mode:

Connect the scart socket of the VCR to the SCART2 socket on the LCD TV.

Note: In SCART2 socket, the video output is not available.

SCART Cable (Cable not supplied)

17   **ViewSonic**   N2600w
HDMI Mode:

There are two possible HDMI cable terminals of your DVD player. Please refer to one of the connection that fits for your requirement.

(1) HDMI-DVI cable
DVD Player
(DVD Palyer should have the HDMI output terminal)

HDMI-DVI Cable (Cable not supplied)

Note: To receive the sound from DVD, please turn on Sound Menu of OSD for selecting HDMI audio to YCbCr. However, the input source should be in HDMI.

(2) HDMI cable
DVD Player
(DVD Player should have the HDMI output terminal)

HDMI Cable (Cable not supplied)

Note: To receive the sound from DVD, please turn on Sound Menu of OSD for selecting HDMI audio to HDMI. However, the input source should be in HDMI.

5. Connect to the PC

VGA (15pin D-Sub):

Connect the VGA cable from VGA output of PC to the VGA terminal input of N2600w.

PC up to 1280 x 1024, or 1360 x 768 is the preferred resolution.

PC

VGA 15 Pin Cable
PC Audio in:

Connect the Audio In cable (green) from audio output of your PC to the audio input terminal (green) of N2600w.

PC

PC Audio in Cable
(Cable not supplied)

19   **ViewSonic**   N2600w
HDMI:

Connect the HDMI cable from HDMI output of PC to the DVI terminal input of N2600w.

PC

HDMI Cable (Cable not supplied)
Earphone:

Connect Earphone from compatible devices into the earphone input at the left side of N2600w.

Earphone
(Cable not supplied)

ViewSonic   N2600w   20
6. Connect power cable

Connect the power cord to the N2600w then to a properly grounded AC outlet. Turn on the AC Switch on the back of N2600w

AC Switch
Switch to ON

AC wall socket
7. Turn Power ON

Press the Power button under the LCD TV, or press the Power On (red) button on the Remote Control. Turn Video source power ON.

8. Select input source for your LCD TV, via either OSD menu or Remote control

21   **ViewSonic**   N2600w

Basic Operation

To operate the function of your LCD TV, you can use your remote control or those buttons above your LCD TV to set input source, change channels, or adjust volume.

Turning on the LCD TV

Before using the LCD TV:

1. Insert the power plug.

2. Connect external equipment properly.

3. Turn on the Main AC Power Switch, located on the rear of the cabinet. (If the LCD TV will not be used for a long period of time, please turn it off) The power LED indicator will be red when AC Power Switch is on.

Power On/Off

To turn the LCD TV on/off :

Press the POWER button under the LCD TV or press the Power button on your remote control to turn on/off the TV. The power LED indicator is green when the LCD TV is on.

Select input source

Select the required input sources. Press the "Input" button at the right side of the LCD TV or on the remote control repeatedly until the desired source appears.

VOLUME Adjusting

Press **VOL-**/**+** at the right side of the LCD TV to adjust the volume, or press Vol▲ and Vol▼ on the remote control to adjust the volume.

To silence the volume, press **MUTE** on the remote control.

If you want to restore volume, press **MUTE** again, or press Vol▲ and Vol▼ on the remote control directly.

Channel Select

To select the channel you want, press **CH-/+** buttons at the right side of the LCD TV, or press number keys, **CH▲** or **CH▼** on the remote control to select your desired channel.

Use the button "-/—" to select the channel number with dash.

Return to the previous channel, press RECALL on your remote control.

OSD Functions

OSD style and operation tips

OSD Operation

Press the "Menu" button on your remote control or right side of the LCD TV to open the OSD Main Menu.

Press ▲ or ▼ button to select the sub menu, and press◄ or ► to enter the sub menu.

Press ▲ or ▼ to select the function you would like to adjust, and then press ◄ or ► or OK to adjust it or execute the function.

Press the "Menu" button on your remote control or right side of the LCD TV again to close the OSD Main Menu.

The 5 icons at the left of the OSD Main menu stand for the 6 sub menus (Picture, Sound, TV, Option, PC, and OSD).

Note: Product Specifications are subject to change without notice.

Troubleshooting

No power

- Make sure the LCD TV is properly connected.

- Make sure the AC power cord is properly connected.

- Make sure the AC power is ON, DC power button is ON (Green LED).

- Plug another electrical device (like a radio) to the power outlet to verify that the outlet is supplying the proper voltage.

Poor or no picture

- The TV station may be experiencing problems. Try another channel.

- The Cable TV signal may be scrambled or encoded. Please contact your local cable operator.

- Make sure that connection to other components are correct.

- Make sure that setup has been done correctly after connections.

- Make sure the correct input is selected and the input signal is compatible.

Strange color, light color, or color misalignment

- Ensure that the video cable is securely connected.

- The picture may appear dim in a brightly lit room.

- Adjust brightness and contrast.

- Check the input signal setting.

No Sound

- Check your audio connections

- The MUTE button may have been pressed, try pressing this button again.

- Check your audio settings, your TV audio may be set to minimum.

- Press the Volume + (Up) button on the remote control.

Remote control unit does not operate

- Make sure batteries are inserted correctly.

- Batteries could be weak or dead. Replace batteries.

- Is a fluorescent light illuminated near the remote control sensor?

- The path of the remote control beam may be blocked. Make sure the path is clear and that the remote control is aimed at the remote control sensor on the TV.

- Press only one button at a time and it is the correct one for the operation you want to perform.

Unit cannot be operated

- External influences such as lightning or static electricity may cause improper operation. In this case, operate the unit after first turning on the power of the LCD TVand the AVC System, or unplug the AC cord for 1 to 2 minutes, then replug again.

Power is cut off suddenly

- Is the sleep timer set?
- The internal temperature of the unit has increased. Remove any objects blocking the vent or clean as necessary.

No CATV reception (or no reception above CH13)

- Is the AIR/CABLE option set correctly? Please set the AIR/CABLE option to CABLE.
- CATV is connected improperly or not connected; please check all the CATV connections.
- The cable TV service is interrupted; please contact your cable operator.

Picture is cut off/with sidebar screen

- Is the image positioned correctly?
- Are screen mode adjustments such as picture size set correctly?

Limited Warranty

VIEWSONIC® LCD TV

What the warranty covers:

ViewSonic warrants its products to be free from defects in material and workmanship, under normal use, during the warranty period. If a product proves to be defective in material or workmanship during the warranty period, **ViewSonic** will at its sole option, repair or replace the product with a like product. Replacement product or parts may include remanufactured or refurbished parts or components.

How long the warranty is effective:

ViewSonic LCD TV's are warranted for one (1) year for all parts excluding the light source and one (1) year for labor from the date of the first consumer purchase.

Who the warranty protects:

This warranty is valid only for the first consumer purchaser.

What the warranty does not cover:

1. Any product on which the serial number has been defaced, modified or removed.
2. Damage, deterioration or malfunction resulting from:
    a. Accident, misuse, neglect, fire, water, lightning, or other acts of nature, unauthorized product modification, or failure to follow instructions supplied with the product.
    b. Repair or attempted repair by anyone not authorized by **ViewSonic**.
    c. Any damage of the product due to shipment.
    d. Removal or installation of the product.
    e. Causes external to the product, such as electrical power fluctuations or failure.
    f. Use of supplies or parts not meeting **ViewSonic**'s specifications.
    g. Normal wear and tear.
    h. Any other cause which does not relate to a product defect.
3. Any product exhibiting a condition commonly known as "image burn-in" which results when a static image is displayed on the product for an extended period of time.
4. Removal, installation, and set-up service charges.

How to get service:

1. For information about receiving service under warranty, contact **ViewSonic Customer Support at 800-888-8583**. You will need to provide your product's serial number.
2. To obtain warranted service, you will be required to provide (a) the original dated sales slip, (b) your name, (c) your address, (d) a description of the problem, and (e) the serial number of the product.
3. Take or ship the product freight prepaid in the original container to an authorized **ViewSonic** service center or **ViewSonic**.
4. For additional information or the name of the nearest **ViewSonic** service center, contact **ViewSonic**.

Limitation of implied warranties:

There are no warranties, express or implied, which extend beyond the description contained herein including the implied warranty of merchantability and fitness for a particular purpose.

Exclusion of damages:

ViewSonic's liability is limited to the cost of repair or replacement of the product. **ViewSonic** shall not be liable for:

1. Damage to other property caused by any defects in the product, damages based upon inconvenience, loss of use of the product, loss of time, loss of profits, loss of business opportunity, loss of goodwill, interference with business relationships, or other commercial loss, even if advised of the possibility of such damages.
2. Any other damages, whether incidental, consequential or otherwise.
3. Any claim against the customer by any other party.

Effect of state law:

This warranty gives you specific legal rights, and you may also have other rights which vary from state to state. Some states do not allow limitations on implied warranties and/or do not allow the exclusion of incidental or consequential damages, so the above limitations and exclusions may not apply to you.

Sales outside the U.S.A. and Canada:

For warranty information and service on **ViewSonic** products sold outside of the U.S.A. and Canada, contact **ViewSonic** or your local **ViewSonic** dealer.
