

## Program your TV

**Programming your VU42L FHD TV is a simple TWO STEP process.**  
All you need is your Remote Control.

### STEP 1

Connect your Signal Source to the **DTV/TV** connection, go to **STEP 2**.

**Please Note:**

- Be sure the batteries in your remote are inserted correctly.
- Be sure you have pressed the "TV" button on the top left hand corner of your remote.

### STEP 2

**On your Remote Control...**

- 1 Turn on the TV, the INITIAL SETUP screen should appear. If this screen does not appear see User Manual Chapter 3 for TV Tuner Setup.
- 2 Select Language; English, Français, Español.
- 3 Press **TV** once to select Cable or Air. Select Cable if you are using cable from the wall or Air if you are using an antenna.
- 4 Press **TV** once to select Auto Search.
- 5 Press **OK** on remote to scan for channels. Scanning for available channels could take several minutes.
- 6 Once scanning is finished, programming is complete.
- 7 For more detailed information see Chapter 3 of your User Manual.

For advanced setups, refer to Chapter 4 of your VU42L FHD TV User Manual.

## Programming Your Cable or Satellite Box Remote

Consult your Cable or Satellite Owner's Manual to determine if you need a 3, 4, or 5-digit code. If your Cable or Satellite Box requires:

- 3-digits, please use "627" (This code usually works with DISHNetwork.)
- 4-digits, please use "1758", "0178", "0128"
- 5-digits, please use "11758", "11017", "10178" or "10128" (These codes usually work for DIRECTV.)

► **Install with a Pro**  
Know your VIZIO is at its Best.  
Choose from four different levels of installation

### ► Basic
