actual  
size

xtant1.1i  
—audiophile,  
full range,  
class d,  
mono-block  
amplifier

introducing the world's first, and only, class d amplifier designed for sound quality.  
while everyone else said it could never be done, the xtant 1.1i destroys all  
conventional ideas on class d technology—at 5.8" x 6.5" with its 100 watt,  
single channel design, the xtant1.1i reminds us all that sound quality matters.

performance. technology. style. xtant.
