- Expert Color Control
- Auto Source Detection
- 3D Auto Picture Calibration Algorithm
- 3D Glasses Included
- 1.3X Optical Zoom
- Low Noise Rating of 32dB in Econ

Is it a projector? Or something better?

LG's Full HD CF3D projector offers superior 3D picture quality for a multitude of commercial applications. With dual engine single lens technology, picture brightness is maintained at high levels while TruMotion 120Hz provides clearer, smoother high definition images. Venues looking for creative and versatile solutions can provide a truly theater-like viewing experience. From 3D CAD rendering to compelling corporate presentations to engaging and immersive videos for the classroom, the CF3D projector can deliver a new level of entertaining and educational content.

*A 3D Blu-ray™ player and silver screen are required to play and view 3D contents - sold separately.
