- **Set weight:** 11.9 kg
- **Product dimensions (WxDxH):** 608mm x 175mm x 303mm (Centre) 360mm x 128mm x 283mm (Station)
- **Master carton weight:** 14 kg

Product highlights

Wireless streaming

With wireless streaming, you don't need to download and store large music files on our audio device. Instead, you can listen to favourite songs as they are continuously streamed to all the Music Stations - at the same time. Have your music follow you from room to room with Music Follows Me, no need to restart navigation and playback. Music Broadcast simultaneously broadcasts your desired music from the Centre to all Stations. And with My Room, My Music, any family member can enjoy selected music from the stored collection in any room that is equipped with a Wireless Music Centre or Station.

40 GB hard disk/750 CDs

The 40GB hard disc offers a very large capacity for you to store your digital music files. It easily holds up to 750 CDs of your music collection, and the recording speed is so fast that you can basically play and rip a particular song almost at the same time.

Super Sound Panel

Super Sound Panel is an innovative, flat speaker panel that uses cutting-edge technology to provide high quality, full-range audio from a flat and compact speaker unit.

2-way Remote Control

With Philips 2- way remote control, you can now navigate through hundreds of songs easily with the one simple press of the remote control.. Displaying six lines info listed according to playlist, album, artist, genre or track, this intuitive navigation offers speedy yet simple scrolling through hundreds of files. It allows one handed operation and guarantees a unique user experience.

Universal Plug & Play

Universal Plug & Play is an industry standard technology that lets you connect to any Universal Plug & Play enabled device to receive or transmit music. Your Wireless Music Centre utilizes Universal Plug & Play to ensure an easy and standard way to connect to other Universal Plug & Play enabled devices. You can easily connect your Wireless Music Centre to other media devices to receive or to transfer content.
