WARNING: PHOTOSENSITIVITY/EPILEPSY/SEIZURES

A very small percentage of individuals may experience epileptic seizures or blackouts when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or when playing video games may trigger epileptic seizures or blackouts in these individuals. These conditions may trigger previously undetected epileptic symptoms or seizures in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition or has had seizures of any kind, consult your physician before playing. **IMMEDIATELY DISCONTINUE** use and consult your physician before resuming gameplay if you or your child experience any of the following health problems or symptoms:

- dizziness
- eye or muscle twitches
- disorientation
- any involuntary movement or convulsion.
- altered vision
- loss of awareness
- seizures

RESUME GAMEPLAY ONLY ON APPROVAL OF YOUR PHYSICIAN.

Use and handling of video games to reduce the likelihood of a seizure

- Use in a well-lit area and keep as far away as possible from the television screen.
 - Avoid large screen televisions. Use the smallest television screen available.
 - Avoid prolonged use of the PlayStation®3 system. Take a 15-minute break during each hour of play.
 - Avoid playing when you are tired or need sleep.
-

Stop using the system immediately if you experience any of the following symptoms: lightheadedness, nausea, or a sensation similar to motion sickness; discomfort or pain in the eyes, ears, hands, arms, or any other part of the body. If the condition persists, consult a doctor.

NOTICE:

Use caution when using the DUALSHOCK®3 wireless controller motion sensor function. When using the DUALSHOCK®3 wireless controller motion sensor function, be cautious of the following points. If the controller hits a person or object, this may cause accidental injury or damage. Before using, check that there is plenty of space around you. When using the controller, grip it firmly to make sure it cannot slip out of your hand. If using a controller that is connected to the PS3™ system with a USB cable, make sure there is enough space for the cable so that the cable will not hit a person or object. Also, take care to avoid pulling the cable out of the PS3™ system while using the controller.

WARNING TO OWNERS OF PROJECTION TELEVISIONS:

Do not connect your PS3™ system to a projection TV without first consulting the user manual for your projection TV, unless it is of the LCD type. Otherwise, it may permanently damage your TV screen.

HANDLING YOUR PS3™ FORMAT DISC:

- Do not bend it, crush it or submerge it in liquids.
 - Do not leave it in direct sunlight or near a radiator or other source of heat.
 - Be sure to take an occasional rest break during extended play.
 - Keep this disc clean. Always hold the disc by the edges and keep it in its protective case when not in use. Clean the disc with a lint-free, soft, dry cloth, wiping in straight lines from center to outer edge. Never use solvents or abrasives.

GETTING STARTED

PlayStation®3 system

Starting a game: Before use, carefully read the instructions supplied with the PS3™ computer entertainment system. The documentation contains information on setting up and using your system as well as important safety information.

Check that the MAIN POWER switch (located on the system rear) is turned on. Insert the THE WALKING DEAD: Survival Instinct disc with the label facing up into the disc slot. Select the icon for the software title under [Game] in the PS3™ system's home menu, and then press the  button. Refer to this manual for information on using the software.

Quitting a game: During gameplay, press and hold down the PS button on the wireless controller for at least 2 seconds. Then select "Quit Game" from the screen that is displayed.

Hint To remove a disc, touch the eject button after quitting the game.

Trophies: Earn, compare and share trophies that you earn by making specific in-game accomplishments. Trophies access requires a PlayStation®Network account.

Saved data for PS3™ format software

Saved data for PS3™ format software is saved on the system's hard disk. The data is displayed under "Saved Game Utility" in the Game menu.

MAIN MENU

From this menu, you can begin a New Game, or Continue an existing game of The Walking Dead: Survival Instinct. You can also access the Options and Extras menus from this menu.

Continue – Select this option to resume your current progress.

New Game – Select this option to start a New Game.

Options – From this menu, you can adjust the controller layout and audio/video settings.

Extras – Select this to view extras, or to view the credits.

CONTROLS

IN-GAME DISPLAY

1. **Crosshairs** – Reticle used for aiming.
2. **Condition Gauge** – This indicates what condition the player's character is in.
3. **Compass** – Indicates the direction of the current objective.
4. **Ammo Counter** – Indicates how much ammunition is remaining for the current weapon.

BASIC GAMEPLAY

There will be many different objectives to complete throughout the game; follow the objective marker located on your compass to find the next objective.

DAMAGE SYSTEM

When the player takes damage, the player's Condition Gauge will begin to deteriorate. When the Condition Gauge reaches zero, the player is overrun and consumed. Use restorative items such as sports drinks and food to restore the player's condition.

DETECTION

Most walkers are completely unaware of your presence; however, walkers are alerted by sight, smell and sound. Sneaking up behind a walker undetected will allow you to perform an execution by holding the R1 button. Not all walkers have to be engaged, avoid making noise and use distraction items to remain undetected. Remember that walkers can only be defeated with damage to the head.

TRAVELING

Throughout the game you will be required to travel to different locations. Keep an eye out for fuel, you can't travel without it. Also, choose your destination and the route you wish to take carefully, the last thing you need in a zombie apocalypse is for your vehicle to break down or run out of gas...
