

ROTARY PIC-N-PAC DEPANNER

- **Up to 90 packages per minute**
- **Breakthrough in Brown 'N Serve Depanning and Packing Efficiency**

Features & Benefits

Easy Upgrade to Current Plant Operations

- New triple head brown 'n serve roll depanner and packer fits in the same footprint as existing depanners for ease of upgrading your operation

Engineering and Design Innovations

- Dual Headed Triple Package pick-up unit has redundant vacuum sections to minimize lost clusters
- Rack & Pinion construction provides a smooth 180° rotary motion to remove rolls from the pan and deposit them into the carton box

High Efficiency and Low Operating Costs

- New operating system reduces product loss and downtime
- The Pic-N-Pac offers a 30% increase over existing brown 'n serve packaging technology, operating at 90 packages per minute

ROTARY PIC-N-PAC DEPANNER

Mechanical Specifications

- Designed and manufactured in accordance with BISSC standards
- Heavy duty stainless steel frame for durability and corrosion resistance
- Two triple package pick-up heads
- 180° rotary motion product transfer to remove rolls from the pan and deposit them into the carton box
- Rack and pinion construction
- Pneumatic head actuation
- Inline vacuum filter system
- Vacuum line connection
- Lightweight aircraft aluminum and Delrin pick-up head construction
- Quick-change pick-up heads for easy change without tools from twelve to eight cluster if required
- Quick-change vacuum cups, no tools required
- Six (6) independent Venturi vacuum generators, one for each vacuum chamber
- Pneumatic pan stops for precise pan placement
- Servo driven flight box timing belt conveyor for smooth box feed without shingling
- Plastic tabletop box and pan conveyors for minimum pan wear
- Proximity box and pan sensor
- Adjustable stainless steel side guides
- Adjustable stainless steel with poly insert box guides
- Eurodrive gearmotor drive for pan and box conveyors
- Smoked Lexan guards with aluminum framing
- Interlocked access doors from both sides of the unit
- Low noise design - 50% quieter than previous models
- Manual head raising and lowering switch for easy maintenance access
- Pneumatic pan gripping system to assure exact placement of pan for product removal
- Soft start for smooth machine start-up
- Quick changeout of flighted belt for 12 to 8 clusters if required
- Vacuum filters are easily removed for cleaning

Electrical Specifications

The AMF Triple Head Pic-n-Pac Depanner is equipped with the following Electrical Components:

- Operator Control Station is a NEMA 4 SS panel where the operator stores all the recipes for set-up and product run data. Trouble shooting indicators are also present in the components which include:
 - Allen Bradley pushbuttons for:
 - 2 button Start
 - Stop / Emergency stop
 - Servo Speed Control
 - Manual Index
 - Allen Bradley PV-300 Operator Interface
- Two Machine Mounted NEMA 4x SS Enclosures house all electrical components including:
 - Main Disconnect Switch
 - Allen Bradley Micrologix 1500 PLC
 - Allen Bradley 160 Inverter
 - Mitsubishi Servo Controller
 - Omron Power Supply / Islatrol Plus
- Machine Mounted NEMA 4x SS Enclosure houses all pneumatic controls including:
 - Solenoid Valves
 - Pressure Regulator

Standard PV-300 Operator Station

ROTARY PIC-N-PAC DEPANNER

Options

- Two (2) flighted belts for 8 cluster rolls
- Two (2) triple heads for 8 cluster rolls
- Stainless Steel turn handle for easy adjustment for flighted belt changeover
- Conveyor height changes to meet existing infeed
- Quad head pick up for ultra high speed

Try some of AMF's excellent Line of:

- Pan Conveyors
- Product Conveyors
- Pan Stackers
- Basket Loaders
- Coolers
- Mixers
- Make-up Equipment

Quad Head Option

Specifications

Operation Speed:

Up to 90 packages per minute

Electrical requirements:

20 AMPS @ 480 volts, 3 phase

Control Power - 120 volts

Air Requirements - 80 scfm at 80 psig

Approximate dimensions:

84" X 46" X 72"

(2134 mm X 1168 mm X 1829 mm)

Servo motor to control Flighted Belt

Flighted Timing Belt for Indexing Brown 'n' Serve Boxes
