AVerTV Hybrid Ultra USB (M039R)

Watch Digital & Analog on PC with AVerMedia portable device

AVerTV Hybrid Ultra USB is a new version of USB TV solution including an Analog/Digital receiver and hardware MPEG-2 Encoder solution. With small size USB TV box, users can carry to anywhere and watch TV anywhere. Furthermore, it is Microsoft Windows Vista Premium Certified with 32/64 bit driver support and Windows XP, Windows Media Center Edition (MCE) compliance, which enables users to continuously keep path with latest operating system.

This elegant and portable AVerTV Hybrid Ultra USB converts your desktop or notebook into a complete entertainment center. Users can enjoy all-rounded multimedia entertainment including digital TV ATSC, Analog TV, FM radio, and PVR to provide users a fascinating TV watching voyage. Furthermore, it allows users to watch live TV, listen to FM and even record their favorite programs to hard disk through USB 2.0 Interface.

The input capabilities of AVerTV Hybrid Ultra USB for multimedia devices such as DVD player, camcorder, or game console can enhance users' multimedia experience on PC. The bundled application, AVerTV 6 has been specially designed for multimedia lifestyle and kept continuing to be improved with the addition of advanced functions.

AVerTV Hybrid Ultra USB also comes with a remote control that allows users to watch TV without hassles, and bundled with the same great features like 16-channel preview, TV program scheduler, TimeShift, EPG, snapshot, sleep timer, full screen and PIP/POP functions which bring users more enjoyable PC-TV viewing experience. The combination of stylish control panel design and fantastic features make AVerTV 6 the best choice for your PC-TV entertainment.
