# IMPORTANT SAFEGUARDS

When using electrical appliances, especially when children are present, basic safety precautions should always be followed, including the following:

- Read all instructions.
- To protect against electrical shock, do not immerse this appliance in water or other liquid.
- Close supervision is necessary when any appliance is used by or near children.
- Unplug from outlet when not in use, before putting on or taking off parts, and before cleaning.
- Avoid contact with moving parts.
- Do not operate any appliance with a damaged cord or plug, or after the appliance malfunctions, or has been dropped or damaged in any manner. Return appliance to the nearest authorized service facility for examination, repair or electrical or mechanical adjustment.
- The use of attachments not recommended or sold by the appliance manufacturer may cause fire, electric shock or injury.
- Do not use outdoors.
- Do not let cord hang over edge of table or counter or touch hot surfaces.

## SAVE THESE INSTRUCTIONS.

### **POLARIZED PLUG (120V Models Only)**

**This appliance has a polarized plug—one blade is wider than the other. As a safety feature, this plug will fit into a polarized outlet only one way. If the plug does not fit fully into the outlet, reverse it and try again. If it still does not fit, contact a qualified electrician. Do not attempt to defeat this safety feature.**

### Soft-Touch Parts

**NOTE:** The soft-touch parts of the Jar Opener are free of natural rubber and latex. They are safe for individuals allergic or sensitive to these materials.

### ELECTRICAL CORD

The cord length of this appliance was selected to reduce safety hazards that may occur with a longer cord. If more cord length is needed, an extension cord with a polarized plug may be used. It should be rated not less than 10 amperes/120 volts, or 6 amperes/220 volts and have the appropriate agency listing. When using a longer cord, be sure it does not drape over a working area or dangle where it could be pulled on or tripped over. Handle cord carefully for longer life; avoid jerking or straining it at outlet and appliance connections.

# How to Use

This appliance is for household use only.

This appliance is for use in opening regular and vacuum-style screw-top jars.

1. Plug the cord into a standard wall outlet.

Note: The electrical cord is located at the back of the unit. It should be plugged into a standard wall outlet that is located close behind where the unit is placed. Do not attempt to plug in by bringing the electrical cord through the interior of the Jar Opener.

2. To open a jar, place one or two hands on the Jar Opener Handle, and with thumb, push back the Release Button; the Upper Body of the Opener will release and rise slightly.
3. Gently pull up the Upper Body of the Opener until it clicks and locks into place in the raised position (A).

4. Check to see if the Lower Jar Supports are in the farthest open position. If they are not, place your hand on the edge of the Turntable and turn to the left (B). Place the jar in the center of the Turntable.

Note: We recommend removing the paper or plastic neckbands from jars before placing on the Turntable to be opened.

5. Hold the Handle and push back the Release Button to gently lower the Upper Body until it rests on the top of the jar.
6. Press and hold the On/Off Button. A set of Upper Jaws will rotate and then move in to grab the jar lid. At the same time, the Turntable will begin to move the Lower Jar Supports toward the jar to hold it securely (C).  
Note: For vacuum-sealed jars, you will hear a popping sound, indicating that the jar is open. For screw-top jars, allow about one full turn of the jar or about 10 seconds.
7. To remove the jar, press the Release Button and use the Handle to lift the Upper Body. The Upper Jaws will automatically move away to release the jar. Turn the Turntable to the left to release the Lower Jar Supports and remove the jar with loosened lid.
8. To re-open a jar that has been stored in the refrigerator, wipe the moisture from the lid and the jar before placing on the Turntable.

## Care and Cleaning

Your new Lids Off™ Jar Opener requires little maintenance. There are no user-serviceable parts.

Before cleaning, unplug from wall outlet.

Wipe surfaces with a dampened soft cloth. For any spills, use a soft cloth dampened with warm water and liquid dish detergent.

Do not use abrasive cleaners of any kind to clean the Jar Opener.

**NOTE: If the power supply cord is damaged, it must be replaced by the manufacturer or a qualified person in order to avoid a hazard.**

## NEED HELP?

For service, repair, or any questions regarding your appliance, call the appropriate "800" number on the cover of this book. **Do not** return the product to the place of purchase. **Do not** mail the product back to the manufacturer nor bring it to a service center. You may also want to consult the website listed on the cover of this manual.

## FULL ONE-YEAR WARRANTY (Applies only in U.S. and Canada)

Applique warrants this product against any defects that are due to faulty material or workmanship for a one-year period after the original date of consumer purchase. This warranty does not include damage to the product resulting from accident, misuse, or repairs performed by unauthorized personnel. If the product should become defective within the warranty period, or you have questions regarding warranty or service, call Consumer Assistance and Information toll free at: 1-800-231-9786.

This warranty gives you specific legal rights and you may also have other rights which vary from state to state or province to province.

## ¿NECESITA AYUDA?

A fin de obtener servicio, reparación o por cualquier duda o pregunta con respecto a la unidad, por favor llame al número "800" apropiado que aparece en la cubierta de este manual. **No** envíe de vuelta el producto al fabricante ni lo lleve a un centro de servicio. Como opción puede también consultar la página de la red anotada en la cubierta de este manual.

**Solamente en México**, si necesita ayuda, acuda a un centro de servicio autorizado. Puede encontrar un centro cercano a ud. buscando en las páginas amarillas de la guía telefónica bajo, reparación de enseres menores o comunicándose al teléfono 01-800-847-2309.

## UN AÑO COMPLETO DE GARANTIA (Este párrafo no corresponde a los EE.UU. ni a Canadá)

Applique garantiza este producto contra cualquier defecto originado por fallas en los materiales o en la mano de obra por un período de un año a partir de la fecha original de compra. Esta garantía no es válida cuando: a) el producto se hubiese utilizado en condiciones distintas a las normales, b) el producto no hubiese sido operado de acuerdo con el instructivo de uso que le acompaña, c) el producto hubiese sido alterado o reparado por personas no autorizadas. Si el producto resulta con defectos dentro del período de garantía lo repararemos o reemplazaremos de ser necesario, sin cargo alguno. Para que esta garantía sea válida debe presentar el producto con su recibo de compra y/o la tarjeta de registro correspondiente. Esta garantía le otorga derechos específicos, y usted podría tener otros que pueden variar en su país. Si tiene alguna pregunta, comuníquese con una sucursal o centro de servicio Black & Decker más cercano.

**Nota:** Usted podrá encontrar partes, componentes, consumibles y accesorios en los centros de servicio autorizados. Esta garantía incluye los gastos de transportación que se deriven de su cumplimiento dentro de su red de servicio.

## BESOIN D'AIDE?

Pour communiquer avec les services d'entretien ou de réparation, ou pour adresser toute question relative au produit, composer le numéro sans frais approprié indiqué sur la page couverture. **Ne pas** retourner le produit où il a été acheté. **Ne pas** poster le produit au fabricant ni le porter dans un centre de service. On peut également consulter le site web indiqué sur la page couverture.

## GARANTIE COMPLÈTE DE UN AN (Valable aux É.-U. et au Canada seulement)

Applique garantit le produit pour un an à compter de la date d'achat, contre tout vice de matière ou de fabrication. La garantie ne couvre pas les dommages causés par un accident, une mauvaise utilisation ou des réparations effectuées par des personnes non autorisées. Advenant le fonctionnement irrégulier du produit dans les délais prescrits, ou pour toute question relative à la garantie ou au service, communiquer sans frais avec le service à la clientèle au numéro suivant : 1 800 231-9786.

Les modalités de la présente garantie donnent des droits légaux spécifiques. L'utilisateur peut également se prévaloir d'autres droits selon l'état ou la province où il habite.
