i-DS<sup>2</sup>

iPod Speaker System

From your iPod to everyone's ears – realistic, room-filling stereo with clean, powerful bass. A great-looking compact system that fits anywhere (and will be welcome everywhere), the i-DS<sup>2</sup> features high performance full-range speakers, an acoustically tuned chamber for maximum bass, and a mini remote that puts you in control of your iPod from across the room.

# Boston Horizon i-DS<sup>2</sup>

## It's nice to share.

The i-DS<sup>2</sup> delivers 60 watts of system power for room-filling, high quality sound. With a composite video output to let you show off photos and videos from any video-capable iPod on any TV and a USB connector to keep all your content in sync with iTunes, the i-DS<sup>2</sup> is a talented performer with all the right connections.

## What it means to be from Boston.

First and foremost, Boston is an engineering company, and every Boston system is optimized to meet the highest performance standards (our own). Of course, performance is only one measure of value. So we're careful to build all our products with strict attention to everything from the choice of materials to the details of fit and finish. It's how we've been exceeding the expectations of serious listeners for nearly thirty years.

## Features

- Controls and charges all dockable iPod models
- 15 watts RMS/30 watts Dynamic Output Power per channel
- Dual high performance 3½" full-range speakers
- Remote control puts basic iPod functions at your fingertips
