Setting up your player

Connecting to AC power
To connect to AC power:
- Plug one end of the AC adapter into the **DC IN** jack on the side of your player, then plug the other end into an AC outlet.

Installing your player in a vehicle

To install your player in a vehicle:
1 Loosen the straps of the mounting plate as shown below, fit the DVD player or monitor to the mount in "front" position.

2 Slide the horizontal straps A and B through the slots on the back of the DVD player or monitor, then fold and secure them on to the back of the mounting plate until the Velcro attaches.
3 Bring straps C1, C2, D1, and D2 in front of the DVD player or monitor and attach to the Velcro as shown.
4 Fit the straps E1, E2, F1, and F2 around the headrest and secure the two buckles. Pull the straps tight as shown.
Connecting to a 12V car power outlet

To connect to a 12V car power outlet:
1 Plug one end of the vehicle charger into the **DC IN** jack on the side of your player.

2 Plug the other end of the adapter into a 12V vehicle power outlet or vehicle cigarette lighter socket.
3 Using the AV/DC cable, connect the **AV OUT** and **DC OUT** jacks on the DVD player to the **AV IN** and **DC IN** jacks on the extra monitor.
4 Turn on your player.

> **Note**
>
> The vehicle charger cord is 5.9 feet (1.8 m) long.

Connecting headphones

To connect headphones:
• Plug headphones into the **Headphone** jack. When headphones are plugged into the **Headphone** jack, no sound comes from the built-in speakers.
Connecting a TV or monitor

You can connect your player to a TV or monitor so you can watch DVDs or view photos on the TV or monitor.

To connect a TV or monitor:
1 Plug the end of the supplied AV cable that has one black connector into the **AV OUT** jack on your player.

White=left audio
Red=right audio
Yellow=video

2 Plug the connectors on an RCA cable adapter (not included) into the connectors on the other end of the supplied AV cable. Make sure that the colors on the connectors match.
3 Plug the other end of the RCA cable into the **AV** jacks on the TV or monitor. The white connector goes into the left audio jack. The red connector goes into the right audio jack. The yellow connector goes into the video jack.

Using your player

Playing a DVD or audio CD

Troubleshooting

Problem	Solution
No sound or distorted sound.	• Adjust the volume. • Make sure that headphones are not plugged in. When headphones are plugged in, the internal speakers are turned off. • Make sure that all cables are inserted correctly into the appropriate jacks.
Cannot fast-forward or fast-reverse through a movie.	• You cannot fast-forward through opening credits and warning information at the beginning of a movie. • Some DVDs do not allow rapid scanning or skipping of titles or chapters.
The ⊘ (do not) icon appears on the screen.	The action you tried cannot be done because: • The DVD software does not allow it. • The DVD does not support the feature (for example the Subtitle feature). • The feature is not available at the current point on the DVD. • You entered a title or chapter number that is out of range.
Picture is distorted.	• During fast-forwarding or fast-reversing, distortion is normal. • The DVD may be damaged. Try another DVD.
Disc does not play.	• Make sure that the disc is inserted with the label side up. • Make sure that the disc is compatible with your player. Your player can play DVDs and audio CDs.
Play starts, then stops immediately.	• Make sure that the region code for a DVD matches the region code for your player. Your player's region code is 1. The DVD's region code is on the DVD or the DVD packaging. • Make sure that the disc is not dirty. • If condensation has formed inside your player, let your player dry out.

Maintaining

Cleaning your player

Clean the outside of your player with a clean cloth, slightly dampened with water.

Caution
Do not use liquid cleaners or aerosol cleaners because they may damage your player.

Handling discs

Discs

- Do not touch the surface of a disc. Handle a disc by its edge.
- Do not attach paper or tape to the disc.

- Do not use irregularly shaped discs, such as heart-shaped or star-shaped discs, because they may cause your player to malfunction.
- Do not expose a disc to direct sunlight or heat sources.
- Clean a disc by wiping the disc from the center out with a cleaning cloth.
- Remove a disc from your player and store it in its case after playing.
- Some playback operations of discs may be intentionally limited by software producers. Because your player plays discs according to the disc contents the software producers designed, some playback features may not be available. Also refer to the instructions supplied with the discs.

Cleaning discs

- Before playback, wipe the disc outwards from the center with a clean cloth.

90-Day limited warranty

Dynex Products ("Dynex") warrants to you, the original purchaser of this new **DX-D7PDVD** or **DX-D9PDVD** ("Product"), that the Product shall be free of defects in the original manufacture of the material or workmanship for a period of 90 days from the date of your purchase of the Product ("Warranty Period"). This Product must be purchased from an authorized dealer of Dynex brand Products and packaged with this warranty statement. This warranty does not cover refurbished product. If you notify Dynex during the Warranty Period of a defect covered by this warranty that requires service, terms of this warranty apply.

How long does the coverage last?

The Warranty Period lasts for 90 days from the date you purchased the Product. The purchase date is printed on the receipt you received with the Product.

What does this warranty cover?

During the Warranty Period, if the original manufacture of the material or workmanship of the Product is determined to be defective by an authorized Dynex repair center or store personnel, Dynex will (at its sole option): (1) repair the Product with new or rebuilt parts; or (2) replace the Product at no charge with new or rebuilt comparable products or parts. Products and parts replaced under this warranty become the property of Dynex and are not returned to you. If service of products and parts are required after the Warranty Period expires, you must pay all labor and parts charges. This warranty lasts as long as you own your Dynex Product during the Warranty Period. Warranty coverage terminates if you sell or otherwise transfer the Product.

How to obtain warranty service?

If you purchased the Product at a retail store location, take your original receipt and the Product to the store you purchased it from. Make sure that you place the Product in its original packaging or packaging that provides the same amount of protection as the original packaging. If you purchased the Product from an online web site, mail your original receipt and the Product to the address listed on the web site. Make sure that you put the Product in its original packaging or packaging that provides the same amount of protection as the original packaging.

To obtain in-home warranty service for a television with a screen 25 inches or larger, call 1-888-BESTBUY. Call agents will diagnose and correct the issue over the phone or will have an Dynex-approved repair person dispatched to your home.

Where is the warranty valid?

This warranty is valid only to the original purchaser of the Product in the United States, Canada, and Mexico.

What does the warranty not cover?

This warranty does not cover:

- Customer instruction
- Installation
- Set up adjustments
