

NEW EPICURE AND MILLENNIA WALL HOODS FROM DACOR

EH and MH models have internal blower – EHR requires an external blower

<p>18" and 12" Heights</p>	<p>Our hoods come in two heights to accommodate any kitchen design.</p> <ul style="list-style-type: none"> ♦ 48", 42", 36" and 30" models in Epicure® style ♦ 48", 36" and 30" models in Millennia® style ♦ The Epicure® 54" Wall Hood comes in 18" height only.
<p>Dual-inlet Blower (EH and MH Models)</p>	<p>Powerful performance and yet very quiet.</p> <p>Our dual inlet blower draws air from two large inlet areas for optimum air movement.</p> <ul style="list-style-type: none"> ♦ 42", 36", 30" models, blower is rated at 600 CFM ♦ 54" and 48" are rated at 1200 CFM (uses 2 blowers) ♦ Dual position outlet (top/rear).
<p>Four Speed Fan</p>	<ul style="list-style-type: none"> ♦ Four speeds give the ultimate in efficiency and flexibility. ♦ Electronic control panel lets your customer adjust the fan speed with the touch of a button. ♦ The blue LED illuminates and indicates fan speed for easy controlling.
<p>Auto-ON Temperature Sensor</p>	<ul style="list-style-type: none"> ♦ This hood does the thinking for your customer! Once the ambient temperature reaches 140° the blower will automatically turn on to the lowest speed. As the temperature climbs it will increase speed, when it reaches 160° it will automatically increase to level 2 speed and when the temperature rises to 180°, the fan speed will jump to level 4 speed. ♦ It self-regulates and reduces fan speed as the temperature cools. ♦ If the fan is manually turned off, the temperature sensor will override this function and continue to run until it is cool enough to ensure the protection of the unit's electronics.
<p>New Filter Construction</p>	<ul style="list-style-type: none"> ♦ Higher cleanability! Higher durability! ♦ Our new filter design has a latch release for easier removal. The new anodized finish and mesh design makes for easier clean-up and a more durable construction. ♦ Dishwasher-safe
<p>Delay Timer</p>	<p>With the touch of a button the delay timer turns hood lights and fan off after 10 minutes. The fan will stay until temperature sensor is reading a temperature of 130° or lower. The lights will go out but the fan will keep working until it reaches a lower temperature.</p>
<p>Clean Filter Indicator</p>	<p>A red LED will illuminate after 50 hours of accumulated blower ON time. Indicator will remain on until manually turned off.</p>

Additional Features Include:

- ♦ Electronic touch control panel
- ♦ Halogen lights have two settings: high and night light
- ♦ Electrical: 120V, 15A

Millenia® 36" x 18" (different views)

Epicure® 48" x 12"

Epicure® 48" x 12" with New Anodized Filter Construction

Optional Accessories

Remote Blower

- REMPI6: Rated at 1000 CFM
- REMP3: Rated at 600 CFM
- ILHSF8: Rated at 600 CFM
- ILHSF10: Rated at 1000 CFM

Epicure Hood trim to change color of
bullnose end caps on EH and EHR

AEHK2BR AEHK2BC AEHK2CP

Finishes

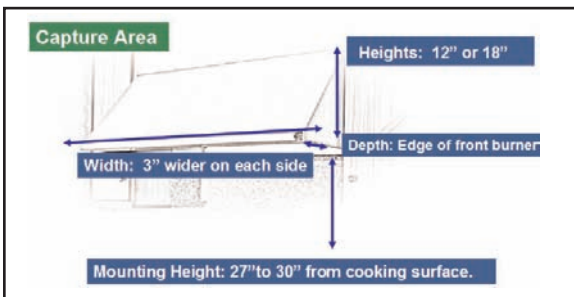

Epicure® Models Stainless Steel (S) with:

- Standard Trim Colors - Chrome (CH)
- Optional Trim Colors - Brass (BR),
Copper (CP), or
Black Chrome (BC)

Millennia® Models - Stainless Steel Only (S)

Electronic Touch Controls

Helpful Hints

- ♦ The primary function of a hood is to capture or collect the cooking vapors, smoke and heat that result from cooking.
- ♦ The larger the hood the more "capture area" so height, width and depth coverage determine its performance.
- ♦ The hood's width should extend by least 3 inches on each side for optimum capture coverage. Example: For a 30" range, a 30" hood will work fine but a 36" hood will give optimum performance. Available space is often the determining factor when considering hood size.
- ♦ The depth of a hood should extend from the wall out to the front edge of the front burner.
- ♦ Optimum mounting height is 30" from top of cooking surface.
- ♦ Make sure to find out if your customer is using an internal or remote blower.

Product Dimensions

54" Models Epicure®	EHR5418SCH / EH5418SCH	53 7/8"W x 18" H x 26 7/8" D
48" Models Epicure®	EHR4818SCH / EH4818SCH	47 7/8"W x 18" H x 26 7/8" D
	EHR4812SCH / EH4812SCH	47 7/8"W x 12" H x 24" D
48" Models Millennia®	MH4818	47 7/8"W x 18" H x 25 1/2" D
	MH4812	47 7/8"W x 12" H x 22 1/2" D
42" Models Epicure®	EHR4218SCH / EH4218SCH	41 7/8"W x 18" H x 26 7/8" D
	EHR4212SCH / EH4212SCH	41 7/8"W x 12" H x 24" D
36" Models Epicure®	EHR3618SCH / EH3618SCH	35 7/8"W x 18" H x 26 7/8" D
	EHR3612SCH / EH3612SCH	35 7/8"W x 12" H x 24" D
36" Models Millennia®	MH3618	35 7/8"W x 18" H x 25 1/2" D
	MH3612	35 7/8"W x 12" H x 22 1/2" D
30" Models Epicure®	EHR3018SCH / EH3018SCH	29 7/8"W x 18" H x 26 7/8" D
	EHR3012SCH / EH3012SCH	29 7/8"W x 12" H x 24" D
30" Models Millennia®	MH3018	29 7/8"W x 18" H x 25 1/2" D
	MH3012	29 7/8"W x 12" H x 22 1/2" D
