

# EIKI 3875BA

## Overhead Projector

### KEY FEATURES: Model 3875BA

- New and improved. Eiki's high ANSI Lumen output EVD lamp delivers 300% more light than previous models.
- Spend less without settling for less. Eiki matches the performance of expensive high-light projectors at a low discount price.
- Super bright multimedia presentations. Eiki gives you the sharpest, clearest LCD computer projection panel presentation in almost any lighting condition.
- Industrial-strength construction. Steel-steel frame offers structural rigidity and durability that ordinary plastic projectors can't match.
- Fade-proof LCD presentations. Proper cooling is vital to LCD panel efficiency. Eiki's quiet cooling fan keeps LCD computer projection panels at peak performance.
- Most stable screen image in the business. Eiki's patented post and die-cast arm eliminates vibration and ensures rock-steady images.
- All Eiki projectors incorporate significant safety features including UL listed tempered safety glass, thermal fuse, double interlock and heavy duty 3-prong power cord.
- Its not what you spend today but what you don't spend tomorrow. Eiki protects your investment by using proven, reliable components and back-up your purchase with a 3-year factory warranty.
- Super bright EVD Quartz Halogen Lamp.
- Convenient Arm Mounted Focus knob with a non-slip adjustment always keeps your image in focus.
- All Metal Body and Frame Design requires virtually no maintenance.
- Positive Alignment Fresnel and polished aluminum reflector ensures uniform reflection and even screen brightness.
