

When the result simply has to be perfect...

The durability, robustness and low wear of tools from Festool are legendary. The No Compromises!™ benefit-oriented approach that tools from Festool offer is just as legendary.

What exactly does this mean for you? Where surface finishing is concerned, Festool sanders and abrasives are the best there is. We also offer you a complete system for fitting and interior fitting, from compact saws to extremely handy cordless drills through to high-performance saw blades and drill bits.

As a specialist for perfect surfaces, for drilling and sawing, we know exactly how important the right preparation is for an optimum work result. Professional support for cutting, stirring and renovating is offered by our system partner Protool. With this system combination, you will have your day-to-day work in the workshop and on the construction site completely under control. See for yourself.

When it comes to assembly, maximum precision is what counts – and the assembly saws and cordless drills from Festool are exactly the right tools for this: compact, robust and very efficient.

The most lightweight bench trimming saw in the world – PRECISIO® CS 50

- » Perfect for assembly with a weight of just 19.5 kg
- » Tool-less FastFix saw blade changes
- » Multifunction handle: one handle with all functions integrated
- » Moving splinterguard for splinter-free cuts on both sides
- » Draw the saw blade for quick, precise cross cuts up to 300 mm wide

Scope of delivery: HW saw blade Z32, angle stop, foldaway legs, 3 x splinterguard, digital MMC electronics, extractor set, workpiece holder, operating tool
CS 50 EB, Order no. 561 195
\$1,769.00 + GST (1,945.90 inc GST)

Easier strip by strip – Compound Mitre Saw SYMMETRIC® SYM 70

- » Patented symmetrical stop system
- » Stops easy to clamp, no tools required
- » Easy angle transfer using a bevel, cutting along the bisector without making calculations

Scope of delivery: HW fine-tooth saw blade Z48, precision adjustable square, operating tool
SYM 70 E, Order no. 561 175
Price \$1,079.00 + GST (\$1,186.90 inc GST)

Cutting out wood boards and wooden material boards precisely – Plunge-cut Saw TS 55

- » Precise plunge cuts in materials up to 55 mm thick: perfect cutting to length of interior doors
- » FastFix: quick and easy saw blade changing and adaptation to the working material
- » Spring-loaded spacer wedge for unhindered plunge cuts
- » Attachable splinterguard for high-quality working results

Scope of delivery: HW fine-tooth saw blade Z 48, operating tool, guide rail FS 1400/2, 1 splinterguard, in a Systainer
TS 55 EBQ Plus-FS, Order no. 561 166
Price \$790.00 + GST (\$869.00 inc GST)

For furniture assembly and interior fitting – Cordless Drill TDK 12

- » Compact dimensions and perfect weight distribution
- » Handle with Softgrip: good ergonomics
- » Compact gear mechanism and high-performance motor with replaceable carbon brushes
- » FastFix interface for all FastFix attachments and CENTROTEC rapid tool-change system

Scope of delivery: battery charger LC 45, spare battery pack 2.4 S NiCd, CENTROTEC tool chuck, CENTROTEC spiral wood drill bit D4, CENTROTEC bit holder, FastFix chuck 13 mm, PZ 2 bit, in a Systainer
TDK 12 CE-NC 45-Plus, Order no. 564 137
Price \$426.36 + GST (\$469.00 inc GST)

All prices are RRP and valid until 31/12/2005

Drilling and screwdriving in tight spaces – Cordless Drill C 12

- » Brushless EC-TEC motor for a long service life and maximum efficiency
- » Ultra lightweight and large fastening capacity with the compact battery
- » Maximum fastening capacity and low weight with the standard battery pack
- » FastFix interface for all FastFix attachments and CENTROTEC rapid tool-change system

Scope of delivery: FastFix chuck 13 mm, CENTROTEC tool chuck, CENTROTEC spiral drill bit D4, CENTROTEC bit holder, PZ 2 bit, charger LC 45, spare battery pack C NiCd 1.3 Ah (for C 12 CE-NC-C45-Plus), or S NiCd 2.4 Ah (for C 12 CE-NC45-Plus), or S NiMH 3.0 Ah (for C 12 CE-MH45-Plus), in a Systainer

C 12 CE-NC-C45-Plus, Order no. 564 173
Price \$544.00 + GST (\$599.01 inc GST)
C 12 CE-NC45-Plus, Order no. 564 174
Price \$580.91 + GST (\$639.00 inc GST)
C 12 CE-MH45-Plus, Order no. 564 175
Price \$617.27 + GST (\$679.00 inc GST)

... and lots of power is called for.

Whether renovating or working in bare brickwork – Protool's specialist tools for painters are ideal for tough applications.

Robust drills, high-performance cutters and sanders and powerful stirring systems ensure optimum work results.

Thanks to their long service life, high power and high level of economic efficiency, our tools have now become indispensable on many construction sites and in many workshops. And the development continues: Protool's Projet, for example, is an innovative stirring system that redefines paint mixing.

And the paint only really comes into its own when applied to the perfect sublayer. With Festool we have the optimum system partner to help you with exactly this application. After all, our motto is: Strong alone. Unbeatable together. Give us a try.

Special offer

A clear view is guaranteed – UVEX safety glasses with solar glass

Show that you're a professional – with Uvex safety glasses in an exclusive Protocol design. These safety glasses protect your eyes against dust, chips and paint spray. And they look good!

» Including softcover case and replaceable solar glass; scratch-resistant on the outside, coated against mist on the inside.

Festool Uvex safety glasses, Order no. 470 209
Price \$25.00 + GST, \$27.50 inc GST

Protocol Uvex safety glasses, Order no. P28 010
Price \$25.00 + GST, \$27.50 inc GST

For a limited time only!

Offer ends 31 December 2005 or while stocks last.

Sand surfaces perfectly

Eccentric, rotary, Delta and linear sanders

Preparing wooden surfaces or other surfaces for painting and varnishing often takes longer than it does to actually paint them. Festool sanders reduce the time required to an absolute minimum – and with the DUPLEX they even do this where you previously worked by hand. And you know that time is money.

Perfect in corners and angles – Delta Sander DS 400

- » Triangle-shaped sanding pad for efficient sanding of corners and other awkward spots
- » The enclosed dustproof bearing and extremely tear-resistant MPE sanding pad ensure a long service life and maximum economic efficiency

» **Scope of delivery:** 1 StickFix sanding disc, filter adapter, StickFix sanding pad 100 x 150

DS 400 EQ, Order no. 567 556
Price \$359.00 + GST (\$394.90 inc GST)

For finishing vertically or overhead – Eccentric Sander ES 125

- » Sanding pad brake for safe, faultless work with no reworking costs
- » One-handed operation and a weight of just 1.1 kg for non-tiring work

» **Scope of delivery:** StickFix sanding pad, dia. 125 mm (soft HT), 1 StickFix sanding disc, filter adapter,

ES 125 EQ, Order no. 571 566
Price \$345.00 + GST (\$379.50 inc GST)

Small, fine profile sander – Linear Sander DUPLEX® LS 130

- » Linear motion provides an efficient alternative to manual work, eg in rebates and profiles
- » A variety of different sanding pads and abrasives are available for a wide range of applications

» **Scope of delivery:** Standard StickFix profile sanding pad, 90° profile sanding pad, 1 sanding disc 80 x 133 mm, in a Systainer

LS 130 EQ-Plus, Order no. 567 752
Price \$549.00 + GST (\$603.90 inc GST)

A smooth surface finish – Eccentric Sanders ETS 150/3 and ETS 150/5

- » Dual bearing for a long service life
- » Weighs only 1.8 kg for particularly effortless work
- » ETS 150/3 for fine sanding
- » ETS 150/5 for coarse and intermediate sanding

» **Scope of delivery:** StickFix sanding pad dia. 150 mm (soft), 1 StickFix sanding disc, filter adapter, operating tool, in a Systainer

ETS 150/3 EQ-Plus, Order no. 571 549
Price \$445.00 + GST (\$489.50 inc GST)

ETS 150/5 EQ-Plus, Order no. 571 551
Price \$445.00 + GST (\$489.50 inc GST)

NOW WITH PROTECTOR

For vertical positions and overhead work – Gear-drive Eccentric Sander ROTEX® RO 125

- » Three tools in one for coarse sanding, fine sanding and polishing
- » Dustproof gear unit for a long service life
- » Now with PROTECTOR: protects the workpiece, protects the sanding pad and protects the user

» **Scope of delivery:** StickFix sanding pad dia. 125 mm (soft HT), 1 StickFix sanding disc, Protector, in a Systainer

RO 125 FEQ Plus, Order no. 571 535
Price \$619.00 + GST (\$680.90 inc GST)

High material removal rate for large surfaces – Gear-drive Eccentric Sander ROTEX® RO 150

- » Three tools in one for coarse sanding, fine sanding and polishing
- » Dustproof gear unit for a long service life
- » High material removal rate for efficient work over larger areas

» **Scope of delivery:** StickFix sanding pad dia. 150 mm (soft HT), 1 StickFix sanding disc, operating tool, in a Systainer

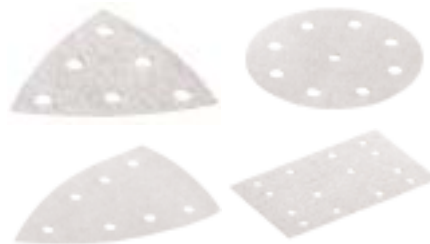

RO 150 E-Plus, Order no. 571 487
Price \$719.00 + GST (\$790.90 inc GST)

Powerful corner sander – DELTEX® DX 93

- » Maximum economic efficiency when used in corners or on small surfaces
- » Time savings thanks to quick replacement of sanding pads and abrasives using the intelligent Stickfix system

» **Scope of delivery:** sanding base, StickFix sanding pad 93 V (soft) with pushbutton, StickFix lamella sanding pad, 1 StickFix sanding disc, in a Systainer

DX 93 E-Plus, Order no. 567 201
Price \$390.00 + GST (\$429.00 inc GST)

Top all-rounder for paint and varnish – Festool Brilliant® 2 abrasive

- » Wear-resistant grit for outstanding material removal
- » Quick results for demanding tasks
- » Consistent sanding pattern thanks to dense dispersion

» Visit www.festool.com.au for more information about grits, order numbers and prices

Sanding doors and windows up to the edge – RUTSCHER® RS 400

- » An even sanding pattern and the ability to sand close to edges on three sides keeps reworking to a minimum
- » The enclosed dustproof bearing and extremely tear-resistant MPE sanding pad ensure a long service life and maximum economic efficiency

» **Scope of delivery:** 1 StickFix sanding disc, filter adapter, StickFix sanding pad 80 x 130 mm

RS 400 EQ, Order no. 567 791
Price \$359.00 + GST (\$394.90 inc GST)

Small, practical mobile dust extractor – CTL MINI

- » Very compact and lightweight, ideal for use on construction sites
- » Practical store for hose and mains cable
- » Locking brake to prevent from rolling away in the car and on the construction site

» **Scope of delivery:** 1 fitted filter bag, 1 replacement filter bag in storage compartment, 1 suction hose dia. 27 x 3.5 m-AS with rotating angle adapter for extractor end, plus cleaning kit in a Systainer

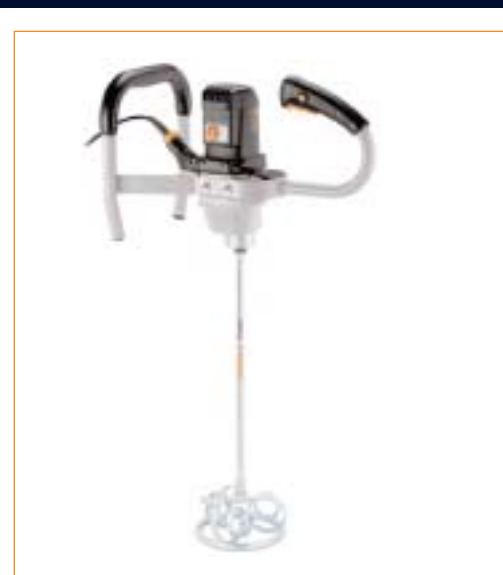

CT MINI, Order no. 583 359
Price \$540.00 + GST (\$594.00 inc GST)

Here you can really mix things up

Stirrers and mixing systems

It's all about getting the right mixture – and that is what you get from PROTOOL: powerful stirrers, intelligent control electronics and innovative mixing systems ensure that you cause a real stir in paint, varnish and plaster. In doing so, they also save you a lot of energy.

The most powerful model from Protocol: for heavy-duty stirring – MXP 1602 E

- » Powerful motor for powerful stirring action
- » For stiff and heavy material with high torque, 2-speed gears
- » The right stirring speed for any material thanks to speed control with full-wave electronics
- » Performance data: power input 1500 watts, speed (idling) 1st gear/ 2nd gear 150-300/300-650 rpm

» **Scope of delivery:** stirring rod PJ UNI 180x600 M14, 22 mm spanner

MXP 1602 E, Order no. 180 941
Price \$756.36 + GST (\$832.00 inc GST)

Specialist tool for 2-component materials can also be used with a mixing centre – MXP 1602 EQ DUO

- » Faster with less power thanks to opposing mixing tools
- » Intensive and thorough mixing process with combing action
- » FastFix system for rapid stirring rod changes
- » Robust construction-site design with powerful 1500-watt motor
- » With combi stirring rods for fluid and stiff materials or with double stirring rods for heavy materials with high viscosity.

MXP 1602 EQ DUO with HS 3 Combi,
Order no. 618 141
Price \$1,153.00 + GST (\$1,269.00 inc GST)

For heavy materials with one gear or two gears – MXP 1202 EQ

- » Powerful 1200-watt motor for powerful stirring action
- » The right stirring speed for any material thanks to speed control with full-wave electronics

» **Scope of delivery:** 22mm spanner (stirring rod available separately)

MXP 1202 E, Order no. 621 943
Price \$586.360 + GST (\$645.00 inc GST)

Powerful one-speed stirrer in the compact class – MXP 1000 EQ

- » Powerful stirring action thanks to special gear support for particularly high torque
- » Robust construction-site design with gear housing made of die-cast aluminium

» **Scope of delivery:** 22mm spanner (stirring rod not included)

MXP 1000 EQ, Order no. 623 070
Price \$362.73 + GST (\$399.00 inc GST)

Compact and robust: 1-speed compact stirrer – MXP 800 E

- » Especially handy and perfectly protected thanks to star handle with steel frame
- » Robust and durable thanks to gear housing made of die-cast aluminium

» **Scope of delivery:** 22mm spanner (stirring rod not included)

MXP 800 E, Order no. 622 298
Price \$304.55 + GST (\$335.00 inc GST)

NEW

A new definition of stirring (I) – ProJet Uni

- » Recommended for organic and mineral products; fluid, stiff and pasty materials, eg paint, plaster, mortar, screed, filler, etc.
- » Cone-shaped stirring organ with an open winding ensure intensive flow: no air inclusion and a uniform mixture

ProJet Uni 140 x 600 M14, Order no. 628 338
Price \$104.55 + GST (\$115.00 inc GST)

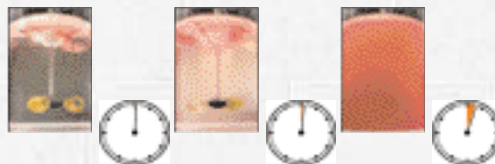

ProJet Uni 180 x 600 M14, Order no. 628 349
Price \$126.36 + GST (\$139.00 inc GST)

NEW

A new definition of stirring (II) – ProJet Color

- » Recommended for synthetic resin lacquers, water-based varnishes, dispersions, facade paints, effect coatings, 2-component varnishes, copper varnishes, stains, translucent varnishes, pastes
- » A special paint mixing system for all paint tins and paint buckets in trading unit sizes of 0.75-10 litres

ProJet Color SET, Order no. 628 793
Price \$90.00 + GST (\$99.00 inc GST)

Powerful drilling in masonry and concrete

Impact drills and rotary hammers

Solid masonry can only be mastered with lots of power. And lots of cleverness: for this reason, the Protocool impact drills and rotary hammers have not only plenty of power, they also have intelligent control electronics, which synchronise the motor power and working speed perfectly.

Specialist tool for stone and masonry with Constant Electronic – Impact Drill PDP 24-2 EAQ

- » Robust 2-speed gears in a sturdy die-cast aluminium body
- » With 1100 watts for drilling, impact drilling and screwdriving
- » Performance data: power input 1100 watts, drilling diameter (stone/steel/wood) 24/16/45 mm, weight 2.8 kg

» **Scope of delivery:** carbide-tipped "Automatic-Lock" keyless chuck, additional side-mounted hand grip, depth stop, in a Systainer

PDP 24-2 EAQ-Plus, Order no. 629 506
Price \$435.45 + GST (\$479.00 inc GST)

Versatile combi hammer for concrete in the 2 kg class – CHP 2 EQ

- » Hammer drilling, drilling, chiselling, screwdriving
- » Pneumatic hammer mechanism for high drilling performance with low contact force
- » Performance data: power input 650 watts, SDS-plus tool holder, drilling diameter in concrete/corecutters up to 24 mm/up to 66 mm

» **Scope of delivery:** additional handle, depth stop, in a Systainer

CHP 2 EQ-Plus, Order no. 628 817
Price \$408.18 + GST (\$449.00 inc GST)

Powerful lightweight tool for concrete – Rotary Hammer RHP 2 EQ

- » Especially handy for overhead work thanks to low weight and ergonomic handle
- » The handy specialist for drilling fixing holes and breakthrough holes in concrete
- » Performance characteristics: power input 620 watts, SDS-plus tool holder, drilling diameter in concrete up to 24 mm, weight 2.3 kg

» **Scope of delivery:** additional handle, depth stop, in a Systainer

RHP 2 EQ-Plus, Order no. 619 899
Price \$380.91 + GST (\$419.00 inc GST)

Thorough renovation of floors

Surface-restoration grinders and sanders

The professional tools for renovation from Protool remove plaster, adhesive and screed. And they do this with absolute reliability because the tool heads can be adapted to the material. The effective dust extraction is particularly important.

Surface-restoration grinder for large surfaces – RGP 150-15 E

- » Support base with stepless depth adjustment for safe guidance
- » Available with five tool heads for any material and dust extraction
- » Performance data: power input 1500 watts, speed (idling) 1000-2200 rpm, drive shaft D 14 mm/M6

» **Scope of delivery:** additional handle, puller, socket wrench, Systainer, tool head with pointed-shape, carbide-tipped cutter wheels

RGP 150-15 E SZ-Plus , Order no. 626 378
Price \$2,263.63 + GST (\$2,490.00 inc GST)

Floor guidance system BG-RGP 150

- » For convenient guidance of the surface-restoration grinder RGP 150-15 E on large floor surfaces

BG-RGP 150, Order no. 631 458

Compact surface-restoration grinder for walls, ceilings and floors – RGP 80-8 E

- » Support base with stepless depth adjustment for safe guidance
- » Optimum handling thanks to new "Vibrastop" additional side-mounted hand grip with polyurethane coating and especially smooth-running thanks to vibration damper
- » You can also choose from six special tool heads

» **Scope of delivery:** Vibrastop additional side-mounted hand grip, Systainer, tool head with pointed-shape, carbide-tipped cutter wheels

RGP 80-8 E SZ-Plus, Order no. 610 434
Price \$1,040.91 + GST (\$1,145.00 inc GST)

Surface-restoration sander for working right up to the edge – RGP 3

- » Three support areas on three sanding pads for safe support and easy handling
- » Tool-less detachable brush ring for working right into corners and edges
- » Optionally available with different sanding pads
- » With HM coarse grinding disk set

» **Scope of delivery:** extractor hood, additional handle, Systainer, carbide-tipped coarse sanding pad set

RGP 3 HM-Plus, Order no. 622 312
Price \$817.27 + GST (\$899.00 inc GST)

Grinding and cutting building materials, extracting dust

Angle grinders and dust extractors

Protool angle grinders are designed to ensure that absolutely everything runs smoothly: the robust and ergonomic design protects both user and tool, and the intelligent technology with Constant Electronic and Vibrastop ensure maximum running smoothness and easy handling – even under the toughest conditions.

Powerhouse for building with 2500 watts – AGP 230-25

- » Protective-cover quick adjustment for easy adaptation to different work positions
- » Quick and easy tool changes without a spanner – with spindle stop and FastFix quick-locking nut
- » Performance data: power input 2500 W, speed (idling) 6500 rpm, spindle thread M14

» **Scope of delivery:** Vibrastop additional handle, protective cover

AGP 230-25, Order no. 619 685
Price \$295.45 + GST (\$325.00 inc GST)

Handy angle grinder – AGP 115

- » Tool-less, 360° protective-cover quick adjustment for quick and easy adaptation to different work situations
- » Spindle stop for easy sanding disc changes
- » Performance data: power input 800 watts, speed (idling) 10000 rpm

Accessories and consumables not included

» **Scope of delivery:** flange set and spanner, auxiliary handle, disc guard

AGP 115, Order no. 586 447
Price \$153.64 + GST (169.00 inc GST)

The new generation of angle grinders – Angle Grinder AGP 125-14 CEQ

- » Encapsulation against aggressive stone and metal dust and temperature monitoring for a long service life
- » Constant Electronics with tachometer generator for maximum grinding performance under load
- » Convenient handling with tool-less disc changes, tool-less detachable protective cover and additional side-mounted hand grip with VIBRASTOP
- » Performance data: power input 1400 watts, speed (idling) 3500-11000 rpm

» **Scope of delivery:** FastFix quick-locking nut, Vibrastop additional handle, protective cover

AGP 125-14 CEQ, Order no. 630 455
Price \$295.45 + GST (\$325.00 inc GST)

Specialist tool for the construction site – VCP 260 E-L LLF Set with long life filter and cleaning kit

- » Appliance socket and automatic electronic switch-on with start-up and shut-off delay for convenient dust extraction on electric power tools
- » Optimum manoeuvrability thanks to compact design, wheels, rollers and a handle with space for the cable and suction hose
- » "Press & Clean" filter cleaning system
- » Set version comes with robust cleaning kit

» **Scope of delivery:** AS suction hose dia 27mm x 3.5 m with rotatable reducing sleeves, double-walled filter bag, disposal bag, AS pack, cleaning kit

VCP 260 E-L LLF, Order no. 290 234
Price \$809.09 + GST (\$890.00 inc GST)
