Mini Silver Optical Mouse – Combo Connection

Part Code: MOU-MINIOPTSILVHY

About:

Travelling with a standard office mouse often means your bag takes on new and unwanted shapes. The new mini sized 800dpi Optical mouse from Accuratus gives you the precision and the space.

Being optical it can be used on a vast variety of surfaces without affecting the performance. Add to that the soft blue illuminated scroll wheel and a contrasting silver/black chassis and you have a mouse which looks good in any company.

Downsizing the mouse can sometimes mean a lack of comfort, not so with the Accuratus Mini, it may be small but it can be used as much as its bigger brother.

Features:

- Combo Connection (USB & PS/2)
- 800dpi optical resolution
- Blue illuminated scroll wheel
- Mini in size
- Silver in colour

Dimensions:

92(L) * 49.9(W) * 29(H) mm
